Women in Politics and Media Maria Raicheva-Stover, Elza Ibroscheva, 2014-09-25 Although women constitute half of the world's population their participation in the political sphere remains problematic While existing research on women politicians from the United States the United Kingdom and Canada sheds light on the challenges and opportunities they face we still have a very limited understanding of women's political participation in emerging democracies *Women in Politics and Media Perspectives From Nations in Transition* is the first collection to de Westernize the scholarship on women politics and media by 1 highlighting the latest research on countries and regions that have not been the usual suspects 2 featuring a diverse group of scholars many of non Western origin 3 giving voice through personal interviews to politically active women thus providing the reader with a rare insight into women's agency in the political structures of emerging democracies Each chapter examines the complex women politics and media dynamic in a particular nation state taking into consideration the specific political historic and social context With 23 case studies and interviews from Latin America sub Saharan Africa the Middle East and North Africa Central and Eastern Europe Asia Russia and the former Soviet republics this volume will be of interest to students media scholars and policy makers from developed and emerging democracies *A Concordance to the Poems of Robert Browning* Leslie Nathan Broughton, Benjamin Franklin Stelter, 1924 **The Young Leonardo** Larry J. Feinberg, 2014-04-21 Leonardo da Vinci is often presented as the transcendent genius removed from or ahead of his time This book however attempts to understand him in the context of Renaissance Florence Larry J Feinberg explores Leonardo's origins and the beginning of his career as an artist While celebrating his many artistic achievements the book illuminates his debt to other artists works and his struggles to gain and retain patronage as well as his career and personal difficulties Feinberg examines the range of Leonardo's interests including aerodynamics anatomy astronomy botany geology hydraulics

optics and warfare technology to clarify how the artist's broad intellectual curiosity informed his art. Situating the artist within the political, social, cultural, and artistic context of mid and late fifteenth century Florence, Feinberg shows how this environment influenced Leonardo's artistic output and laid the groundwork for the achievements of his mature works.

Novick, 2011-07-27 As if Henry James himself were guiding us, we visit old Calvinist New York in the mid nineteenth century and share the coming of age of a young man whose boldness of spirit and profound capacity for affection attract both men and women to him. We journey with James through Italy and France, witness his first love affair in Paris and settle with him in London at the height of Empire in the Victorian Age. We scale the heights of London society with him and as the world opens to James we share with him the experience of writing a series of celebrated and successful novels culminating with *Washington Square*, on which the play *The Heiress* is based and his masterpiece *The Portrait of a Lady*. The *Washington Post Book World* notes: "It is no small ambition to write a biography of James that is commensurate with that master, and Sheldon Novick has done it. Splendidly written, Novick has aimed to bring James back to life and he has succeeded brilliantly." The *Washington Post Book World*: "Like a movie of James's life as it unfolds moment to moment." The *New York Times*: "Masterful in bringing James and his world to life." San Francisco Examiner Chronicle: "Beautifully written with a grace that enables Sheldon Novick to weave his subject's words in and out of his own with a properly Jamesian suavity." Novick's account gives one a profound respect for James's persistence and power of will. The *New Republic*: "NOTE: This edition does not include a photo insert." **The Egerton Genesis** Mary Coker Joslin, Carolyn Coker Joslin Watson, British Library, 2001-01-01 The *Egerton Genesis* is a pictorial narrative of the biblical Genesis supplemented by legendary material. It was commissioned in the fourteenth century for the entertainment of a middle class patron and his friends. *Spectacular Disappearances* Julia H. Fawcett, 2016-03-04 How can people in the spotlight control their self-representations when the whole world seems to be watching? The question is familiar but not new. Julia Fawcett examines the stages, pages, and streets of eighteenth century London as England's first modern celebrities performed their own strange and spectacular self-representations. They include the enormous wig that actor Colley Cibber donned in his comic role as Lord Foppington and that later reappeared on the head of Cibber's cross-dressing daughter, Charlotte Charke. They include the black page of *Tristram Shandy*, a memorial to the parson Yorick and author Laurence Sterne, a page so full of ink that it cannot be read. And they include the puffs and prologues that David Garrick used to heighten his publicity while protecting his privacy, the epistolary autobiography modeled on the sentimental novel of Garrick.

sprot g e George Anne Bellamy and the elliptical poems and portraits of the poet actress and royal courtesan Mary Robinson
 a k a Perdita Linking all of these representations is a quality that Fawcett terms over expression the unique quality that
 allows celebrities to meet their spectators demands for disclosure without giving themselves away Like a spotlight so brilliant
 it is blinding these exaggerated but illegible self representations suggest a new way of understanding some of the key
 aspects of celebrity culture both in the eighteenth century and today They also challenge divides between theatrical
 character and novelistic character in eighteenth century studies or between performance studies and literary studies today
 The book provides an indispensable history for scholars and students in celebrity studies performance studies and
 autobiography and for anyone curious about the origins of the eighteenth century self *Artemisia Gentileschi and the*
