Making Of The Christian World:

The Making of the Christian World J. Payne, Robert Payne, 1990 *The Making of the Christian World* Robert Payne, 1966 *The Making of a Christian Mind* Arthur Frank Holmes, 1985 *The Christian World* Martin Marty, 2009-01-13 In this cogent volume historian Martin Marty gives readers of all faiths a brief yet sweeping account of Christianity and how it grew from a few believers two thousand years ago to become the world's largest religion. He depicts the life of Christ and his teachings and explains how the apostles set out to spread the Gospel. With a special emphasis on global Christianity, Marty shows how the religion emerged from its ancestral homeland in Africa, the Levant, and Asia Minor, was imported to Europe, and then expanded from there to the rest of the world. While giving a broad overview, Marty also focuses on specific issues such as how Christianity attempts to reconcile with the teachings of Christ, some of its stances on armed conflict, justice, and dominion. *The Christian World* is a remarkable testament to how Christ's message has touched human experience everywhere.

Biblical Economic Policy: Ten Scriptural Truths for Fiscal and Monetary Decision-Making David Arnott PhD, Sergiy Saydometov PhD, 2021-09-06 What does the Bible say about economics? A lot. What about socialism, which is becoming an increasingly common concern in US economic policy discussions? In *Biblical Economic Policy*, Arnott and Saydometov build a biblical framework for analyzing national economic policy that takes on everything from taxes to spending to tariffs to minimum wage. The Bible has something to say about all these critical present-day issues, and this book explains how to apply it to 21st-century policies. Authors Dave Arnott and Sergiy Saydometov hold up the mirror of the Bible and ask their fellow Christians: Is this the way we're supposed to run a biblical economy? What the book is not: It is NOT a financial advice book. It is NOT about how to apply business principles at work. It is NOT about stewardship or giving. It is NOT about how to run your business for the glory of God. *Biblical Economic Policy* takes the macroeconomic view and analyzes how well America's economic policies align with biblical principles. This book tackles difficult present-day economic policies, including taxes, spending, national debt, interest rates, and money supply. Written with sound biblical grounding in accessible language, *Biblical Economic Policy* will turn the common reader into a biblical economic analyst.

Making African Christianity Robert J. Houle, 2011-09-16 In *Making African Christianity*, author Robert J. Houle argues that Africans successfully naturalized Christianity. This book examines the long history of the faith among colonial Zulu Christians, known as amakholwa, in what would become South Africa. As it has become clear that Africans are not discarding Christianity, a number of scholars have taken up the challenge of understanding why this is the case and how we got to this point. Where others have focused on the economic and political potential of conversion, this book argues that we need to understand what was embedded within the faith that Africans found so appealing. Houle argues that translation did not end with the Bible but extended to Christian theology, which needed to be fully appropriated before the faith was secure on the continent. For Zulu, the religion was not a good fit until converts filled critical gaps in the faith, such as how Christianity

could account for the active and everyday presence of the ancestral spirits a problem that was true for African converts across the continent in slightly different ways This book offers fresh insight into the history behind the contemporary success of Christianity on the continent and will be welcomed by African historians those interested in the history of colonialism missions southern African and in particular Christianity

The Making of Manhood Among Swedish Missionaries in China and Mongolia, C. 1890-c. 1914 Erik Sidenvall, 2009 Over the last thirty years issues of gender have been creatively explored within the field of mission studies Whereas the life and work of female missionaries have been fruitfully reflected upon male gender identity has often been understood as an unchanging category This book offers a pioneering account of the relationship between missionary work and masculinity By examining four individual men this study explores how self making occurred within foreign missions but also how conceptions of male gender informed missionary work Changes that occurred in the lives of these men are placed within the broader context of how issues of gender were renegotiated within the contemporary missionary movement

Making the Best of It John G. Stackhouse Jr., 2008-04-02 What should be the Christian's attitude toward society When so much of our contemporary culture is at odds with Christian beliefs and mores it may seem that serious Christians now have only two choices transform society completely according to Christian values or retreat into the cloister of sectarian fellowship In *Making the Best of It* John Stackhouse explores the history of the Christian encounter with society the biblical record and various theological models of cultural engagement to offer a more balanced and fruitful alternative to these extremes He argues that rather than trying to root up the weeds in the cultural field or trying to shun them Christians should practice persistence in gardening God's world and building toward the New Jerusalem Examining the lives and works of C S Lewis Reinhold Niebuhr and Dietrich Bonhoeffer for example and direction Stackhouse suggests that our mission is to make the most of life in the world in cooperation with God's own mission of redeeming the world he loves This model takes seriously the pattern of God's activity in the Bible and in subsequent history of working through earthly means through individuals communities and institutions that are deeply flawed but nonetheless capable of accomplishing God's purposes Christians must find a way to live in this world and at the same time do work that honors God and God's plan for us In an era of increasing religious and cultural tensions both internationally and domestically the model that Stackhouse develops discourages the all or nothing attitudes that afflict so much of contemporary Christianity Instead he offers a fresh and refreshingly nuanced take on the question of what it means to be a Christian in the world today
