Martin Buber Stephen M. Panko,1976     *Martin Buber* Stephen M. Panko,2016-01-01 Part of the classic Makers of the Modern Theological Mind series recently made available again with new paperback cover designs Stephen Panko's Martin Buber thoroughly examines the life work and influence of prolific Jewish thinker author scholar literary translator and political activist Martin Buber While Buber's writings ranged from Jewish mysticism to social philosophy biblical studies religious phenomenology philosophical anthropology education politics and art probably one of his most well known writings is the short but profound book *I and Thou* in which he asserted that we can only become a personal I when we treat others nature and God as a Thou rather than an impersonal it Buber's work became widely known in Christian circles and his concept of I Thou relationships was adopted by Christian theologians Karl Barth Emil Brunner Rudolf Bultmann Dietrich Bonhoeffer and Friedrich Gogarten among others Panko's overview of Martin Buber provides a penetrating insight into the many facets of Buber and his work The Makers of the Modern Theological Mind series remains a must read for anyone eager to understand these theologians and their impact on today's church     **Martin Buber** Sarah Scott,2022-12-06 A new collection of essays highlighting the wide range of Buber's thought career and activism Best known for *I and Thou* which laid out his distinction between dialogic and monologic relations Martin Buber 1878-1965 was also an anthologist translator and author of some seven hundred books and papers Martin Buber *Creaturely Life and Social Form* edited by Sarah Scott is a collection of nine essays that explore his thought and career Martin Buber *Creaturely Life and Social Form* shakes up the legend of Buber by decentering the importance of the I Thou dialogue in order to highlight Buber as a thinker preoccupied by the image of relationship as a guide to spiritual social and political change The result is a different Buber than has hitherto been portrayed one that is characterized primarily by aesthetics and politics rather than by epistemology or theology Martin Buber *Creaturely Life and Social Form* will serve as a guide to the entirety of Buber's thinking career and activism placing his work in context and showing both the evolution of his thought and the extent to which he remained driven by a persistent set of concerns     Exile and Restoration in Jewish Thought Ralph Keen,2011-10-20 *Exile and Restoration in Jewish Thought* presents the history of an idea originating at the intersection of Judaic piety and the social history of the Jews faith in a protective sovereign deity amid contrary conditions Exiled primordially Eden during the Patriarchal era in the sixth century bce and from the first century to the twentieth the Jewish experience of alienation has been the historical backdrop against which affirmations of divine benevolence have been constructed While histories of Jewish thought have tended to accentuate the speculative creativity of medieval and modern Jewish philosophers the intellectual tradition can come into focus only with attention to these thinkers understanding of diaspora and persecution Ralph Keen describes the distinguishing feature of Jewish thought as a religious hermeneutic in which the primitive promise made to Abraham is preserved not just as a pious memory but as a certain hope for eventual restoration Intended for readers with some familiarity with the history of

philosophy this book offers the historical context necessary for understanding the distinctively Judaic character of this tradition of thought and elucidates the role of religious experience in the long process of negotiating between adversity and expectation

**Word and Spirit at Play** Jean-Jacques Suurmond, 1995 The Spirituality of a quarter of all Christians can be characterized as charismatic Pentecostalism itself is one of the most rapidly growing religious movements in America and abroad Despite these facts little serious effort has been made to develop a systematic Pentecostal theology until now *Word and Spirit at Play* is the first work to outline a theology that does full justice to the Pentecostal experience of God's Word and Spirit Dutch scholar Jean Jacques Suurmond who is himself a Pentecostal draws on two decades of work in Pentecostalism to demonstrate in a simple yet scholarly way how a charismatic approach shapes the lives of Christians and the church Suurmond describes the history and characteristics of present day Pentecostalism discusses the significance of Spirit baptism to the Pentecostal life reflects seriously on the gifts of grace including tongues and celebrates the role of play in Pentecostal worship This book will be invaluable both to theologians who have long wanted a scholarly synthesis of charismatic theology and to laypeople especially Pentecostals wanting to deepen their faith and other believers searching for a spirituality that opens up new sources of Christian community JEAN JACQUES SUURMOND is a Reformed minister in Vlaardingen the Netherlands

***We in the Shadow*** Michael D. Riley, 2023-04-04 For centuries the belief that God was directly engaged in our individual lives has comforted untold numbers of people but today that belief is being challenged by many within the community of faith The randomness of violence innocent suffering and inexplicable evil has pushed believers to question whether God is personal in any meaningful way How can we believe that God is involved in our daily lives when so often God appears deaf to our prayers and indifferent to our broken world *We in the Shadow* explores how or in what way God may be personal Unless this question can somehow be thoughtfully and practically answered faith will be viewed as an option only for those who skim over the incomprehensibly cruel surfaces of life with eyes closed and fingers stuck firmly in their ears

***Caring on the Streets*** Jacqueline K Thompson, 2021-02-25 They're fighting for our kids and the battleground is the street In 1956 the Boston Special Youth Project defined the field of detached youthwork this way Detached work involves intensive contact with a corner group where the worker meets the teen age group in their natural environment By close association with them and getting to know their needs as a group and as individuals the worker forms a positive relationship and helps them to engage in socially acceptable activities which they come to choose The basic goal is helping them to change undesirable attitudes and patterns of behavior Today author and youthworker Jacquelyn Kay Thompson brings this exciting heartbreaking and often dangerous profession to light in *Caring on the Streets A Study of Detached Youthworkers* The book examines the demanding task of assisting runaways gang members prostitutes drug addicts and other troubled youths and explores how the profession is practiced in the United States Here are true life stories of the courageous caring individuals whose professional life is spent on the streets in bars pool halls motels housing projects and

hangouts where the kids are In addition to sharing the personal experience of detached workers Caring on the Streets illuminates these facets of the profession history of detached youthwork methodology and philosophy of detached youthwork model programs research procedures for youthworkers becoming a detached youthworker and more Caring on the Streets contains interviews with seventeen youthworkers who assist clients outside of formal office settings to give you insight into the experiences challenges and dedication of detached youthworkers This thoughtfully indexed work also includes reference notes and five appendixes

**Making Disciples** Sylvia Wilkey Collinson, 2007-01-01 The Christian faith community regards the making of disciples as a prime directive of Jesus himself though this theme is not dominant in contemporary models of teaching in the church This investigation seeks to develop a theory of discipling and to test its congruence as an effective educational strategy with the objectives of modern Christian faith communities After briefly examining the discipling model of teaching as practiced in the world of the Ancient Near East a detailed study of New Testament texts investigates the practice of discipling by Jesus and his followers and in the church of the first century An understanding of the concept of discipling is gained by gradually refining its definition as the study progresses through a contemporary examination of other informal models of education Religious and educational research findings are explored to enable the validity of the discipling model to be determined Finally the definition is used as a benchmark to examine various contemporary educational theories within the community of faith In contrast to the schooling model discipling has been shown to be an effective model for teaching attitudes values and behavior as well as knowledge and beliefs in today s church Its emphasis on commitment to learning relationships within a nurturing community and active involvement in the mission of Christ to the world and its capacity to adapt to differences in age culture ability and interests make it a model of teaching worthy of much greater attention by the Christian faith community

**"Believing Thinking, Bounded Theology"** Cynthia Bennett Brown, 2016-01-28 Surprisingly little attention has been given in recent scholarship to the work of Emil Brunner 1889 1966 one of the leading neo orthodox theologians of the twentieth century But his influence on modern theology persists to this day offering a path to philosophical truth through faith In *Believing Thinking Bounded Theology* Cynthia Bennett Brown explores the nature of and limits to theological thinking in Brunner s work What results from this study is an encounter with a thoroughly biblical warmly pastoral carefully intellectual and insistently Christocentric exposition of the Christian faith that remains relevant for theology and life today

**The Betrayal of the Humanities** Bernard M. Levinson, Robert P. Ericksen, 2022-09-06 How did the academy react to the rise dominance and ultimate fall of Germany s Third Reich Did German professors of the humanities have to tell themselves lies about their regime s activities or its victims to sleep at night Did they endorse the regime Or did they look the other way whether out of deliberate denial or out of fear for their own personal safety *The Betrayal of the Humanities* The University during the Third Reich is a collection of groundbreaking essays that shed light on this previously overlooked piece of history *The Betrayal of the Humanities* accepts the regrettable news that academics and intellectuals in Nazi Germany betrayed the humanities and explores what went wrong what occurred at the universities and what happened to the major disciplines of the humanities under National Socialism *The Betrayal of the Humanities* details not only how individual scholars particular departments and even entire universities collaborated with the Nazi regime but also examines the legacy of this era on higher education in Germany In particular it looks at the peculiar position of many German scholars in the post war world having to defend their own work or the work of their mentors while simultaneously not appearing to accept Nazism

**Other-person-ness and the Person with Profound Disabilities** Pia Matthews, 2022-10-13 Many people think that profound disability presents us with a real problem often because it seems

difficult to connect with someone who does not seem to think or act like us Positioning profound disability in this way immediately sets up a them and us where the person with profound disability becomes the problematic other Attempts to bridge the them and us risk reducing everyone to the same where disability is not taken seriously In contrast to a them and us and negative connotations of the other found in the existentialist philosophies of writers like Sartre and Beauvoir Pia Matthews argues for a return to a positive view of the other One positive approach to the other based on an ethics of relationship as championed by Levinas seems to mitigate the other ness of profound disability However this still makes the person with profound disability dependent on the ethical concern of the more powerful other Instead this book argues for return to a personalist philosophy of being offered by Mounier Marcel and Wojty a and deepened by participation belonging and the possibility of contributing to the good of all This deepened philosophy of being gives a more solid foundation for people who are especially at the mercy of others It will be of interest to all scholars and students of disability studies philosophy and anthropology
