**Philosophy After Hiroshima** Fred Dallmayr, 2020-05-15 Philosophy after Hiroshima offers a philosophical analysis of the issues surrounding war and peace and their challenges to ethics It reminds us that the threat posed to civilization by nuclear weapons persists as does the need for continuing philosophical reflection on the nature of war the problem of violence and the need for a workable ethics in the nuclear age The book recalls the atomic bombings of Hiroshima and Nagasaki as the beginning of the nuclear age the Cold War and subsequently of the hegemonic unilateralism of the sole superpower Reviewing early critical responses to the first atomic bombings by such figures as Camus Sartre Russell Heidegger Jaspers and others the authors themselves respond to contemporary threats to peace including the US global war on terrorism the resurgence of militarism and the continuation of imperial power politics by other means In the nuclear age the use of military force as a political instrument threatens the future of humanity This poses formidable challenges to philosophy and calls for its transformation In using memories of the atomic bombings to help us to grasp the moral implications of the current escalation of global violence the authors hope to show the urgent relevance of nonviolence in the

P.

Cavafy, 1992-09-28 C P Cavafy 1863 1933 lived in relative obscurity in Alexandria and a collected edition of his poems was not published until after his death Now however he is regarded as the most important figure in twentieth century Greek poetry and his poems are considered among the most powerful in modern European literature Here is an extensively revised edition of the acclaimed translations of Edmund Keeley and Philip Sherrard which capture Cavafy's mixture of formal and idiomatic use of language and preserve the immediacy of his frank treatment of homosexual themes his brilliant re-creation of history and his astute political ironies The resetting of the entire edition has permitted the translators to review each poem and to make alterations where appropriate George Savidis has revised the notes according to his latest edition of the Greek text About the first edition The best English version we are likely to see for some time James Merrill *The New York Review of Books* Keeley and Sherrard have managed the miracle of capturing this elusive inimitable unforgettable voice It is the most haunting voice I know in modern poetry Walter Kaiser *The New Republic* [Enough to Say It's Far](#) Chaesam

Pak, 2006-07-23 This is the first English translation of selected poems by one of the most important and unusual modern poets of South Korea In contrast to the strident political protests found in the poetry of many of his contemporaries Pak Chaesam's work is characterized by intimate portraits of place nature childhood and human relationships and by indirection nostalgia and reflectiveness Often focused upon the border of this world and some other Pak writes with a sparseness of presentation but a cornucopia of imagery meticulously exploring objective and subjective realms of existence and memory Encouraging the reader to see and listen and to allow the sensory to reshape the analytical Pak's poetry opens up new realms of experience A fellow Korean poet described Pak's poetry as being the most exquisite expression of the Korean sense of han or melancholy **In Hora Mortis / Under the Iron of the Moon** Thomas Bernhard, 2024-05-14 Haunting and darkly

humorous poems by the internationally acclaimed Austrian novelist playwright and memoirist Thomas Bernhard 1931 1989 has been compared to Kafka and Beckett and critics have ranked his novels among the masterpieces of the twentieth century But in fact he began his career in the 1950s as a poet publishing three books of well received verse before turning to fiction In *In Hora Mortis Under the Iron of the Moon* is the first book of his expressionist like poetry to be published in English Bringing together Bernhard's second and third books of poetry the collection's short untitled lyrics reveal his early explorations of themes that would continue to preoccupy him in his novels plays and other writings especially his intense ambivalence toward the land and people of Austria and their then recent Nazi past As the translator James Reidel writes in his preface Bernhard found Austrian soil to be like a hair shirt and a blanket It is a killing ground but with a postcard setting In poems that both subvert and pay homage to such influences as Georg Trakl Bernhard begins to develop his characteristic dark humor while exploring themes of nature death meaninglessness and faith *The Greener Meadow* Luciano Erba, 2007
