Lords Of Corruption:

Lords of Corruption Kyle Mills, 2009-03-24 When an obscure charity recruits Josh Hagarty to manage their activities in a wartorn region of Africa he is eager to sign on and atone for a past he regrets After a lifetime of bad luck someone is finally giving him a chance All he has to do is not blow it He tries to lose himself in his new job but soon the precariousness of his situation becomes impossible to ignore Gideon the man assigned to guide him through the dangerous and exotic world he s been thrust into is revealed to be a psychotic thug with ties to the country s genocidal dictator And Josh s predecessor didn t quit as Josh had been led to believe but was found dismembered in the jungle after asking questions that no one wanted answered Worse yet Josh eventually realizes he has become an unwitting player in a billion dollar conspiracy with tentacles snaking across the globe Escape is impossible the only way out is to bring the whole institution down With the help of Annika Gritdal a beautiful Scandinavian aid worker and journalist JB Flannary Josh pits himself against an American criminal organization backed by a dictator who is virtually omnipotent within the borders of his country As his own survival becomes less and less likely Josh realizes that his life is just one of thousands perhaps millions at stake Lords of Corruption

Corruption Robert I. Rotberg, Fen Osler Hampson, 2024-08-30 This book examines the nature causes and consequences of grand corruption showing how it can be assessed measured and attacked from within and without The volume brings together in a single definitive text some of the best analyses on how to measure the costs of grand corruption and dissects the legal approaches and institutions to counter grand corruption and kleptocracy Through a series of compelling country case studies the book explores how corrupt political elites and public officials have stolen from the public purse for personal gain at the expense of their own people and their country s social and economic development It also highlights the role of financial and legal intermediaries in the West in laundering these ill gotten gains The volume then explores the impact of existing legal constraints on controlling corruption some of which are still in the evolutionary stage of development It draws lessons from different national attempts to control corruption as well as regional and international initiatives The final
