Teryna,2025-10-14 The world is not how we perceive it A blizzard may be the fury of a whale god Intelligent bees watch our every move Monsters lurk in the metro underpasses while others haunt our dreams Are we asleep in frozen sarcophagi en route to a new planet Should we swallow jellyfish drink colors or repaint the sky This book has the answers But in return it might steal your heart *Black Hole Heart and Other Stories* contains 13 speculative tales by the award winning author and illustrator K A Teryna translated from Russian **The Geography of God's Incarnation** Ann Pederson,2013-07-25 What does geography have to do with the incarnation of God and with our spiritual lives as Christians We will embark on a theological road trip that explores how geographies are at the heart of understanding of God s incarnation in the world It is no surprise to Christians that the center of the incarnation is the person of Jesus Christ God in flesh made manifest However it might be a stretch for some Christians to imagine that the promise that God has become flesh is not only in a person but also in a place in the creation Christians need to expand what incarnation means and what it means to be created in the image of God so that the scope of God s creative and redemptive action and work indeed reaches to the scope of all things from the outer reaches of space to the inner reaches of our hearts To be the creatures of God that God calls us to be requires a kind of dual citizenship within the details of our daily life attending to the needs of our neighbors simultaneously knowing we are part of a greater cosmos whose future is still unfolding **The Dullard And Other Stories** Anant Pai,1971-04-01 The dullard of the story an unfortunate failure at school is a familiar figure in every age Poor at his books he compensates with a wealth of common sense and goes on to survive life s trials rather well His comically smug scholarly companions on the other hand soon meet their doom These tales may mirror everyday human vices in a time tested and engaging way but they are also gentle guides to a wiser happier path **Giving Blood** Leonard Sweet,2014-03-25 A Groundbreaking Resource for Preaching If the church wishes to converse effectively with a culture it must learn the culture s language Today shifts in technology mean that language is increasingly one of symbols and metaphors stories and images not words So what does this mean for the sermon that long standing word based tradition of Christianity In this ground breaking resource bestselling author Leonard Sweet offers an alternative to traditional models of preaching one that is fitting to a new culture and a new mode of thinking The first book of its kind to move preaching beyond its pulpit centric fixation and toward more interactive participatory modes of communication Sweet presents both a challenge and a path forward for a church struggling to maintain its relevance in a post modern media saturated culture The Dove and Other Stories of Old Dove,1865 The Race to Save the Lord God Bird Phillip Hoose,2014-08-26 The tragedy of extinction is explained through the dramatic story of a legendary bird the Ivory billed Woodpecker and of those who tried to possess it paint it shoot it sell it and in a last ditch effort save it A powerful saga

that sweeps through two hundred years of history it introduces artists like John James Audubon bird collectors like William Brewster and finally a new breed of scientist in Cornell's Arthur A. Allen and his young ornithology student James Tanner whose quest to save the Ivory bill culminates in one of the first great conservation showdowns in U.S. history an early round in what is now a worldwide effort to save species As hope for the Ivory bill fades in the United States the bird is last spotted in Cuba in 1987 and Cuban scientists join in the race to save it All this plus Mr. Hoose's wonderful story telling skills comes together to give us what David Allen Sibley author of *The Sibley Guide to Birds* calls the most thorough and readable account to date of the personalities fashions economics and politics that combined to bring about the demise of the Ivory billed Woodpecker *The Race to Save the Ivory-billed Woodpecker* is the winner of the 2005 Boston Globe Horn Book Award for Nonfiction and the 2005 Bank Street Flora Stieglitz Award
