The Lost Art of Real Cooking Ken Albala, Rosanna Nafziger Henderson, 2010-07-06 It s time to take back the kitchen It s time to unlock the pantry and break free from the shackles of ready made industrial food It s time to cook supper The Lost Art of Real Cooking heralds a new old fashioned approach to food laborious and inconvenient yet extraordinarily rewarding and worth bragging about From jam yogurt and fresh pasta to salami smoked meat and strudel Ken Albala and Rosanna Nafziger arm you with the knowledge and skills that let you connect on a deeper level with what goes into your body Ken and Rosanna celebrate the patience it takes to make your own sauerkraut and pickles They divulge the mysteries of capturing wild sourdoughs and culturing butter the beauty of rendering lard making cheese and brewing beer all without the fancy toys that take away from the adventure of truly experiencing your food These foods were once made by the family in the home rather than a factory And they can still be made in the smallest kitchens without expensive equipment capturing flavors that speak of place and personality What you won t find here is a collection of rigid rules for the perfect meal Ken and Rosanna offer a wealth of recipes history and techniques that start with the basics and evolve into dishes that are entirely your own

The Lost Art of Feeding Kids Jeannie Marshall, 2015-05-05 A lively story of raising a child to enjoy real food in a processed world and the importance of maintaining healthy food cultures Why is it so easy to find sugary cereals and dinosaur shaped chicken nuggets in a grocery store but so hard to shop for nutritious simple food for our children If you ve ever wondered this you re not alone But it might surprise you to learn that this isn t just an American problem Packaged snacks and junk foods are displacing natural home cooked meals throughout the world even in Italy a place we tend to associate with a healthy Mediterranean diet Italian children traditionally sat at the table with the adults and ate everything

from anchovies to artichokes Parents passed a love of seasonal regional foods down to their children and this generational appreciation of good food turned Italy into the world culinary capital we've come to know today When Jeannie Marshall moved from Canada to Rome she found the healthy food culture she expected However she was also amazed to find processed foods aggressively advertised and junk food on every corner While determined to raise her son on a traditional Italian diet Marshall sets out to discover how even a food tradition as entrenched as Italy's can be greatly eroded or even lost in a single generation She takes readers on a journey through the processed food and marketing industries that are re-manufacturing our children's diets while also celebrating the pleasures of real food as she walks us through Roman street markets gathering local ingredients from farmers and butchers At once an exploration of the US food industry's global reach and a story of finding the best way to feed her child *The Lost Art of Feeding Kids* examines not only the role that big food companies play in forming children's tastes and the impact that has on their health but also how parents and communities can push back to create a culture that puts our kids health and happiness ahead of the interests of the food industry

Historical Brewing Techniques Lars Marius Garshol, 2020-04-30 Ancient brewing traditions and techniques have been passed generation to generation on farms throughout remote areas of northern Europe. With these traditions facing near extinction, author Lars Marius Garshol set out to explore and document the lost art of brewing using traditional local methods. Equal parts history, cultural anthropology, social science, and travelogue, this book describes brewing and fermentation techniques that are vastly different from modern craft brewing and preserves them for posterity and exploration. Learn about uncovering an unusual strain of yeast called kveik which can ferment a batch to completion in just 36 hours. Discover how to make keitinis by baking the mash in the oven. Explore using juniper boughs for various stages of the brewing process. Test your own hand by brewing recipes gleaned from years of travel and research in the farmlands of northern Europe. Meet the brewers and delve into the ingredients that have kept these traditional methods alive. Discover the regional and stylistic differences between farmhouse brewers today and throughout history.

Grain and Fire Rebecca Sharpless, 2022-03-17 While a luscious layer cake may exemplify the towering glory of southern baking, like everything about the American South, baking is far more complicated than it seems. Rebecca Sharpless here weaves a brilliant chronicle, vast in perspective and entertaining in detail, revealing how three global food traditions—Indigenous American, European, and African—collided with and merged in the economies, cultures, and foodways of the South to create what we know as the southern baking tradition. Recognizing that sentiments around southern baking run deep, Sharpless takes delight in deflating stereotypes as she delves into the surprising realities underlying the creation and consumption of baked goods. People who controlled the food supply in the South used baking to reinforce their power and make social distinctions. Who used white cornmeal and who used yellow? Who put sugar in their cornbread and who did not? Had traditional meanings for southerners as did the proportions of flour, fat, and liquid in biscuits. By the twentieth century, however, the popularity of convenience foods and mixes exploded in the region as it did nationwide. Still, while some regional distinctions have waned, baking in the South continues to be a remarkable and remarkably tasty source of identity and entrepreneurship.
