Make Believe: A True Story Diana Athill, 2012-10-04 In *Make Believe* Diana Athill acclaimed author of *Instead of a Letter* and *Stet* remembers her turbulent friendship with Hakim Jamal a young black convert to the teachings of Malcolm X whom she met in London in the late 1960s Despite a desperately troubled youth he became an eloquent spokesman for the black underclass was Jean Seberg's lover and published a book about Malcolm X before descending into a mania that had him believing he was God A witness to his struggles Diana Athill writes with her characteristic honesty about her entanglement with Jamal Jamal's relationship with the daughter of a British MP Gail Benson and Jamal's and separately Gail's eventual murders

Make-Believe David Dickinson, 2020-01-30 I will tell you a story that will make you believe in God No story can guarantee being able to do this Yet novelists can tell stories that make us think about what we believe about God and why Despite repeated predictions of the death of the novel thousands of works of fiction are published and read in Britain each year Although Western society is less religiously observant than it was many 21st century novelists persist in pursuing theological religious and spiritual themes *Make Believe* seeks to explain why With chapters offering analyses of novels from several genres so called literary fiction historical fiction science fiction fantasy and dystopia David Dickinson discusses a wide spectrum of novelists Authors who are avowedly atheistic and authors who have a vested interest in perpetuating biblical stories are both featured Well known writers such as Rushdie McEwan McCarthy and Martell rub shoulders with some you may be meeting for the first time Appealing to literature students and people who simply enjoy reading whether Christian or not this study of God in novels invites us to open our minds and allow aspects of our culture to shape our understanding of God and to change our ways of talking about the divine

The Real True Stories of the Fairy Tales Alex Jacobson, 2014-11-12 In this book *The Old Steam Engine* who knows the real stories of what really happened in those fairy tales we all hear tries to set the record straight He is in fact the real Little Engine that Couldn't When a little girl named Regan happens upon the old steam engine he is an abandoned and broken down steam engine But he begins to speak to her He tells her that she has heard the wrong stories about what happened to people like Little Green Riding Hood and Snow Purple He tells the little girl that Little Green Riding Hood was not helpless and did not need a woodsman to save her So too Snow Purple did not need to marry a prince The real stories of the fairy tales tell children that real people are the heroes of the stories The uniqueness of the stories appeals to adults as well as children so that the adults reading the stories will find them fun to read and to discuss with the children

Voices; Tormented to Life; A True Story R. J. Donnelly, 2022-11-11 *Voices* tells of a world where lives are adrift in a sea of flames Such an atmosphere of dancing human remains may be hard to imagine unless it's been lived Like firebrands streaking through a black night sky Spirit things can seem a fantasy to a casual eye As for the tellings in this book they're not a glimpse aEUR but a deep gaze and the encounters of a human soul Born far apart Sue and Bob's lives began as fairytales aEUR but as fairytales will do their dreams bled out and soaked the ground

Broken homes drugs alcohol and a confused moral compass led them down treacherous paths Then in 1973 while drifting through the universe their twisting paths collided one day in the dark Bob was a violent atheist who professed he was god Sue who once aspired to be a Nun now dabbled in mysticism in her parched thirst for truth Then came the days of the Valiant ones who laid siege to our Kingdom for four months Two months in Sue prayed through the night aEUR and when I learned of it I threatened her life God then showed her in a dream my soul now completely void of light and as she watched giant soulless birds began devouring me Two weeks later and close to death alone in my room I prayed and once I asked for forgiveness a voice above me spoke So the days of my dying ended aEUR for the days of miracles had now begun This is a true story

Verbal Art Anders Pettersson, 2000 Anders Pettersson presents a comprehensive account of the foundations of literature grounded in an original analysis of the interactions between author and reader Drawing on post Gricean pragmatics and Nicholas Wolterstorff's notion of presentationality Pettersson develops the idea of the verbal text and conveys an integrated and nuanced understanding of literary experience its conditions and the values it affords In the second part of *Verbal Art* he systematically examines the cognitive affective and formal aspects of the literary work and explores their interrelations Pettersson demonstrates the implications and applications of the theory through a series of detailed studies of literary works taking care to show that his theory is compatible with a broad variety of perspectives Combining an intimate knowledge of modern literary theory and the aesthetics of literature with innovative applications of linguistics and cognitive psychology to the literary work he provides a thorough treatment of fundamental problems in the area including the concept of a text or work the concept of form and the distinctiveness of the literary use of language

The Nature of Fiction Gregory Currie, 1990-10-26 This important book provides a theory about the nature of fiction and about the relation between the author the reader and the fictional text The approach is philosophical that is to say the author offers an account of key concepts such as fictional truth fictional characters and fiction itself The book argues that the concept of fiction can be explained partly in terms of communicative intentions partly in terms of a condition which excludes relations of counterfactual dependence between the world and the text This communicative model is then applied to the following problems how can something be true in the story without being explicitly stated in the text In what ways does interpreting a fictional story depend upon grasping its author's intentions Is there always a unique best interpretation of a fictional text What is the correct semantics for fictional names What is the nature of our emotional response to a fictional work In answering these questions the author explores the complex interaction between author reader and text This interaction requires the reader to construct a fictional author a character in the story whose personality beliefs and emotional states must be interpreted if the reader is to grasp the meaning of the work

The Analytic Imaginary Marguerite La Caze, 2018-09-05 The notion of the philosophical imaginary developed by Michel Le Doeuff refers to the capacity to imagine as well as to the stock of images philosophers employ Making use of this notion Marguerite La Caze explores the idea of the imaginary of analytic philosophy Noting the marked tendency of analytic philosophy to be unselfconscious about the use of figurative language and the levels at which it works La Caze shows how analytic images can work to define the parameters of debates and exclude differing approaches including feminist ones La Caze focuses on five influential types of images in five central areas of contemporary analytic philosophy analogies and how they are used in the abortion debates thought experiments in personal identity the myth of the social contract Thomas Nagel s use of visual and spatial metaphors in epistemology and Kendall Walton s use of children s games as a foundational model in aesthetics The author shows how the image promotes assumptions and conceals tensions in philosophical works how the image persuades and how it limits debate and excludes ideas In providing an analysis of and reflection on the nature of the analytic imaginary La Caze suggests that a more open ended and reflexive approach can result in richer more fruitful philosophical work

The book takes concrete examples from the traditional and contemporary literary arts and uses them to introduce all the central philosophical issues in literature. David Davies considers with stimulating insight and great clarity the nature of literature and fiction, artistic uses of language and the nature of fictional characters. He goes on to explore our emotional responses to literature, the cognitive value and ethical values of literature and the accountability of the literary arts. Combining a clear and engaging style with a sophisticated treatment of a fascinating subject, *Aesthetics and Literature* is a valuable contribution to contemporary aesthetics Contemporary Readings in the Philosophy of Literature David Davies, Carl Matheson, 2008-03-06 What if anything distinguishes works of fiction such as Hamlet and Madame Bovary from biographies, news reports or office bulletins? Is there a right way to interpret fiction? Should we link interpretation to the author's intention? Ought our moral unease with works that betray sadistic, sexist or racist elements lower our judgments of their aesthetic worth? And what when it comes down to it is literature? The readings in this collection bring together some of the most important recent work in the philosophy of literature by philosophers such as Martha Nussbaum, John Searle and David Lewis. The readings explore philosophical issues such as the nature of fiction, the status of the author, the act of interpretation, the role of the emotions in the act of reading, the aesthetic and moral value of literary works and other topics central to the philosophy of literature New Waves in Aesthetics K. Stock, K. Thomson-Jones, 2008-08-01 Leading young scholars present a collection of wide-ranging essays covering central problems in meta-aesthetics and aesthetic issues in the philosophy of mind as well as

Imaginary Existences Ignés Sodre, 2014-07-17 *Imaginary Existences* A psychoanalytic exploration of phantasy fiction dreams and daydreams interweaves scholarly psychoanalytic knowledge and extensive clinical experience with insights derived from close readings of great literature in a uniquely imaginative and creative manner convincingly demonstrating how these two ways of thinking psychoanalysis and literary criticism organically relate to each other This is simultaneously a psychoanalytic book and a book about literature illuminating the imaginative possibilities present within both the psychoanalytic encounter and the act of reading fiction Scholarly and well researched the psychoanalytic ideas presented have their basis in the work of Freud and Klein and some of their followers the extensive and innovative writing about the great authors in Western literature is equally scholarly and lucid Here Ignés Sodre explores creativity itself and specifically the impediments to creative thinking defences mostly narcissistic against dependency guilt and loss and the mis use of imagination to deny reality In her studies of the characters created by authors such as George Eliot Cervantes Flaubert Thomas Mann Proust and Shakespeare Sodre examines the way great writers create characters who mis use their imagination twisting reality into romantic daydreams or sado masochistic enactments which petrify experience and freeze the fluidity of thought Her clinical studies continue and expand this theme broadening the field and lending verification and weight to the arguments These two poles of Sodre's thinking psychoanalysis and literature interact seamlessly in *Imaginary Existences* the two disciplines work together each an intimate part of a learned exploration of the human condition our desires our fears and our delusions This convergence pays tribute to the great depth of the fictional work being studied and to the psychological validity of the psychoanalytic ideas This book will be of interest to psychoanalysts psychologists psychotherapists literary critics and those interested in literature and literary criticism
