**The Making of a Bestseller** Arthur T. Vanderbilt, 1999-01-01 Writer F Scott Fitzgerald s career itself is a metaphor for the vagaries of book publishing If Fitzgerald would have had his way we would today refer to The Great Gatsby as either Gold Hatted Gatsby Trimalchio in West Egg or The High Bouncing Lover A few years before Gatsby Fitzgerald had become a literary sensation at the age of 23 Helen Hooven Santmyer a contemporary of Fitzgerald s would not have a successful novel published until she was 88 and living in a nursing home In this book the author explores that mysterious place in publishing where art and commerce can either clash mesh or both Along the way a wide range of authors from the literary greats to today s commercial superstars editors agents and publishers share their thoughts insights and experiences What inspires writers John Steinbeck for example wrote every novel as if it were his last as if death were imminent Why are some books successful and appreciated while others fall into oblivion The answers are often elusive never absolute but the stories and anecdotes are always fascinating

**The Making of a Yoga Master** Suhas Tambe, 2012-07-23 When Suhas Tambe was initiated into the study and life of a yogi through his Indian spiritual master the Yoga Sutras of Patanjali an age old system of guidance were integral to his training Tambe is now a scholar and longterm practitioner of this esoteric wisdom He is also the first Westerner to reveal the hidden sequence of these sutras which he received from his teacher From the time of Patanjali onward 300 BCE the scrambling of the sequence of sutras was a respected tradition Such deliberate confusion was done with a view to preserving the sanctity of these precious teachings Since interpretation of any sutra must bear reference

to and consistency with the previous and the following sutra proper sequence becomes a critical factor fundamental to the use of this time honored scripture The key to the real sequence of Yoga S tra was handed down verbally by the guru only to the eligible disciple The Making of a Yoga Master reveals this original sequence which has been hidden for so long Far more than an instruction manual this book is also about one seeker s progression The author who began his search entrenched in materialism he was an accountant with an MBA working in IT was transformed into a devoted Yoga practitioner This path thoroughly changed his life s priorities evolved his purpose and dissolved old habits in a way that will be inspiring to many Yoga not just entered my life he writes but now it is my life The clear and sequential stages of transformation through yoga are documented here as perhaps nowhere else in contemporary literature This new sequence unfolds a practical road map for knowing and practicing the elevation of the seeker s awareness from the physical to more subtle and refined levels and designates observable milestones to determine one s progress on the path The Making of a Yoga Master marries the philosophy of Yoga with clear how to instructions [The Making of Russian Absolutism 1613-1801](#) Paul Dukes,2014-01-14 Revised and expanded the second edition of this fascinating study surveys the first two centuries of Romanov rule from the foundation of the dynasty by Michael Romanov in 1613 to the accession of Alexander I in 1801 The central theme of the book is the growth of absolutism in Russia throughout these years and it traces in detail how the Russian variety of what was a contemporary European phenomenon came fully into being [The Making of Modern Nevada](#) Hal Rothman,2010-09-28 Nevada has always been different from other states Almost from its beginning Nevada sanctioned behaviors considered immoral elsewhere gambling prize fighting brothels easy divorce and embraced a culture of individualism and disdain for the constraints of more conventional society In The Making of Modern Nevada author Hal Rothman focuses on the factors that shaped the state s original maverick colonial status and those that later allowed it to emerge as the new standard of American consumerism and postmodern liberalism Rothman introduces the masters who sought to own Nevada from bonanza kings to Mafia mobsters as well as the politicians miners gamblers civic and civil rights leaders union organizers and casino corporate moguls who guided the state into prosperity and national importance He also analyzes the role of mob and labor union money in the development of Las Vegas the Sagebrush Rebellion the rise of megaresorts and of Las Vegas as a world icon of leisure and pleasure and the political and social impact of the proposed Yucca Mountain nuclear waste repository The Making of Modern Nevada is essential reading for anyone who wonders how the Silver State got this way and where it may be going in the twenty first century [The Making of New World Slavery](#) Robin Blackburn,2010-08-02 The Making of New World Slavery argues that independent commerce geared to burgeoning consumer markets was the driving force behind the rise of plantation slavery The baroque state sought successfully to feed upon this commerce and with markedly less success to regulate slavery and racial relations To illustrate this thesis Blackburn examines the deployment of slaves in the colonial possessions of the Portuguese the Spanish the Dutch the English and the French Plantation slavery is

shown to have emerged from the impulses of civil society not from the strategies of individual states Robin Blackburn argues that the organization of slave plantations placed the West on a destructive path to modernity and that greatly preferable alternatives were both proposed and rejected Finally he shows that the surge of Atlantic trade predicated on the murderous toil of the plantations made a decisive contribution to both the Industrial Revolution and the rise of the West **The**

Presidency John F Freie,2015-11-17 Throughout American history presidents have been accused of being liars of deceiving others for political gain of being corrupt or of violating the Constitution Such criticism is to some extent a facet of our political culture Yet in recent years the intensity and depth of hostility coming from news reporters political pundits and even academics seems unprecedented It is the argument of The Making of the Postmodern Presidency that something more fundamental is occurring other than personal mendacity character failures or political errors that in fact the model we have used to explain presidential behavior no longer works The dominant paradigm used to assess presidential behavior the

modern presidency is no longer an adequate explanatory model. Nonetheless, those who study the presidency continue to use it to explain behavior. This book claims that the more relevant paradigm that should be used today is the postmodern presidency model. This book traces the origins and development of the postmodern presidency. The heart of the book is composed of an examination of the presidencies of Ronald Reagan, George H. W. Bush, Bill Clinton, and George W. Bush to show how each has contributed to the evolution and formation of the postmodern presidency. A penultimate chapter analyzes the 2008 presidential election through the lens of postmodernism. The book concludes with speculation on the challenges that face the Obama presidency in light of the postmodern presidency and American democracy.

**The Making of Japanese Manchuria, 1904-1932** Yoshihisa Tak Matsusaka, 2020-03-23 In this history of Japanese involvement in northeast China, the author argues that Japan's military seizure of Manchuria in September 1931 was founded on three decades of infiltration of the area. This incremental empire building and its effect on Japan are the focuses of this book. The principal agency in the piecemeal growth of Japanese colonization was the South Manchurian Railway Company, and by the mid 1920s Japan had a deeply entrenched presence in Manchuria and exercised a dominant economic and political influence over the area. Japanese colonial expansion in Manchuria also loomed large in Japanese politics, military policy, economic development, and foreign relations, and deeply influenced many aspects of Japan's interwar history.

**Eric Williams and the Making of the Modern Caribbean** Colin A. Palmer, 2006 Colin Palmer presents a guide to understanding the influential West Indian scholar and politician Eric Williams.

**The Making of the President 2016** Roger Stone, 2017-01-31 In the tradition of Theodore White's landmark books, the definitive look at how Donald J. Trump shocked the world to become president. From Roger Stone, a New York Times bestselling author, longtime political adviser, and friend to Donald Trump and consummate Republican strategist, comes the first in-depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming. In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had only hours before given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal from the mainstream media. Stone, a long-time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among forgotten Americans despite running a guerrilla-style grass roots campaign to compete with the smooth-running and free-spending Clinton political machine. From the start, Trump's campaign was unlike any seen on the national stage: combative, maverick, and fearless. Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security. Here, Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty and how he used the globalist trade deals like NAFTA to

win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider's view that includes studying opposition research into Bill Hillary and Chelsea Clinton's crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady's infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e-mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton's weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone's analysis is akin to Theodore H White's seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie

*The Making of the Modern Supermarket* Bridget Salmon, Andrew Godley, 2025-06-04 The Making of the Modern Supermarket describes the emergence and growth of the modern supermarket format in Britain showing how the original American innovation of self service was adapted to the different postwar British context in a number of ways During the early 1960s various retailers began to experiment with larger formats which became known as supermarkets Sainsbury's was a late mover into self service but began to develop a different supermarket model emphasising fresh foods and perishable goods This led it to pursue a more expensive path of development as it invested in self service creating its novel supermarket format by the end of the 1960s The book explores in detail how this Sainsbury's format evolved It was driven by the company's historic commitment to selling fresh meat and other perishable goods which demanded a much greater commitment to refrigeration in Sainsbury's self service format than was the case for its peers Because most consumers were suspicious of buying fresh meat and perishables through self service outlets in the early 1960s Sainsbury's also had to retain high levels of staffing to support their self service offering During the 1960s as they extended their product range they facilitated the development of one stop shopping in the UK where customers were able to buy all their food requirements in one shop rather than shopping around This became the most popular version of the supermarket format and it was the template that others copied as they tried to follow Sainsbury's example State, Power and Politics in the Making of the Modern Middle East Roger Owen, 2013-01-11 Roger Owen has fully revised and updated his authoritative text to take into account the latest

developments in the Middle East This book continues to serve as an excellent introduction for newcomers to the modern history and politics of this fascinating region This third edition continues to explore the emergence of individual Middle Eastern states since the fall of the Ottoman Empire at the end of the First World War and the key themes that have characterized the region since then *The Making of the European Spatial Development Perspective* Andreas Faludi, Bas Waterhout, 2002 This book explores the processes that led to the preparation of the document and outlines the differing perspectives of the European member states *Laughter, Humor, and the (Un)making of Gender* A. Foka, J. Liliequist, 2015-05-06 Humor is the tendency of particular cognitive experiences to provoke laughter and provide amusement Throughout history it has played a crucial role in defining gender roles and identities This collection offers an in depth thematic examination of this relationship between humor and gender spanning a variety of historical and cultural backdrops *The Making of Biblical Womanhood* Beth Allison Barr, 2021-04-20 USA TODAY BESTSELLER It is time for Christian patriarchy to end Biblical womanhood the belief that God designed women to be submissive wives virtuous mothers and joyful homemakers pervades North American Christianity From choices about careers to roles in local churches to relationship dynamics this belief shapes the everyday lives of evangelical women Yet biblical womanhood isn't biblical says historian Beth Allison Barr It arose from a series of clearly definable historical moments Barr presents historical insights and shares a better way forward for the contemporary church by giving context for contemporary teachings about women's roles in the church explaining why biblical womanhood is more about human power structures than the message of Christ interweaving her story and experiences as a Baptist pastor's wife shedding light on the ChurchToo movement and abuse scandals in Southern Baptist circles and the broader evangelical world This book moves the conversation about biblical womanhood beyond Greek grammar and into the realm of church history ancient medieval and modern to show that this belief is not divinely ordained but a product of human civilization that continues to creep into the church A powerful work of skillful research and personal insight Publishers Weekly Christianity Today 2022 Book Award Finalist History Biography Foreword INDIES 2021 Finalist for Religion
