Makers Of The Modern Theological Mind Rudolf Bultmann:

Rudolf Bultmann Morris Ashcraft, 2016-01-01 How does modern science respond to the obsolete language of Scripture Bultmann's lifelong task as a devout Lutheran was to demythologize the Bible's message so people could hear the Christian gospel and respond authentically He expands on the form criticism of Hermann Gunkel and Martin Dibelius About the Makers of the Modern Theological Mind series Who are the thinkers that have shaped Christian theology in our time This series tries to answer that question by providing a reliable guide to the ideas of the men who have significantly charted the theological seas of our century Each major theologian is examined carefully and critically his life his theological method his most germinal ideas his weaknesses as a thinker his place in the theological spectrum and his chief contribution to the climate of theology today **Rudolf Bultmann** Morris Ashcraft, 1975 **RUDOLF BULTMANN** Adriano da Silva Carvalho, 2024-11-13 The work of theologian Rudolf Bultmann is often judged without due consideration of the historical and personal circumstances in which it occurred It is forgotten that theology is always carried out in a specific context Thus this book aims to do justice to this theologian by recognizing the relevance of his hermeneutical method It will be demonstrated that demythologization is a powerful exegetical apologetic operation because at the same time that it points to the mythological layer that covers the text of the New Testament it emancipates it from myth The next step will be to show that by recognizing a mythological envelope covering the text of the New Testament Bultmann intended to prove that the mythological vision itself had a fundamentally existential purpose This is because mythological language does not present an objective image of the world as it is on the contrary it seeks to communicate the understanding that man has of himself in the world in which he lives Therefore the myth should be interpreted not cosmologically but anthropologically or better still existentially It is therefore from this perspective that Bultmann seeks to highlight the relevance of the message of the New Testament *The Routledge Encyclopedia of the Historical Jesus* Craig A. Evans, 2014-01-14 This Encyclopedia brings together the vast array of historical research into the reality of the man the teachings the acts and the events ascribed to him that have served as the foundational story of one of the world's central religions This kind of historiography is not biography The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion Critical historical examination has provided a way for scholars of Christianity for centuries to analyze the roots of legend and religion in a way that allows scholars an escape from the confines of dogma belief and theological interpretation In recent years historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond Entries will cover the classical studies that initiated the new historiography the theoretical discussions about authenticating the historical record the examination of sources that have led to the western understanding of Jesus teachings and disseminated myth of the events concerning Jesus birth and death Subject areas include the history of the historical

study of the New Testament major contributors and their works theoretical issues and concepts methodologies and criteria
 historical genres and rhetorical styles in the story of Jesus historical and rhetorical context of martyrdom and messianism
 historical teachings of Jesus teachings within historical context of ethics titles of Jesus historical events in the life of Jesus
 historical figures in the life of Jesus historical use of Biblical figures referenced in the Gospels places and regions institutions
 the history of the New Testament within the culture politics and law of the Roman Empire **Søren Kierkegaard** Elmer H. Duncan, 2016 Søren Kierkegaard 1813-1855 little known or read outside of Denmark in his own day has come to be widely appreciated for his affirmation of the Christian faith and his critique of the human condition He is responsible for one of the major currents of twentieth century thought existentialism which emphasizes the priority of existence over essence Christian existentialism appropriated his insights for theology and ethics stressing human experience freedom and the commitment of faith Elements of his approach are found in Karl Barth Paul Tillich Emil Brunner Rudolf Bultmann Reinhold Niebuhr and Karl Rahner Kierkegaard tried to clarify for his contemporaries the nature of Christianity stressing that no philosophical system could explain the human condition He emphasized the subjectivity of truth and could not refrain from attacking the cold formality and indifference of the state church of his day In this book Dr Duncan guides the reader critically and skillfully through Kierkegaard's life and works Book jacket High-church Baptists in the South James E. Tull, 2000 James E Tull's study and critique of the history and teachings of Landmarkism has established itself as a classic treatment of this important movement This present version of that study is the revised condensed and updated edition of Tull's 1960 original Tull did not finish the revision before he died in 1989 but Morris Ashcraft has now completed that task according to Tull's directions and notes Ashcraft has also added a helpful preface With this new edition of Tull's invaluable work on Landmarkism a new generation of historians students and all seeking to understand Baptists have at hand a most helpful teacher Tull on Landmarkism **20th-Century Theology** Stanley J. Grenz, Roger E. Olson, 2010-01-26 Stanley J Grenz and Roger E Olson offer a sympathetic guide and a critical assessment of the significant theologies and theologians of the 20th century They trace the shifts in theology as it has moved back and forth between God's immanence and God's transcendence Baptist Theology James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis à vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition

Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1974 *Faith at the Intersection of History and Experience* Brent A. R. Hege,2009-01-01 This present study is the first in Engli Georg Wobbermin 1869 1943 who has been called a captain of the liberal rearguard Widely read and discussed in his own lifetime Wobbermin s theology fell into obscurity as dialectical theology rose to prominence in the years following the First World War Faith at the Intersection of History and Experience presents the major themes of Wobbermin s theology particularly his analysis of the relationship between faith and history and his development of a religio psychological theological method that places faith at the intersection of history and experience Wobbermin s critiques of recent and contemporary approaches to the problem of faith and history and his attention to theological method reveal a sustained effort to continue what he called the Luther Kant Schleiermacher line of Protestant theology The consistent emphasis in Wobbermin s theology is on the systematic interrelation of objectivity and subjectivity an approach he considered to be a faithful continuation of the Reformation but one that invited conflict with the dialectical theologians chiefly Karl Barth Wobbermin s debates with Barth on issues of method reveal a vibrant and sophisticated liberal theology co existing with the dialectical theology that is conventionally assumed to have eclipsed it over a decade earlier Building on work that has been done primarily in German this study of one of the forgotten theologians of the early twentieth century appears as more German British and American theologians and historians are returning to this period of theology with renewed interest and fresh questions and it addresses an often neglected period of modern Protestant thought in histories currently available in English **Modern Christian Thought: The twentieth century** James C. Livingston,Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern Catholic thinkers Evangelical thought and Black and Womanist theology **Paulus, Then and Now** John Jesse Carey,2002 Is The Courage to Be still a viable analysis of the human situation Does Tillich s positive sense of Eros illumine our intense discussions of human sexuality Does Postmodernism really dissolve Tillich s major assumptions Can Tillich contribute to the contemporary discussion of science

and religion How does his work stand when compared to other writers on creation such as Langdon Gilkey and Sallie McFague Given the paradoxes of Tillich s life is his ethical theory still viable In Paulus Then and Now A Study of Paul Tillich s Theological World and the Continuing Relevance of his Work John J Carey clarifies previously neglected foundational aspects of Tillich s thought Carey places Tillich s theological work in political social economic and scholarly context He also explains Tillich s thinking on Luther Marx history and politics and his unique perspective on the Bible and on biblical authority Having accomplished these things Carey then moves to show how Tillich s thinking can be applied to contemporary problems

Makers of Modern Culture Justin Wintle,2002 This volume provides lively and clearly written expositions of those figures who have done most to shape our views in the period since 1914 Music cinema drama art fiction poetry and philosophy are just some of the fields covered New Makers of Modern Culture Wintle Justin,2013-05-13 New Makers of Modern Culture is the successor to the classic reference works Makers of Modern Culture and Makers of Nineteenth Century Culture published by Routledge in the early 1980s The set was extremely successful and continues to be used to this day due to the high quality of the writing the distinguished contributors and the cultural sensitivity shown in the selection of those individuals included New Makers of Modern Culture takes into full account the rise and fall of reputation and influence over the last twenty five years and the epochal changes that have occurred the demise of Marxism and the collapse of the Soviet Union the rise and fall of postmodernism the eruption of Islamic fundamentalism the triumph of the Internet Containing over eight hundred essay style entries and covering the period from 1850 to the present New Makers includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley next to John Ruskin is Salmon Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping runs shoulders with Jacques Derrida Julia Kristeva with Kropotkin Once again Wintle has enlisted the services of many distinguished writers and leading academics such as Sam Beer Bernard Crick Edward Seidensticker and Paul Preston In a few cases for example Michael Holroyd and Philip Larkin contributors are themselves the subject of entries With its global reach New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing There is an index of names and key terms **Fifty Key Christian Thinkers** Peter McEnhill,George Newlands,2004-08-02 Fifty Key Christian Thinkers provides both valuable information and stimulating debate on the lives and work of fifty of the most important Christian theologians This guide provides an overview of Christian theology from the emergence of the faith 2000 years ago to the present day Among the figures profiled in this accessible guide are St Paul Barth Aquinas Boethius Niebuhr Calvin Luther Feuerbach Kierkegaard Origen Religious Book Review ,1978 Emil Brunner Mark G. McKim,1996 After an essay sketching Brunner s life and major theological contributions the bibliography is divided into parts on works written by Brunner edited by Brunner written by Brunner jointly with others

prefaces and forewords and book reviews by Brunner as well as secondary sources For scholars in religious studies
