Classics Apocalyptic Tales is a monumental anthology that spans a wide arc of speculative fiction's history showcasing the breadth and depth of the genre. Within its pages, readers will find a rich tapestry of themes ranging from the exploration of unknown realms and futuristic dystopias to thought-provoking apocalyptic visions and intricate space odysseys. The collection boasts an impressive diversity in literary styles, from the poetic prose of Mary Shelley to the sharp-edged narratives of H.P. Lovecraft, each work contributing to the anthology's exploratory spirit and its examination of humanity's place in the universe. Esteemed pieces, whether they foreground the mysteries of outer space or the speculative technologies of an imagined future, underscore the anthology's significance as a comprehensive repository of speculative fiction's most compelling narratives. The contributing authors and editors, including luminaries such as Jules Verne, H.G. Wells, and Edgar Allan Poe, represent a remarkable cross-section of the genre's evolution, tracing its roots and expansions. Their collective contributions not only align with but also have shaped historical, cultural, and literary movements within the speculative genre. From gothic horror's influence on the evolution of dystopian narratives to the incipient seeds of what would become known as science fiction in the works of Verne and Wells, these varied voices come together to enrich and expand the reader's understanding of speculative fiction. The anthology thereby serves as a vital confluence of visionary thinkers whose works have laid the groundwork for and continue to inspire the genre's future direction. Readers are encouraged to delve into this unparalleled collection, an invitation to journey through the manifold universes created by some of speculative fiction's most visionary minds. The Sci-Fi Box Set is not merely an anthology but a gateway to exploring the vast possibilities of the genre, offering educational value, a breadth of insights, and the delight of witnessing the dialogue between different epochs and voices within science fiction. It stands as an essential volume for anyone eager to witness the scope and evolution of speculative narratives, making it a must-read for enthusiasts and scholars alike.

Lost in Space: Return to Yesterday Kevin Emerson, 2019-11-19 A thrilling original novel based on Netflix's smash hit *Lost in Space*. This all-new story focuses on 11-year-old Will Robinson and his closest friend and greatest protector, a mysterious Robot with a dangerous past. Thirty years in the future, Earth has become increasingly more uninhabitable, and a group of colonists, including Will, his two teenage sisters, and their parents, travels across the galaxy to establish a new home. But when the ship is attacked, the Robinsons are stranded on an alien planet where they must contend with disastrous technical issues, a hostile environment, and dangerous personalities to get off-world and reach their colony. One day while exploring a remote complex of caves, with his Robot, Will discovers a strange portal that allows him to travel back to Earth to a time before the Robinsons left on their mission. Realizing the portal could be a way for the colonists to escape the planet and finally make their way to their new home, Will and his sisters decide to investigate it, triggering a series of events that not only changes their reality but threatens the group's very existence. With the beings who created the portal in pursuit, Will must find a way to right the wrongs of the past and save his family's future. 2019 Legendary All Rights Reserved
