Handbook Chris Jones, Genevieve Jolliffe, 2006-01-01 This third edition of the UK's best selling filmmaker's bible builds upon the most successful features of the previous books. Including illustrations, diagrams and box outs, this book comes with a DVD packed with further interviews with filmmakers as well as theatrical trailers. **Making Your First Feature Film** Dominick Bagnato, 2017-10-24 The tools for independent filmmaking are more accessible today than ever. Yet there is much more to successfully creating a film than access to equipment and software. Chronicling the making of his debut feature film *A Convenient Truth* 2015, the author describes the practical preproduction steps needed to take a project from early concept to the first day of photography. Details most filmmaking guides don't include. A scene-by-scene breakdown describes the transferrable lessons learned during the production and postproduction phases. Filmmakers' options for what to do after completing their first feature are also covered. **My Death: a Personal Guidebook** Jeremy Kagan, 2013-06-26 This is a powerful memoir of a near-death experience. After a Native American sweat lodge, the author loses control of his body and then his life. He begins a passage that leads to a personal hell. He discovers a way to escape and emerges into an amazing exploration of the soul's journey. In this intense adventure, there are insights into stages of consciousness and encounters of blissful perfection. This spiritual inspirational book is meant to be an aid to removing the universal fear of the final journey we are all taking. The stories and the pictures are absolutely fascinating. It certainly deserves to be widely read. Dr. Jeffrey Long, M.D., author of *Evidence of the Afterlife*. Mr. Kagan has created a sprawling, intensely sensory world. The highly allusive style lends itself well to the book's marvelous evocation of the heady delirium and urgency of the primary death experience. Abigail Holstein, Associate Editor, *Ecco*. The prose is good and strong. I read every word of *My Death* wishing there were more. Virginia Barber, literary agent. The message of the book is deeply beautiful and timely. Janet Mills, Amber Allen Publishing Inc.

Research in Education, 1974 **No-Budget Feature Filmmaking in the Digital Era** Adam Nixon, 2025-09-01 This book chronicles the transformative impact of CMOS sensor technology on the global DIY filmmaking community. Through the lens of an ethnographer and outsider filmmaker, the author explores how digital cameras have democratized the art of filmmaking, allowing amateurs to create professional quality films on a shoestring budget. The journey begins with the author's own experience creating *Aspirin for the Masses*, a feature film shot for just 500 and extends into the broader world of no-budget filmmaking. Key concepts include the rise of the *Am Auteur*, the role of film festivals in identity creation, and the cultural capital of low-cost cinema. The book examines how digital technology has redefined notions of media dissolution and creation, offering new pathways for identity formation. It also delves into the performative aspects of film festivals where outsider artists gain socio-cultural status. This book is essential for scholars, filmmakers, and anyone interested in the intersection of technology and art. It offers a unique perspective on how digital cameras have reshaped the filmmaking landscape, empowering a new generation of creators to challenge traditional norms and redefine what it means to be an auteur in the digital age. **How to Make Your Own Video or Short Film** Bob Harvey, 2008-04-25 New technologies now
