and small Perhaps precisely because we believe in bettering ourselves and our circumstances in life we ask for guidance constantly And this has been true since our nation s earliest days from the colonial era on there have always been people eager to step up and offer advice some of it lousy some of it thoughtful but all of it read and debated by generations of Americans Jessica Weisberg takes readers on a tour of the advice givers who have made their names and sometimes their fortunes by telling Americans what to do You probably don t want to follow all the advice they proffered Eating graham crackers will not make you a better person and wearing blue to work won t guarantee a promotion But for all that has changed in American life it s a comfort to know that our hang ups fears and hopes have not We ve always loved seeking advice so long as it s anonymous and as long as it s clear that we re not asking for ourselves we re just asking for a friend
