Grandmaster **The Spectator** ,1986 *Kings, Commoners and Knaves* Edward Winter,1999 A cornucopia of games positions biographies mysteries howlers reviews quotations etc featuring a cast of hundreds from the chess world of today and yesteryear the champions and the under achievers the scholars and the bunglers the saints and the sinners Every page provides fascinating little known material from an author who is prepared to name names Max Euwe's Best Games Jan Timman,2022-05-22 World Chess Champion Max Euwe who held the title from 1935 1937 is one of the greatest chess players in history Much has been written about him and he authored dozens of books himself But missing was an outstanding collection of games of this efficient man eating tiger as the American grandmaster Reuben Fine once called Euwe Max Euwe s Best Games fills this gap And it couldn t have been written by anyone else than Euwe s successor in Dutch chess Jan Timman World Champion finalist and arguably one of the leading chess analysts of our time This book offers eighty of Max Euwe s games annotated with great clarity starting in his early twenties when he worked his way to the world top up until his late seventies when he was still a force to be reckoned with It is incredible how high Euwe s level of play was for over fifty years and how attractive his attacking style was Timman made many discoveries in Euwe s best and most famous games but has also unearthed several lesser known brilliancies Some interesting paradoxes are addressed along the line For example although he was an amateur almost his entire life Euwe was better versed in opening theory than most of his top level opponents Although he was the underdog he beat the mighty Alexander Alekhine in an epic World Championship Match in 1935 At 52 he could still beat top players like Geller and Najdorf with fantastic attacking play in the Z rich Candidates Tournament And when he was over seventy he was still highly dangerous for the new upcoming Dutch generation This game collection of an often underrated World Champion analysed by top grandmaster Jan Timman is a must have for anyone interested in World Championship chess The British Chess Magazine ,1991 *Forgotten Talents* Javier Cordero,Garry Kasparov,2024-02-27 Lost in the Labyrinth of Life Throughout the history of chess elite players have been studied celebrated and adored But there also been players while perhaps not regarded as world class competitors who had a precious gift but who did not know or could not find the way to success They were lost in the labyrinth of difficulties that life always places before every human being In the end for various reasons history forgot this select group of masters For some their careers were very bright as in the cases of von Kolisch Neumann and Charousek but also extremely short limiting their renown and depriving them of deserved laurels For others chess turned out to be excessively demanding for which their minds were unprepared Finally for a truly unfortunate few tragedy always an unwelcome guest took over their lives and then took life itself from them An exceptionally researched historical work these pages contain the stories of 23 players with a very unique way of understanding chess sometimes ahead of their time and who prioritized the artistic side of the game over the results an approach that was not properly appreciated in their time Now for the first time Spanish author and chess historian Javier Cordero puts these Forgotten Talents in the limelight Archival photos and almost 200 selected games nicely supplement the
