

Major Writings of Germaine de Staël

Translated and with an Introduction by
Vivian Folkenflik

Major Writings Of Germaine De Stael

Lynn McDonald

Major Writings Of Germaine De Stael:

Major writings of Germaine De Stael Madame Anne-Louise-Germaine Staël,1992 **An Extraordinary Woman** Madame de Staël (Anne-Louise-Germaine),1987-01 Collects letters novellas essays criticism and a play by a leading intellectual of the Romantic period **Women Theorists on Society and Politics** Lynn McDonald,2009-10-22 Revolution abolition of slavery public health care welfare violence against women war and militarism such issues have been debated for centuries But much work done by women theorists on these traditional social and political topics is little known or difficult to obtain This new anthology contains significant excerpts not normally included in standard collections Women Theorists on Society and Politics brings together scarce previously unpublished and newly translated excerpts from works by such women theorists as Emilie du Chatelet Germaine de Staël Catharine Macaulay Mary Wollstonecraft Flora Tristan Harriet Martineau Florence Nightingale Beatrice Webb and Jane Addams It focuses on eighteenth and nineteenth century writers but also includes some selections from as early as the Renaissance and late seventeenth century Introductions to the material biographical background and secondary sources enhance this important collection Women Theorists on Society and Politics provides essential theory on standard topics and a balance to the anthologies of feminist writing now more commonly available **Selected Correspondence** Madame de Staël (Anne-Louise-Germaine),George Solovieff,2000-06-30 In her letters Mme de Staël provides a panoramic historical outlook of the European literary cultural and political scene between 1789 and 1817 i e the Revolution the Napoleonic era and the Restoration This edition as its French original includes rare contemporary illustrations never published before in this connection For this book there is no specific level of readership

Stael's Philosophy of the Passions Tili Boon Cuillé,Karyna Szmurlo,2013 Sensibility or the capacity to feel played a vital role in philosophical reflection about the natural sciences the social sciences and the arts in eighteenth century France Yet scholars have privileged the Marquis de Sade's vindication of physiological sensibility as the logical conclusion of Enlightenment over Germaine de Staël's exploration of moral sensibility's potential for reform and renewal that paved the way for Romanticism This volume of essays showcases Staël's contribution to the affective revolution in Europe investigating the personal and political circumstances that informed her theory of the passions and the social and aesthetic innovations to which it gave rise Contributors move seamlessly between her political philosophical and fictional works attentive to the relationship between emotion and cognition and aware of the coherence of her thought on an individual national and international scale They first examine the significance Staël attributed to pity happiness melancholy and enthusiasm in *The Influence of the Passions* as she witnessed revolutionary strife and envisioned the new republic They then explore her development of a cosmopolitan aesthetic in such works as *On Literature* *Corinne* or *Italy* *On Germany* and *The Spirit of Translation* that transcended traditional generic national and linguistic boundaries Finally they turn to her contributions to the visual and musical arts as she deftly negotiated the transition from a Neoclassical to a Romantic aesthetic Staël's

Philosophy of the Passions concludes that rather than founding a republic based on the rights of man Stael's reflection fostered international communities of women artists models and collectors authors performers and spectators enabling them to participate in the re-articulation of sociocultural values in the wake of the French Revolution Contributors Tili Boon Cuill Catherine Dubeau Nanette Le Coat Christine Dunn Henderson Karen de Bruin M Ione Crummy Jennifer Law Sullivan Lauren Fortner Ravalico C C Wharram Kari Lokke Susan Tenenbaum Mary D Sheriff Heather Belnap Jensen Fabienne Moore Julia Effertz

The Philosophical and Literary Ideas of Mme de Staël and of Mme de Genlis Machteld De Poortere, 2007 If nearly two centuries have left the reputation of Mme de Stael intact the same could not be said for Mme de Genlis who despite several recent studies remains unknown to critics and the general public This book compares and contrasts the ideas of these two women who lived in the same period It strives to emphasize the system of thought that was the basis for their reactions to the historical events of their time This volume contains a new reading of the historical novels of Mme de Genlis highlighting some Romantic aspects in her works It shows that Mme de Genlis who professed to hate Romanticism was in reality strongly influenced by this movement Finally a comparison between Corinne and Delphine and La Duchesse de la Vallière and Madame de Maintenon underlines the importance of history for these two writers and the different ways in which they approached it in their work

Women and Philosophy in Eighteenth-Century Germany Corey W. Dyck, 2021-04-22 Women and Philosophy in Eighteenth Century Germany showcases the vibrant and diverse contributions on the part of women in eighteenth century Germany and explores their underappreciated influence upon philosophical debate in Germany in this period Among the women profiled in this volume are Sophie of Hanover Dorothea Christiane Erxleben Johanna Charlotte Unzer Wilhelmina of Bayreuth Amalia Holst Henriette Herz Elise Reimarus and Maria von Herbert Their contributions span the range of philosophical topics in metaphysics logic and aesthetics to moral and political philosophy and pertain to the main philosophical movements in the period They engage controversial issues of the day such as atheism and materialism but also women's struggle for access to education and for recognition of their civic entitlements and they display a range of strategies for intellectual engagement in doing so This collection vigorously contests the presumption that the history of German philosophy in the eighteenth century can be told without attending to the important roles that women played in the signature debates of the period

Lord Byron and Madame de Staël Joanne Wilkes, 2018-08-13 Published in 1999 Lord Byron and Madame de Staël made a great impression on Europe in the throes of the Napoleonic Wars through their personalities the versions of themselves which they projected through their works and their literary engagement with contemporary life However the strong links between them have never before been explored in detail This pioneering study looks at their personal relations from their verbal sparring in Regency society through the friendship which developed in Switzerland after Byron left England in 1816 to Byron's tributes to Mme de Staël after her death It concentrates on their literary links both direct responses to each other's works and the copious evidence of shared concerns The study deals with

their treatment of gender their grappling with the possibilities for heroic endeavour their engagement with the social and political situations of Britain France and Italy and their conceptions of the role of the writer Although Byron will need no introduction Mme de Stael s standing as a French romantic writer of the first rank is made plain by the strong impact of her writings on the English Poet **Politics, Literature and National Character** Madame De Stael, Morroe Berger, 2017-10-12 Madame Germaine de Stael is often regarded as the mistress to an age or like England and Russia one of the three great European powers of the 19th century She was in some sense both but she was also an important and influential writer whose works astonishingly have not until this volume been translated into English since the early 19th century She absorbed the leading ideas of the Enlightenment on literature politics science and the social order turned many of them to her own uses and then bequeathed them to the 19th century which adopted much of the Enlightenment through her works She had two related aims by her writings on politics to guide Europe as it entered the republican era and to help it maintain its cultural legacy and liberty and to explain all literature by its relation to social institutions which has had a profound effect on all subsequent studies of comparative literature Here in clear and flowing English prose that conveys both the personality and the style of the original and that corrects the errors of earlier translations are selections from Madame Germaine de Stael s major works including Considerations on the Principal Events of the French Revolution Literature Considered in its Relation to Social Institutions Essay on Fiction On Germany and her reflections on Russian and English as well as German national character They make plain both her amazing modern approach to such subjects as politics literature science education and women and the tremendous repercussions her work has had **Tracing the Shadow of Secrecy and Government Transparency in Eighteenth-Century France** Nicole Bauer, 2022-11-30 This book traces changing attitudes towards secrecy in eighteenth century France and explores the cultural origins of ideas surrounding government transparency The idea of keeping secrets both on the part of individuals and on the part of governments came to be viewed with more suspicion as the century progressed By the eve of the French Revolution writers voicing concerns about corruption saw secrecy as part and parcel of despotism and this shift went hand in hand with the rise of the idea of transparency The author argues that the emphasis placed on government transparency especially the mania for transparency that dominated the French Revolution resulted from the surprising connections and confluence of changing attitudes towards honour religious movements rising nationalism literature and police practices Exploring religious ideas that associated secrecy with darkness and wickedness and proto nationalist discourse that equated foreignness with secrecy this book demonstrates how cultural shifts in eighteenth century France influenced its politics Covering the period of intense fear during the French Revolution and the paranoia of the Reign of Terror the book highlights the complex interplay of culture and politics and provides insights into our attitudes towards secrecy today **Enthusiast!** David Herd, 2017-05-26 This electronic version has been made available under a Creative Commons BY NC ND open access license Enthusiast is a polemical history of

American literature told from the point of view of six of its major enthusiasts Complaining that his age was retrospective Emerson injected enthusiasm into American literature as a way of making it new What he asked is a man good for without enthusiasm and what is enthusiasm but the daring of ruin for its object This book takes enthusiasm to be a defining feature of American literature showing how successive major writers Melville Thoreau Pound Moore Frank O Hara and James Schuyler have modernized and re modeled Emerson s founding sense of enthusiasm The book presents the writer as enthusiast showing how enthusiasm is fundamental to the composition and the circulation of literature Enthusiasm it is argued is the way literary value is passed on Starting with a brief history of enthusiasm from Plato to Kant and Emerson the book features chapters on each of Melville Thoreau Pound Moore O Hara and Schuyler Each chapter presents an aspect of the writer as enthusiast the book as a whole charting the changing sense of literary enthusiasm from Romanticism to the present day Lucidly written and combatively argued the book will appeal to readers of American Literature or Modern Poetry and to all those interested in the circulation of literary work *Shakespeare and the Romantics* David Fuller,2021 This volume illustrates the meanings the Romantics took from Shakespeare It studies the critical practices and theories that evolved in England Germany and France as well as the English stage and the relations between performance criticism and scholarship

A Virtue for Courageous Minds Aurelian Craiutu,2016-05-31 Political moderation is the touchstone of democracy which could not function without compromise and bargaining yet it is one of the most understudied concepts in political theory How can we explain this striking paradox Why do we often underestimate the virtue of moderation Seeking to answer these questions A Virtue for Courageous Minds examines moderation in modern French political thought and sheds light on the French Revolution and its legacy Aurelian Craiutu begins with classical thinkers who extolled the virtues of a moderate approach to politics such as Aristotle and Cicero He then shows how Montesquieu inaugurated the modern rebirth of this tradition by laying the intellectual foundations for moderate government Craiutu looks at important figures such as Jacques Necker Madame de Sta l and Benjamin Constant not only in the context of revolutionary France but throughout Europe He traces how moderation evolves from an individual moral virtue into a set of institutional arrangements calculated to protect individual liberty and he explores the deep affinity between political moderation and constitutional complexity Craiutu demonstrates how moderation navigates between political extremes and he challenges the common notion that moderation is an essentially conservative virtue stressing instead its eclectic nature Drawing on a broad range of writings in political theory the history of political thought philosophy and law A Virtue for Courageous Minds reveals how the virtue of political moderation can address the profound complexities of the world today [Dying to be English](#) Kelly McGuire,2015-10-06 This study examines the presentation of suicide within the genre of the eighteenth century novel Referencing several key writers of the period McGuire demonstrates that their work inscribes a nationalist imperative to frame suicide as self sacrifice

[Samuel Richardson in Context](#) Peter Sabor,Betty A. Schellenberg,2017-09-21 Since the publication of his novel Pamela or

Virtue Rewarded in 1740 Samuel Richardson's place in the English literary tradition has been secured But how can that place best be described Over the three centuries since embarking on his printing career the divine novelist has been variously understood as moral crusader advocate for women pioneer of the realist novel and print innovator Situating Richardson's work within these social intellectual and material contexts this new volume of essays identifies his centrality to the emergence of the novel the self help book and the idea of the professional author as well as his influence on the development of the modern English language the capitalist economy and gendered medicalized urban and national identities This book enables a fuller understanding and appreciation of Richardson's life work and legacy and points the way for future studies of one of English literature's most celebrated novelists

The Enlightenment's Most Dangerous Woman Andrew Janiak, 2024 The Enlightenment's Most Dangerous Woman milie du Ch telet and the Making of Modern Philosophy introduces the work and legacy of philosopher milie Du Ch telet As the Enlightenment gained momentum throughout Europe Ch telet broke through the many barriers facing women at the time and published a major philosophical treatise in French Due to her proclamation that a true philosopher must remain an independent thinker rather than a disciple of some supposedly great man like Isaac Newton or Ren Descartes Ch telet posed a threat to an emerging consensus in the Enlightenment The Enlightenment's Most Dangerous Woman highlights the exclusion of women from colleges and academies in Europe and the fear of rupturing the gender based order

Women Novelists Before Jane Austen Brian Corman, 2009-06-04 By the time Ian Watt published *The Rise of the Novel* in 1957 it was clear that many women novelists before Jane Austen had been overlooked in critical studies of literature and that some of them had been completely forgotten by the reading public In this book Brian Corman explores the question of how and why this came about Corman provides a systematic survey of the reputations of early women novelists as canons of the novel developed over a period of roughly two hundred years and in so doing suggests reasons for their frequent exclusion *Women Novelists before Jane Austen* challenges the view that exclusion from the canon was a simple function of gender and goes deeper to examine potential reasons why certain women writers were overlooked In the process it provides an overview of histories of the British novel from the beginning through to the mid twentieth century ending with the publication of Watt's famous text Further Corman offers a prolegomenon to the important recovery work of the late twentieth century in which many revised accounts of the history of the novel appeared essentially improving the scope covered by Watt This study historicizes the place of early women novelists in the British canon in order to provide an informed context for current views

Edgar Huntly Charles Brockden Brown, 2018-05-30 *Edgar Huntly* is a compelling tale of sleepwalking murder and frontier violence set in rural Pennsylvania in the 1780s His memory and wits shaken by the scenes he has witnessed ordinary republican citizen Edgar Huntly relates the unpredictable and catastrophic consequences of his chance encounter with Clithero Edny a mysterious Irish immigrant whose unfortunate but violent history catches up with him in the New World Huntly's growing obsession with Clithero plunges both men into physical and mental

danger unsettling the colonial territories of the Delaware basin and the cognitive territory of Huntly's own mind Brockden Brown's artful sensationalism transplants the European form of the gothic romance to the new United States yielding one of the most exciting metaphysically sophisticated and historically self-aware novels in early American literary culture This Broadview Edition includes a rich selection of historical materials on the gothic and sublime sleepwalking captivity narratives and early American literary nationalism

The Cambridge History of Literary Criticism: Volume 6, The Nineteenth Century, c.1830-1914 M. A. R. Habib, 2013-02-07 In the nineteenth century literary criticism first developed into an autonomous professional discipline in the universities This volume provides a comprehensive and authoritative study of the vast field of literary criticism between 1830 and 1914 In over thirty essays written from a broad range of perspectives international scholars examine the growth of literary criticism as an institution and the major critical developments in diverse national traditions and in different genres as well as the major movements of Realism Naturalism Symbolism and Decadence The History offers a detailed focus on some of the era's great critical figures such as Sainte Beuve Hippolyte Taine and Matthew Arnold and includes essays devoted to the connections of literary criticism with other disciplines in science the arts and Biblical studies The publication of this volume marks the completion of the monumental Cambridge History of Literary Criticism from antiquity to the present day

International Relations Theory Michael Haas, 2016-12-27 While many texts on international relations deal only with ideologies this book goes beyond discussion of ideology to provide an understanding of how global economics politics and society operate The book begins with a history of the International Studies Association which was founded to develop empirically based knowledge and was opposed to ideological isms as biased guides to policy The book focuses on four major paradigms Marxian Mass Society Community Building and Rational Choice with diagrams indicating their empirical predictions over time The Marxian paradigm focuses on scientific claims of Marx and Engels The Mass Society paradigm explains why democracies become dysfunctional The Community Building paradigm explains how communities can be and are built at the local national regional and international levels The Rational Choice paradigm assembles proposed explanations of reason based economic political and social life to demonstrate what they have in common Other candidates for paradigms are reviewed with a focus on why they need further development to become major paradigms at the decision making dyadic societal national and international system levels of analysis

Major Writings Of Germaine De Stael Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Major Writings Of Germaine De Stael PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Major Writings Of Germaine De Stael PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and

publishers who make these resources available. In conclusion, the availability of Major Writings Of Germaine De Stael free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Major Writings Of Germaine De Stael Books

What is a Major Writings Of Germaine De Stael PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Major Writings Of Germaine De Stael PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Major Writings Of Germaine De Stael PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Major Writings Of Germaine De Stael PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Major Writings Of Germaine De Stael PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs?

Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
