Making Change Stick Twelve Principles For Transforming Organizations:

Making Change Stick Richard C. Reale, 2005 Organizationally and individually to change is to choose These twelve principles make the choices easier *Leading Missional Change* Paul J. Dunbar, Tony Blair, 2013-04-02 It seems that nearly everyone is talking about missional change for congregations As a result many church leaders are attempting to drive that kind of change for the ministries they lead Some succeed But many others hit a wall of considerable frustration as they find that congregations resist the very change that is so needed The reasons for this resistance are many and they are explored in this volume What is required to move a church from resistance to readiness Some resistance is deeply rooted in spiritual patterns But there are other reasons as well and they center on trust personal trust in the leaders who offer missional change For this work the authors have done extensive primary and secondary research to identify patterns and behaviors that invite missional leadership More than that they've lived this out in their own ministries as pastors of traditional congregations This book thus offers compelling first person stories and congregational case studies alongside more generalized findings *Leading Missional Change* was written to support pastors and other church leaders who experience resistance to share wisdom and experience that may lead to readiness and to give hope and encouragement toward a re energizing of your own congregation

Regaining Control Tami Brady, 2007-01-01. Only 1% of the world's assets are held in the name of women. 70% of people in abject poverty live on less than \$1 per day, are women. Over half the women of this generation do not themselves receive from either employment or the state enough to get by. These shocking statistics call to our attention the importance of financial independence among women. Financial dependence, though, is just the tip of the proverbial iceberg. Dependence can also be noted in Validation and Self-Esteem, Mobility and Daily Care, and Emotional Support. A Shield from the World. Loving, caring, and well-meaning spouses, families, and caregivers can unwittingly gnaw away at self-confidence and self

esteem until a person is trapped in an unhealthy situation Are you at risk Would you be financially secure without your spouse s income Do you find it hard to say No Do you feel unlovable or ugly Have you given up on your dreams Are you truly unhappy with your life If so there is hope It is possible to regain your self esteem rebuild your self confidence and become independent once more Independence is a skill an attitude and a lifestyle that anyone can achieve Praise for Tami Brady The main point I saw in this work and one I thought was outstanding is that we are all individuals unique and that one set formula may not work for everyone I believe that is what makes her work different than other self help books Shirley Johnson Midwest Book Review I found myself submersed in this book discovering it a true source of encouragement that however overwhelming life becomes we should stay aware of what we want never forgetting where we come from or what our dreams are Tracy Jane Newton An Alternative View If you have been thinking there must be more to life than what you have or you find you tend to say one thing in public whilst being of an other opinion in private then this book may be for you Sue Phillips Spiralthreads Reviews
