Making Of Zimbabwe Decolonization In The Context Of Regional And International Politics:

The Making of Zimbabwe M. Tamarkin, 2012-11-12 First published in 1990 This volume is essentially a study in decolonization The approach of the author is of a conflict resolution process taken from the perspective of 1974 as the chosen point Following the decolonization of the Portuguese colonial empire the uniqueness of the decolonization of Rhodesia became more apparent and the conflict began to realize its full potential The author has taken three analytical concepts the goals continuum the strategic options continuum and the interaction within and between the three levels of the conflict system A Selected Bibliography--Sub-Saharan Africa ,1991 Unpopular Sovereignty Luise White, 2015-03-23 In 1965 the white minority government of Rhodesia after 1980 Zimbabwe issued a unilateral declaration of independence from Britain rather than negotiate a transition to majority rule In doing so Rhodesia became the exception if not anathema to the policies and practices of the end of empire In Unpopular Sovereignty Luise White shows that the exception that was Rhodesian independence did not in fact make the state that different from new nations elsewhere in Africa indeed this history of Rhodesian political practices reveals some of the commonalities of mid twentieth century thinking about place and race and how much government should link the two White locates Rhodesia s independence in the era of decolonization in Africa a time of great intellectual ferment in ideas about race citizenship and freedom She shows that racists and reactionaries were just as concerned with questions of sovereignty and legitimacy as African nationalists were and took special care to design voter qualifications that could preserve their version of legal statecraft Examining how the Rhodesian state managed its own governance and electoral politics she casts an oblique and revealing light by which to rethink the narratives of decolonization

African Democratic Montage E. Tamarkin,1990 Zimbabwe Deborah Helen Potts,Deborah Potts,1993 Politics and Religion in Zimbabwe Ezra Chitando,2020-04-03 This book illustrates how religion and ideology were used by Robert Mugabe to ward off opposition

within his own party in Zimbabwe and from the West. An interdisciplinary line up of contributors argue that Mugabe used a calculated narrative of deification presenting himself as a divine figure who had the task of delivering land freedom and confidence to black people across the world to remain in power in Zimbabwe. The chapters highlight the appropriation and deployment of religious themes in Mugabe's domestic and international politics, reflect on the contestation around the deification of Mugabe in Zimbabwean politics across different forms of religious expression including African Traditional Religions and various strands of Christianity, and initiate further reflections on the interface between religion and politics in Africa and globally. *Politics and Religion in Zimbabwe* will be of interest to scholars of religion and politics, Southern Africa and African politics.
