## Seeking Gods Hidden Face When God Seems Absent:

*Seeking God's Hidden Face* Cecil Murphey, 2001 Cecil Murphey shares the personal story of his journey out of spiritual darkness in this book that offers comfort and encouragement for those times when God seems so absent from our lives

**BROKEN TO REDEEMED MANHOOD RESTORED** Edward Nurge, 2024-11-13 Broken to Redeemed Manhood Restored is meant for anyone who's asked questions like how do I deal with my emotions or relationships in healthy ways Okay I know I'm not in the best place because of fear pain or shame but how do I move forward Why does my past keep holding me back What's the benefit of counseling or support groups Are they enough I'm ready to give up on church or a relationship with Mom or Dad or a friend what can I do Nothing is held back in poetry as I wrestle with God with my feelings and thoughts and with my desires to heal and become whole It includes insights from other authors too in living as a single adult along with the difference between facade and persona It should be encouraging for anyone who is healing or knows someone who is healing from life's setbacks

**Religion** Christian Smith, 2019-03-26 A groundbreaking new theory of religion Religion remains an important influence in the world today yet the social sciences are still not adequately equipped to understand and explain it This book advances an innovative theory of religion that goes beyond the problematic theoretical paradigms of the past Drawing on the philosophy of critical realism and personalist social theory Christian Smith explores why humans are religious in the first place uniquely so as a species and offers an account of secularization and religious innovation and persistence that breaks the logjam in which religious scholarship has been stuck for so long Certain to stimulate debate and inspire promising new avenues of scholarship Religion features a wealth of illustrations and examples that help to make its concepts accessible to readers This superbly written book brings sound theoretical thinking to a perennially thorny subject and a new vitality and focus to its study

*What Can Be Known About God Is Plain* Tyler Taber, 2024-12-16 Why is God's existence not more obvious Why does he seem hidden This is commonly known as the Problem of Divine Hiddenness In What Can Be Known about God is Plain Tyler Taber seeks to elucidate these questions from a Christian perspective Drawing from the work of noted Christian philosopher Alvin Plantinga Taber addresses the Problem of Divine Hiddenness with theological acumen as well as with resources from the Reformed tradition Taber argues that the problem has an answer when these questions are analyzed in conjunction with Plantinga's epistemology and alongside certain Reformed doctrines for instance the doctrines of general revelation sin's noetic effects the internal witness of the Holy Spirit and so forth

God's Absence and the Charismatic Presence Roy D. Kindelberger, 2017-05-17 The author's theological inquiry is intended to raise questions of

interpretation within the camp of openness theology and to direct a discussion on the implications of this movement for the charismatic Pentecostal community Open theism or openness theology affirms that the universe is open the future is not settled God is essentially relational love and the risks of love and the threats against it are real The author digs deep into this area of doctrine in order to question how far openness theology is willing to go Is it only the future that is open to God or are there perhaps unknown aspects to the past and present as well What does God know about sin and when does he know it Is it possible for God to be totally absent from a person's life or even from an entire nation If God can be absent can he also be exceptionally present in the lives of believers What would the divine presence and the charismata spiritual ministries look like in an open universe

Finding Jesus in the Storm John Swinton, 2020-09-22 People living with mental health challenges are not excluded from God's love or even the fullness of life promised by Jesus Unfortunately this hope is often lost amid the well meaning labels and medical treatments that dominate the mental health field today In Finding Jesus in the Storm John Swinton makes the case for reclaiming that hope by changing the way we talk about mental health and remembering that above all people are people regardless of how unconventionally they experience life Finding Jesus in the Storm is a call for the church to be an epicenter of compassion for those experiencing depression schizophrenia bipolar disorder and related difficulties That means breaking free of the assumptions that often accompany these diagnoses allowing for the possibility that people living within unconventional states of mental health might experience God in unique ways that are real and perhaps even revelatory In each chapter Swinton gives voice to those experiencing the mental health challenges in question so readers can see firsthand

what God's healing looks like in a variety of circumstances The result is a book about people instead of symptoms description instead of diagnosis and lifegiving hope for everyone in the midst of the storm *Central and Eastern European Bible Commentary* Corneliu Constantineanu, Peter Penner, 2024-07-31 Available in the EU from Excelsis at <https://www.xl6.com/articles/9781783688227> central and eastern european bible commentary The Central and Eastern European Bible Commentary is a groundbreaking multi year work and the first full Bible commentary to come out of Central and Eastern Europe The aim of this resource is to provide a contemporary contextually relevant church based commentary written exclusively by biblical scholars from the region Rooted in scholarship while also written in clear and accessible language this commentary will appeal to Christians everywhere This resource will help pastors preachers teachers and lay leaders to interpret and apply biblical truths in the rapidly changing contexts of their lives and faith communities Features Central and Eastern European contextual theological applications of biblical teaching Over 100 articles addressing issues pertaining to our life as Christians in the twenty first century Clear accessible language which will appeal to Christians everywhere

*Hide and Seek* Benson P. Fraser, 2020-07-21 As bearers of the divine image all of us are storytellers and artists However few people today believe in truth that is not empirically knowable or verifiable the sort of truth often trafficked through direct forms of communication Drawing on the works of Søren Kierkegaard Benson P Fraser challenges this penchant for direct forms of knowledge by introducing the indirect approach which he argues conveys more than mere knowledge but the capability to live out what one takes to be true Dr Fraser suggests that stories aimed at the heart are powerful instruments for personal and social change because they are not focused directly on the individual listener rather they give the individual room or distance to reconsider old meanings or ways of understanding Indirect communication fosters human transformation by awaking an individual to attend to images or words that carry deep symbolic force and that modify or replace one's present ways of knowing and ultimately make one capable of embodying what he or she believes Through an examination of the indirect approach in Kierkegaard Jesus C S Lewis and Flannery O Connor Fraser makes a strong case for the recovery of indirect strategies for communicating truth in our time *Luther's Outlaw God* Steven D. Paulson, 2018-09-01 In this first of three volumes addressing Luther's outlaw God Steven D Paulson considers the two monsters of theology as Luther calls them evil and predestination He explores how these produce fear of God but can also become the great and only comforts of conscience when a preacher arrives Luther's new distinction between God as he is preached and God without any preacher absolutely frightened all of the schools of theology that preceded it and for that matter all that followed Luther as well That fear coalesced in various opponents like Eck and Latomus but in a special way in Desiderius Erasmus For Paulson bad theology begins with bad preaching and since the church is what preaching does bad preaching hides the church under such a dark blanket that it can hardly be detected He argues that the primary distinction of naked clothed or unpreached preached radiates out in all directions for Luther's theology and shows what difference this makes for current preaching

Specifically Paulson takes up the central question of all theology and life What is God's relation to the law and the law's relation to God Luther's answers are surprising and will change the way you preach *Clothed in Nothingness* Leonard M. Hummel, *Clothed in Nothingness* provides practical and theological considerations for pastoral care and insights from the Lutheran tradition for coping with suffering **Job** Steven Chase, 2013-01-01 In this volume of the Belief series Steven Chase brings the book of Job to life as its issues connect with our lives today The ideas and questions of theodicy divine justice and divine power that arise and challenge Job's life still resonate with us today Chase's commentary wrestles theologically with these issues and many others raised in the biblical text but it also probes the depths of spiritual theology in the book of Job Literary Structures of Religious Meaning in the Qur'ān Issa J. Boullata, 2000 This text examines the literary elements in the Qur'an and analyses how they function in conveying its religious message effectively *Wisdom's Wonder* William P. Brown, 2014-03-11 *Wisdom's Wonder* offers a fresh reading of the Hebrew Bible's wisdom literature with a unique emphasis on wonder as the framework for understanding biblical wisdom William Brown argues that wonder effectively integrates biblical wisdom's emphasis on character formation and its outlook on creation breaking an impasse that has plagued recent wisdom studies Drawing on various disciplines from philosophy to neuroscience Brown discovers new distinctions and connections in Proverbs Job and Ecclesiastes Each book is studied in terms of its view of moral character and creation as well as in terms of the social or intellectual crisis each book identifies Most general treatments of the wisdom literature spend too much time on issues of genre poetry and social context at the neglect of discussing the intellectual and emotional power of the wisdom corpus Brown argues that the real power of the wisdom corpus lies in its capacity to evoke the reader's sense of wonder An extensive revision and expansion of Brown's *Character in Crisis* Eerdmans 1996 this book demonstrates that the wisdom books are much more than simply advice literature with wonder as the foundation for understanding Brown maintains that wisdom is a process with transformation of the self as the goal *The Presence and Absence of God* Ingolf U. Dalferth, 2009 Safeguarding the distinction between God and world has always been a basic interest of negative theology But sometimes it has overemphasized divine transcendence in a way that made it difficult to account for the sense of God's present activity and experienced actuality Criticisms of the Western metaphysics of presence have made this even more difficult to conceive On the other hand there has been a widespread attempt in recent years to base all theology on religious experience the Christian church celebrates God's presence in its central sacraments of baptism and Eucharist process thought has re-conceptualized God's presence in panentheistic terms and some have argued that God might be poly-present not omnipresent But what does it mean to say that God is present or absent For Jews Christians and Muslims alike God is not an inference an absentee entity of which we can detect only faint traces in our world On the contrary God is present reality indeed the most present of all realities However belief in God's presence cannot ignore the widespread experience of God's absence Moreover there is little sense in speaking of God's absence if it cannot be

distinguished from God's non presence or non existence So how are we to understand the sense of divine presence and absence in religious and everyday life This is what the essays in this volume explore in the biblical traditions in Jewish and Christian theology and philosophy and in contemporary philosophy of religion *The Westminster Theological Wordbook of the Bible* Donald E. Gowan, 2003-01-01 In *The Westminster Theological Wordbook of the Bible* an outstanding group of biblical scholars explain key theological and ethical words of the Bible New Revised Standard Version In its exploring groups of related words and drawing the reader into the meanings of the original Hebrew Aramaic and Greek Gowan's Wordbook will prove immensely helpful in understanding important terms such as Just Kingdom of God Resurrection and Son of Man

**Apologetics Study Bible for Students** Sean McDowell, Holman Bible Publishers, 2010-02-01 Like the acclaimed Apologetics Study Bible that has sold 115 000 copies the Apologetics Study Bible for Students will anchor younger Christians in the truths of Scripture by equipping them with thoughtful and practical responses for whenever the core issues of their faith and life are challenged Multiple research studies have shown that spiritual focus often weakens among teenagers as they head into the attention dividing realm of young adulthood Up to 66% of them leave church altogether The Apologetics Study Bible for Students works against that trend by helping this audience begin to better articulate its beliefs In addition to the complete HCSB text and dozens of articles collected from today's most popular youth leaders including general editor Sean McDowell this new study Bible also includes Two color design intensive layout on every page for the visual generation Sixty Twisted Scriptures explanations Fifty Bones Dirt entries archaeology meets apologetics Fifty Notable Quotes Twenty five Tactics against common anti Christian arguments Twenty Personal Stories of how God has worked in real lives Twenty Top Five lists to help remember key apologetics topics
