Lost Thoughts Of Soldiers:

The Lost Thoughts of Soldiers Delia Falconer, 2009-08-10 Georgia 1898 On what may be the last day of his life Captain Frederick Benteen the man who saved Custer's Seventh Cavalry from almost certain death at Little Bighorn receives a letter from an ambitious boy offering to restore his reputation For over 23 years Benteen has silently watched Custer's legend grow His General has been dead for more than 20 years killed in action considered a hero while the public has never forgiven Benteen for surviving Now at last he begins to put down some account of those two horrific days pinned down on a ridge What follows is an exquisite eulogy for his fellow soldiers both alive and dead Funny moving rich in character and incident this acclaimed novel avoids the bloody battle scenes and maudlin romance that characterize much Civil War based fiction in favor of an unsparing and poetic story that explores what it means to be a soldier then and now The Lost Thoughts of

Lost Causes Bradley R. Clampitt, 2022-06 This groundbreaking analysis of Confederate demobilization examines the state of mind of Confederate soldiers in the immediate aftermath of war Having survived severe psychological as well as physical trauma they now faced the unknown as they headed back home in defeat Lost Causes analyzes the interlude between soldier and veteran suggesting that defeat and demobilization actually reinforced Confederate identity as well as

public memory of the war and southern resistance to African American civil rights. Intense material shortages and images of the war's devastation confronted the defeated soldiers turned veterans as they returned home to a revolutionized society. Their thoughts upon homecoming turned to immediate economic survival, a radically altered relationship with freedpeople and life under Yankee rule, all against the backdrop of fearful uncertainty. Bradley R. Clampitt argues that the experiences of returning soldiers helped establish the ideological underpinnings of the Lost Cause and create an identity based upon shared suffering and sacrifice, a pervasive commitment to white supremacy and an aversion to Federal rule and all things northern. As *Lost Causes* reveals, most Confederate veterans remained diehard Rebels despite demobilization and the demise of the Confederate States of America.

Signs and Wonders Delia Falconer, 2021-09-29 Winner of the 2022 Nib Literary Awards. Chosen as a 2021 Book of the Year in *The Age*, *Sydney Morning Herald* and *The Australian Book Review*. The celebrated Walkley Award winning author on how global warming is changing not only our climate but our culture. Beautifully observed, brilliantly argued, and deeply felt, these essays show that our emotions, our art, our relationships with the generations around us, all the delicate networks that make us who we are, have already been transformed. In *Signs and Wonders*, Falconer explores how it feels to live as a reader, a writer, a lover of nature, and a mother of small children in an era of profound ecological change. Building on Falconer's two acclaimed essays, *Signs and Wonders* and the Walkley Award winning *The Opposite of Glamour*, *Signs and Wonders* is a pioneering examination of how we are changing our culture, language, and imaginations along with our climate. Is a mammoth emerging from the permafrost, beautiful or terrifying? How is our imagination affected when something that used to be ordinary, like a car windscreen smeared with insects, becomes unimaginable? What can the disappearance of the paragraph from much contemporary writing tell us about what's happening in the modern mind? Scientists write about a great acceleration in human impact on the natural world. *Signs and Wonders* shows that we are also in a period of profound cultural acceleration, which is just as dynamic, strange, extreme, and sometimes beautiful. Ranging from an unnatural history of coal to the effect of a large fur seal turning up in the park below her apartment, this book is a searching and poetic examination of the ways we are thinking about how and why to live now. Only the finest of writers can hope to convey the mercurial nature of the times we are living through, the sense of slippage of terror and beauty. Falconer is such a writer. *Signs and Wonders* is an essential collection.

Sophie Cunningham, author of *City of Trees*: Delia Falconer is one of the best writers working today, and in *Signs and Wonders* she demonstrates everything that makes her writing so necessary. Brave, beautiful, and breathtaking in its elegance and intelligence, it is quite simply a marvel.

James Bradley, *Scintillating*: Delia Falconer is at the peak of her powers as a critic and as an observer of the natural world. *Signs and Wonders* looks outward from Sydney and from literature to trace the contours of our environmental moment.

Rebecca Giggs, author of *Fathoms*: Exquisite. From reflections on feeding birds to analyses of literary trends to Falconer's Covid and fire diaries, the essays are complex, ambitious, rewarding. Delia Falconer's mesmerising *Signs and Wonders* helps us to process the
