history and contested postcolonial condition   <u>Insurgency Online</u> Michael Y. Dartnell,2006-12-15 In Insurgency Online Michael Dartnell focuses on a new form of conflict made possible by global communications The Internet Dartnell argues is affecting extensive changes to the way politics are carried out by inserting a range of non state actors onto the global political stage He demonstrates that Web activism raises issues about the organization of societies and the distribution of power and contends that the development of online activism has far reaching social and political implications with parallels to the influence of the invention of the printing press the telegraph and the radio Dartnell concentrates on Web activists who use the Net as a media tool distinguishing this use from information terrorism which threatens or harasses through hacking or electronic sabotage Using the examples of the Revolutionary Association of the Women of Afghanistan RAWA which opposed the Taliban the Peruvian Movimento Revolucionario Tupac Amaru MRTA and its campaign against the Fujimori government and the Irish Republican Socialist Movement IRSM Dartnell evaluates the political implications and general character of Web activism among non state actors Insurgency Online shows that online activism is a ripe new territory for non governmental actors to raise awareness and develop support around the world   **Plural Identities--singular Narratives** Máiréad Nic Craith,2002 Northern Ireland is frequently characterised in terms of a two traditions paradigm representing the conflict as being between two discrete cultures Demonstrating the reductionist nature of this argument this book highlights the complexity of reality   *Material Conflicts* Neil Jarman,2020-08-04 The deep and abiding sectarian divide splintering Northern Ireland has been the focus of considerable attention recently In particular the role parades and visual displays play in underscoring opposition has come into the spotlight with the emergence of heightened tensions close on the heels of a tentative peace Providing penetrating insights into the historical roots of Northern Ireland s ethnic hostilities this timely book explores the role of images and material culture in shaping present attitudes Ritual identity class and memory are shown to be potent forces informing trenchant animosities animosities which are visually reflected in banners and murals for unionists and nationalists alike The pivotal role of the Twelfth of July parade in Belfast when an estimated 100 000 either parade or watch the Orangemen is highlighted Anyone interested in the future of Northern Ireland and concerned about escalating conflict across the globe will warmly welcome this impressive study
