Walther, 2015-09-21 Throughout the nineteenth and early twentieth centuries as Americans increasingly came into contact with the Islamic world U S diplomatic cultural political and religious beliefs about Islam began to shape their responses to world events In Sacred Interests Karine V Walther excavates the deep history of American Islamophobia showing how negative perceptions of Islam and Muslims shaped U S foreign relations from the Early Republic to the end of World War I Beginning with the Greek War of Independence in 1821 Walther illuminates reactions to and involvement in the breakup of the Ottoman Empire the efforts to protect Jews from Muslim authorities in Morocco American colonial policies in the Philippines and American attempts to aid Christians during the Armenian Genocide Walther examines the American role in the peace negotiations after World War I support for the Balfour Declaration and the establishment of the mandate system in the Middle East The result is a vital exploration of the crucial role the United States played in the Islamic world during the long nineteenth century an interaction that shaped a historical legacy that remains with us today The Biblical Repertory and Princeton Review ,1852 Catalogue of Printed Books in the Library of

the British Museum British Museum. Department of Printed Books, 1886 A Bibliography of the State of Maine from the The Monroe Doctrine and the Greek Revolution Aristotle Earliest Period to 1891 Joseph Williamson, 1896 Tziampiris, 2023-07-20 This book attempts to explain why despite widespread popular support the Greek Fire in the United States of America for the Greek Revolution the promulgation in 1823 of the Monroe Doctrine led to Washington D C s non recognition of the Hellenic efforts It examines the origins and tradition of the diplomatic doctrine of neutrality and argues that the Monroe Doctrine represents its full realization The new foreign policy doctrine is placed within its proper diplomatic framework while the role of Secretary of State John Quincy Adams is highlighted What remains remarkable is how high on the U S policy agenda the Greek War of Independence was and how close it came to being politically vindicated The epilogue of this book demonstrates based on specific historical episodes that the Greek Fire and the Monroe Doctrine set in many ways the political framework that came to define Hellenic American relations for almost the next two centuries Englander and Yale Review Edward Royall Tyler, William Lathrop Kingsley, George Park Fisher, Timothy Dwight, 1851 The New Englander ,1851 Bibliotheca Sacra and Theological Review ,1852 The Works of President The Bibliotheca Sacra and American Biblical Repository, 1852. Edwards Jonathan Edwards, 1830 The Common School Awakening David Komline, 2020-08-24 A statue of Horace Mann erected in front of the ,1852 Boston State House in 1863 declares him the Father of the American Public School System For over a century and a half most narratives about early American education have taken this epithet as the truth As Mann looms over the Boston Common so he has also loomed over discussions of early American schooling Other scholarship has emphasized economic factors as the main reason for the emergence of public schools The Common School Awakening offers a new narrative about the rise of public schools in America that counters these conceptions In this book David Komline explains how a broad and distinctly American religious consensus emerged in the first half of the nineteenth century allowing people from across the religious spectrum to cooperate in systematizing and professionalizing America's schools in an effort to Christianize the country At the height of this movement several states introduced state sponsored teacher training colleges and concentrated government oversight of schools in offices such as the one held by Mann Shortly thereafter the religious consensus that had served as the foundation for this common school system disintegrated But the system itself remained the legacy of not just one man but of a whole network of reformers who put into motion a transatlantic and transdenominational religious movement the Common Catalogue of the American books in the library of the British museum at Christmas mdccclvi.
