that it's impossible to train a cat Happily Wendy Christensen knows they're wrong True cats are intelligent adaptable patient independent stubborn observant and extremely quick learners But they're also remarkably self-interested and quick to exploit a good deal Outsmarting Cats enables you to persuade your cat that what you want is also what she wants Whatever your specific cat problem Wendy Christensen gives all the latest information on what works and what doesn't She shares tried and true tips and resources for resolving even the thorniest behavior problems And she'll tell you how to head off future problems simply by understanding how your cat thinks

The Cat's Meow Jonathan B. Losos, 2023-05-02 The past present and future of the world's most popular and beloved pet from a leading evolutionary biologist and great cat lover Engaging and wide-ranging The Cat's Meow is a readable and informed exploration of the wildcat that lurks within Fluffy The Washington Post The domestic cat your cat has from its evolutionary origins in Africa been transformed in comparatively little time into one of the most successful and diverse species on the planet Jonathan Losos writing as both a scientist and a cat lover explores how researchers today are unraveling the secrets of the cat past and present using all the tools of modern technology from GPS tracking you'd be amazed where those backyard cats roam and genomics what is your so-called Siamese cat really to forensic archaeology In addition to solving the mysteries of your cat's past it gives us a cat's-eye view of today's habitats including meeting wild cousins around the world whose habits your sweet house cat sometimes eerily parallels Do lions and tigers meow If not why not Why does my cat leave a dead mouse at my feet or on my pillow Is a pet ocelot a bad idea When and why did the cat make its real leap off the African plain What's with all those cats in Egyptian hieroglyphics In a genial voice casually deciphering complex science and history with many examples from his own research and multi-cat household Losos explores how selection both natural and artificial over the last several millennia has shaped the contemporary cat with new breeds vastly different in anatomy and behavior from their ancestral stock Yet the cat ever a predator still seems only one paw out of the wild and readily reverts to its feral ways as it occupies new lands around the world Humans are transforming cats and they in turn are transforming the world around them This charming and intelligent book suggests what the future may hold for both *Felis catus* and *Homo sapiens*
