Mind John R. Searle, 2004-11-01 The philosophy of mind is unique among contemporary philosophical subjects writes John Searle in that all of the most famous and influential theories are false One of the world's most eminent thinkers Searle dismantles these theories as he presents a vividly written comprehensive introduction to the mind He begins with a look at the twelve problems of philosophy of mind which he calls Descartes and Other Disasters problems which he returns to throughout the volume as he illuminates such topics as materialism consciousness the mind-body problem intentionality mental causation free will and the self The book offers a refreshingly direct and engaging introduction to one of the most intriguing areas of philosophy

The Cinema of Eric Rohmer Jacob Leigh, 2012-05-03 Since the death of the French film director Eric Rohmer in 2010 interest in his work has reignited Known as the last of the established directors in the French New Wave Rohmer took complete control over all his films acting as his own producer throughout his career and writing the scripts He also made his mark by taking the lead in casting and location scouting as French seaside resorts with beautiful young people are some of the elements present in most of his films Combining history and criticism Jacob Leigh pens the first chronological survey of this understudied filmmaker in

order to give readers clear insights into how Rohmer's films came about and what he intended them to be The book provides in depth analysis of the themes and ideas of Rohmer's twenty three feature films and illustrates the complexity of their cinematic style Leigh's study is the perfect introduction to the work of this great filmmaker for both students and the general reader

Interdisciplinary Measures Graham Huggan, 2008-01-01 Where now for postcolonial studies That is the central question in this new volume from one of the field's most original thinkers Not so long ago the driving force behind postcolonial criticism was literary increasingly however many have claimed that the future of postcolonial studies is interdisciplinary Interdisciplinary Measures thoroughly considers this alternative trajectory through the field of postcolonial studies by setting up a series of conversations among these newly postcolonial disciplines notably geography environmental studies history and anthropology and literary studies in which the imaginative possibilities of non Western epistemologies are brought to the fore

Environment and Society Erika Cudworth, 2005-08-04 At the start of the twenty first century it can be argued that human societies have a greater impact on the environment than ever before We have always been dependent upon and interacted with the natural environment However the dramatic social changes of the past three centuries have altered the form of our relationship with non human nature to the extent that some would see people planet relations as in a situation of crisis Environment and Society provides a comprehensive and critical account of the ways in which we can think about the relationship between human societies and the environments with which they interact It argues that human societies are ecologically embedded and that environments are often socially embedded and constituted It makes the different theoretical positions and empirical studies accessible to students and includes chapter outlines and summaries annotated further reading boxed case studies and discussion points

Environmentalism and Cultural Theory Kay Milton, 2002-09-11 The last decade has seen a dramatic increase in the attention paid by social scientists to environmental issues and a gradual acknowledgement in the wider community of the role of social science in the public debate on sustainability At the same time the concept of culture once the property of anthropologists has gained wide currency among social scientist These trends have taken place against a growing perception among specialist and public of the global nature of contemporary issues This book shows how an understanding of culture can throw light on the way environmental issues are perceived and interpreted both by local communities and within the contemporary global arena Taking an anthropological approach the book examines the relationship between human culture and human ecology and considers how a cultural approach to the study of environmental issues differs from other established approaches in social science This book adds significantly to our understanding of environmentalism as a contemporary phenomenon by demonstrating the distinctive contribution of social and cultural anthropology to the environmental debate It will be of particular interest to students and researchers in the fields of social science and the environment

Canopy Cities Timothy Beatley, 2023-12-21 This book provides a comprehensive overview of the essential role of trees and forests in cities and examines the creative

approaches cities around the world are taking to protect trees and expand their urban forests Moving beyond the view that trees are luxuries and therefore non essential to the life of a city the book examines urban tree policies and approaches that foster tree protection including tree codes and bylaws and calls for greater community engagement to preserve this important facet of urban life Through an international range of examples and case studies featuring cities in the United States Canada Singapore the Netherlands Australia France New Zealand Mexico Sierra Leone and the United Kingdom The book offers best practice examples where trees have been further integrated into the fabric of urban planning and design including forested towers interior rainforests tiny urban forests and metropolitan forests Written by a leading authority in the field this is a fascinating read for researchers students and practitioners in urban planning landscape architecture and environmental policy and planning

For the Love of Mary Christopher Meades, 2016-05-01 Fifteen year old Jacob feels almost on the inside almost smart almost funny almost good looking almost worthy of falling in love His sister is too busy dating guys in Whitesnake jackets to notice and his best friend is occupied with his own painful pubescent crisis Jacob's mother has just started a curious and rather un-Christian holy war with the church across the street while his father has secretly moved into the garage Everything changes when Jacob meets Mary Jacob thinks Mary is the most beautiful girl in the world If only Mary's father wasn't the minister at the enormous rival church If only she wasn't dating a youth pastor with pristine white teeth and impeccably trimmed hair If only Jacob could work up the courage to tell Mary how he feels As the conflict between the churches escalates a peeping Tom prowls the neighborhood a bearded lady terrorizes unsuspecting Dairy Queen customers a beautiful young girl entices Jacob into a carnal romp in a car wash and the church parishioners prepare their annual re-enactment of Operation Desert Storm For the Love of Mary is sidesplitting satire with a surprising amount of heart
