## **Making Of English Teachers:**

**Literary Knowing and the Making of English Teachers** Larissa McLean Davies, Brenton Doecke, Philip Mead, Wayne Sawyer, Lyn Yates, 2022-09-29 At a time when knowledge is being re valued as central to curriculum concerns subject English is being called to account Literary Knowing and the Making of English Teachers puts long standing debates about knowledge and knowing in English in dialogue with an investigation of how English teachers are made in the 21st century This book explores for the first time the role of literature in shaping English teachers professional knowledge and identities by examining the impacts in particular of their own school teaching in their making The voices of early career English teachers feature throughout the work in a series of vignettes providing reflective accounts of their professional learning The authors bring a range of disciplinary expertise and standpoints to explore the complexity of knowledge and knowing in English They ask How do English teachers negotiate competing curriculum demands How do they understand literary knowledge in a neoliberal context What is core English knowledge for students and what role should literature play in the contemporary curriculum Drawing on a major longitudinal research project they bring to light what English teachers see as central to their work the ways they connect teaching with their disciplinary training and how their understandings of literary practice are contested and reimaged in the classroom This innovative work is essential reading for scholars and postgraduate students in the fields of teacher education English education literary studies and curriculum studies

**The Making of English Teachers** Robert Protherough, Judith Atkinson, 1991 Addresses a range of fundamental questions about what it actually means to be a teacher of English The authors go on to suggest ways in which we might make better English teachers

**Multilingualism as Opportunity** Marianne Turner, Bill Green, 2025-09-22 This book addresses how language is conceptualised in Australian schooling to deliver a better understanding of how multilingualism can be incorporated into everyday teaching and learning practice and policy By integrating different educational domains namely subject English teaching English to speakers of other languages TESOL Languages as a subject area and the learning of languages across the curriculum the text re frames language s learning for all students including first generation immigrants international students students born in Australia to immigrant parents and students with no exposure to other languages at home It is distinctive in that it brings together scholars from across the L1 and L2 fields Presenting a novel framework that addresses the positioning of both language and opportunity across different domains at school this book offers a multilingual vision for all teachers The Australian setting depicted serves as a rich and distinctive example for similar contexts worldwide This is an invaluable resource for students and academics in disciplines related to language s and education as well as teacher educators school leaders and practitioners

**English as a Language of Teaching and Learning for Community Secondary Schools in Tanzania** Elia Shabani Mligo, Mikael Mwashilindi, 2017-08-07 This book examines the challenges posed by English a foreign language as a language of teaching and learning for community secondary schools in Tanzania in

terms of academic performance The book probes the necessity for having two languages of instruction in the Tanzanian educational system While Kiswahili the native language is predominantly understood by the majority of people the discussion in this book indicates that most students in community secondary schools in Tanzania are incompetent in understanding writing listening reading and speaking English a language they use in learning and doing their examinations especially in the early stages of their secondary studies The incompetence in the above mentioned skills is mostly caused by their inability to cope with the abrupt transition in the languages of instruction from their pre primary and primary school study Kiswahili to secondary school study English Moreover most teachers are unable to use the English language as a means to impart knowledge or facilitate learning to their students leading them to code switching and code mixing This book poses a challenge to countries whose students pass through a transition from one language of instruction to another in their educational systems helping them to make appropriate decisions in regard to the appropriate language of teaching and learning

*Autonomous Language Learning with Technology* Chun Lai, 2017-06-29 This book looks beyond the classroom and focuses on out of class autonomous use of technology for language learning discussing the theoretical frameworks key findings and critical issues The proliferation of digital language learning resources and tools is forcing language education into an era of unprecedented change The book will stimulate discussions on how to support language learners to construct quality autonomous technology mediated out of class learning experience outside the classroom and raise greater awareness of and research interest in this field Out of class learning constitutes an important context for human development and active engagement in out of class activities is associated with successful language development With convenient access to expanded resources venues and learning spaces today's learners are not as dependent on in class learning as they used to be Thus a deeper understanding of the terrain of out of class learning is of increasing significance in the current educational era Technology is part and parcel of out of class language learning and has been a primary source that learners actively use to construct language learning experience beyond the classroom Language learners of all ages around the world have been found to actively utilize technological resources to support their language learning beyond formal language learning contexts Insights into learners out of class autonomous use of technology for language learning are essential to our understanding of out of class learning and inform educators on how language learners could be better supported to maximize the educational potentials of technology to construct quality out of class learning experience

Literacy in America Lawrence R. Samuel, 2024-05-07 Literacy in America A Cultural History of the Past Century is a history of literacy in the United States over the last one hundred years Told chronologically and supported by hundreds of research studies done over the years as reported in scholarly journals the work sheds new light on the important role that literacy and reading in general have played

in this country since the 1920s The subject is parsed through the voices of educators intellectuals and journalists who have weighed in on its many different dimensions Literacy is a key site of race gender and class offering insights related to the social and economic inequities that are embedded in our institutions The primary argument of Literacy in America is that literacy as a major part of education has functioned as a means of social control of children with authority figures dictating which reading material is acceptable and which is not Literacy has also operated as a vehicle of citizenship for Americans of all ages and as a symbol of the responsibilities of democracy With its ambitious scope the strives to be a seminal guide to literacy in America and add to our understanding of everyday life in the United States Most interesting perhaps is the twisting unpredictable journey of literacy since the end of World War I when I argue that the subject s modern era began Rather than follow a straight line both the perception and reality of reading swerved over the years offering a trajectory that makes for a compelling narrative for anyone interested in American cultural and social history Controversy of some kind has often surrounded literacy in the United States this alone making it a fascinating source of interest to explore in detail

*Sessional Papers* Great Britain. Parliament. House of Commons,1909      Report of the Board of Education Great Britain. Board of Education,1909      **Shakespeare and Indian Nationalism** Manojit Mandal,2023-09-29 Shakespeare and Indian Nationalism aims to articulate the reception of Shakespeare by the 19th century Indian intelligentsia from Bengal and their ambivalent approach to the Indian Renaissance and consequent nationalist project Showcasing the cultural politics of British imperialism this volume focuses on six early nationalist writers and their engagement with Shakespeare Ishwarchandra Vidyasagar 1820 1891 Hemchandra Bandopadhyay 1838 1903 Girishchandra Ghosh 1844 1912 Purnachandra Basu 1844 unknown Iswarchandra Vidyasagar 1820 1891 Bankimchandra Chattopadhyaya 1838 1894 and Rabindranath Tagore 1861 1941 Drawing on Antonio Gramsci s theory of hegemony and a host of prominent writers of cultural politics nationalism and Indian history this interdisciplinary approach combines postcolonial studies and Shakespeare studies in an attempt to reconcile the existence of an unbridled admiration for an English cultural icon in India alongside the rise of nationalism and a fierce resistance to British rule The book finally moves to re explore Shakespeare s position in academic political and popular nationalist discourses in postcolonial India
