Turner,2014-11-01 What is the relevance of Luc Boltanski s pragmatic sociology of critique to central issues in contemporary social and political analysis In seeking to respond to this question this book contains critical commentaries from prominent social theorists attempting to map out the influence and broad scope of Boltanski s oeuvre Classic and Contemporary Readings in Sociology Ian Marsh,Rosie Campbell, Mike Keating,2014-05-12 Classic and Contemporary Readings in Sociology introduces the reader to sociological issues theories and debates providing extracts of primary source material from both classical and contemporary theorists Theorists are examined within their historical and sociological framework and the text provides an analysis of developments in sociological thought and research The text is divided into four main sections Part One Origins and Concepts surveys the

Managerial Capitalism Gérard Duménil, Dominique Lévy, 2018-03-20 The debate around growing inequality is raging amongst economists and Marxists are finding new ways to map out the modern economy Managerial Capitalism introduces a new way of understanding the changing structure of our economy through the emergence and behaviour of a new class managers In the post war years as social democracy reigned managers tended to form compromises with workers However under neoliberalism allegiances have shifted Today a new alliance is forming between managers and capitalist owners changing the nature of the hierarchy of power under capitalism Additionally the authors argue this is happening much faster and universally than was previously thought By applying Marx's basic concepts to the reality of the system today through the use of extensive data sets as well as firmly rooting the argument in its historical context Managerial Capitalism updates Marxism for the twenty first century through showing how the modes of production today are shaped by a new class that must be understood if it is to be challenged
