Simon, 2023-04-11 In a tiny village in Italy the self appointed mayor and vacuum cleaner repairman Signor Speranza will do anything he can to save his beloved town When he learns that the water is going to be cut off in sixty days unless he can come up with some quick cash he tries to boost tourism by spreading a harmless rumor that major movie star Dante Rinaldi is planning to film a movie in the village The plan works a little too well and soon everyone wants to be a part of the fictional movie Village butcher Signor Maestro will even invest in the film if Signor Speranza can find roles for each of his fifteen enormous sons Speranza soon realizes that the only way to keep the momentum going is to actually make the movie assuring the villagers that Dante is on his way Luckily his hapless assistant Smilzo happens to have written a screenplay not so secretly based on his undying love for the film's leading lady As the entire town becomes involved in the movie even the village priest invests Signor Speranza starts to think he might be able to pull this off until word reaches Dante Rinaldi's ears

Espionage & Mystery Novels William Le Queux, 2022-05-17 In Espionage he crafted narratives that blurred the lines between reality and fiction often reflecting contemporary fears and curiosities about national security and identity I wholeheartedly recommend Espionage Mystery Novels to enthusiasts of historical fiction and fans of spy literature alike Le Queux's pioneering take on espionage provides not just entertainment but also a fascinating lens through which to examine the complexities of international relations and human motives Discover the thrill of covert operations and the tension of concealed truths and engage with an author who laid foundational stones for the genre *The Fiction of Hortense Calisher* Kathleen Snodgrass, 1993 Hortense Calisher is the author of eleven novels six collections of stories or novellas and two memoirs The publication of her first book of short stories *In the Absence of Angels* 1951 marked the debut of an important writer For the past forty years her works have been consistently and widely reviewed Calisher has long been celebrated and censured as a writer's writer a consummate stylist with an impressive range of subjects Despite that range however Calisher

s works possess a thematic coherence that has eluded critical notice For more than forty years she has spun out variations on the motif of rites of passage and of extradition Her protagonists may yearn for stasis for a firmly manageable reality but finally emerge into a world where change is the only constant In *The Fiction of Hortense Calisher* the first book length study of Calisher s work Kathleen Snodgrass demonstrates this theme s dominance Following an introduction that provides biographical and critical background she explores similarities in the structure of Calisher s works grouping them together to illuminate both the general motif and its distinctive variations In the first chapter *Bridging the Gulf* The Autobiographical Stories Snodgrass arranges Calisher s early stories into a biographically chronological order a coherent narrative emerges that dramatizes Hester Elkin s rites of passage from childhood through adolescence to early adulthood Hester Elkin is only the first of a succession of Calisher s protagonists to embrace life as an open ended journey In chapter 2 Snodgrass examines four Calisher novels that have in common tumultuous transitions from adolescence to adulthood In Calisher an essential part of that rite of passage is a coming down from the heights of theorizing and fantasy into a willingness to grapple with mundane adult realities Chapter 3 *False Entries* focuses on two companion novels in which the central drama is the painful transition from stasis to movement Subsequent chapters focus on two very different types of movement *Solo Flights* deals with characters sloughing off conventional lives like dead skins and setting off alone while *Re Entries* examines the opposite movement here Calisher s characters re enter what she has termed the great enclosure of the norm Later chapters discuss Calisher s two novels of space travel works in which the primary voyage is psychic rather than physical and works dealing with the voyaging life well into old age In her conclusion *Calisher s Monologuing Eye* Snodgrass demonstrates the inseparability of style and theme in Calisher s works Both stylistically and thematically Calisher repudiates a predictably linear progression through life If her style is as some critics have remarked dense and elliptical so too is her experience of the world She leaves it to others to duplicate a received reality choosing instead to take soundings on a world in flux
