Marcy The Gold Seekers The Journal Of:

Marcy & the Gold Seekers. The Journal of Captain R.B. Marcy, with an Account of the Gold Rush Over the Southern Route, by Grant Foreman. [With Plates, Including Maps.]. Randolph Benton MARCY, Grant FOREMAN, 1939 *Marcy & the Gold Seekers* Randolph Barnes Marcy, Grant Foreman, 1939 Marcy & the Gold Seekers Grant Foreman, Randolph Barnes Marcy, 1939 **Riding for the Brand** Michael Pettit, 2012-11-27 Folks all over West Texas and eastern New Mexico will tell you Cowdens have been ranching here for as long as anyone can remember The Cowdens in fact have been at the forefront of the cattle business for 150 years Arriving in Texas in the 1850s Cowden men and women raised and trailed cattle sought out water and better grazing land tangled with Comanches and helped extend the western line of Anglo settlement as they raised their families They eventually moved to New Mexico where they established the renowned JAL Ranch Award winning writer Michael Pettit a Cowden descendant and former rancher offers a compelling portrait of this genuine American ranching family Riding for the Brand spans six generations and two states to serve up a real slice of the Old West complete with cowboys and Indians cattle and buffalo open range and barbed wire Pettit skillfully blends family saga with an urbanite's firsthand look at life on today's 50 000 acre Cowden Ranch where the one dependable factor is the constant wind Riding for the Brand traces the evolution of the Texas and New Mexico cattle business from the era of intimate ranching communities to today's oil enriched or corporate operations But it's also the story of one man's search for identity through his connections to a family a place and a way of life **Catching the Sky** Colten Moore, 2016-01-19 A transcendent story about risk and the pursuit of happiness family and the bond between brothers Dust and prairie were abundant on the Texas Panhandle the land that gave birth to generations of Moores But instead of working the land or the cattle that fed upon it the Moore brothers Colton and Caleb heeded another call Their dreams paired with hard work and family sacrifice eventually became reality The Moore brothers with their boundary exploding athleticism innovation and appetite for risk became stars on the burgeoning freestyle ATV and snowmobile circuits If it had wheels they could flip it often higher and better than anyone else leading a band of pioneers intent on breaking new ground and in a new sport before multitudes of fans at the X Games and beyond In this vivid page turning narrative Colten Moore offers a profound and deeply moving perspective on his life and that of his brother Catching the Sky is a clear eyed look at extreme sports what drives people to take wild chances and how one man Colten couldn't stop even after the worst possible outcome His story reminds us that we can dream and sometimes achieve the impossible that we can follow our own path that we can lose something lose everything only to find it again often in the most unlikely place **A Cultural Resource Overview for the Amargosa-Mojave Basin Planning Units** Claude N. Warren, Martha C. Knack, Elizabeth Warren, 1980 *The Chickasaws* Arrell M. Gibson, 2012-11-21 For 350 years the Chickasaws one of the Five Civilized Tribes made a sustained effort to preserve their tribal institutions and independence in the face of increasing encroachments by white men This is the first book length account of their valiant but doomed struggle

Against an ethnohistorical background the author relates the story of the Chickasaws from their first recorded contacts with Europeans in the lower Mississippi Valley in 1540 to final dissolution of the Chickasaw Nation in 1906 Included are the years of alliance with the British the dealings with the Americans and the inevitable removal to Indian Territory Oklahoma in 1837 under pressure from settlers in Mississippi and Alabama Among the significant events in Chickasaw history were the tribe s surprisingly strong alliance with the South during the Civil War and the federal actions thereafter which eventually resulted in the absorption of the Chickasaw Nation into the emerging state of Oklahoma

A Cultural Resources Overview of the Colorado Desert Planning Units ,1981

Life of George Bent George E. Hyde,2015-01-13 George Bent the son of William Bent one of the founders of Bent s Fort on the Arkansas near present La Junta Colorado and Owl Woman a Cheyenne began exchanging letters in 1905 with George E Hyde of Omaha concerning life at the fort his experiences with his Cheyenne kinsmen and the events which finally led to the military suppression of the Indians on the southern Great Plains This correspondence which continued to the eve of Bent s death in 1918 is the source of the narrative here published the narrator being Bent himself Almost ninety years have elapsed since the day in 1930 when Mr Hyde found it impossible to market the finished manuscript of the Bent life down to 1866 The Depression had set in some months before He accordingly sold that portion of the manuscript to the Denver Public Library retaining his working copy which carries down to 1875 The account therefore embraces the most stirring period not only of Bent s own life but of life on the Plains and into the Rockies It has never before been published It is not often that an eyewitness of great events in the West tells his own story But Bent s narrative aside from the extent of its chronology 1826 to 1875 has very special significance as an inside view of Cheyenne life and action after the Sand Creek Massacre of 1864 which cost so many of the lives of Bent s friends and relatives It is hardly probable that we shall achieve a more authentic view of what happened as the Cheyennes Arapahos and Sioux saw it

Depredation and Deceit Gregory F Michno,2017-09-14 The Trade and Intercourse Acts passed by Congress between 1796 and 1834 set up a system for individuals to receive monetary compensation from the federal government for property stolen or destroyed by American Indians By the end of the Mexican American War both Anglo Americans and Nuevomexicanos became experts in exploiting this system and in using the army to collect on their often fraudulent claims As Gregory F Michno reveals in *Depredation and Deceit* their combined efforts created a precarious mix of false accusations public greed and fabricated fear that directly led to new wars in the American Southwest between 1849 and 1855 Tasked with responding to white settlers depredation claims and gaining restitution directly from Indian groups soldiers typically had no choice but to search out often innocent Indians and demand compensation or the surrender of the guilty party turning once friendly bands into enemy groups whenever these tense encounters exploded in violence As the situation became more volatile citizens demanded a greater army presence in the region and lucrative military contracts became yet another reason to encourage the continuation of frontier violence Although the records are replete with officers questioning accusations and discovering

civilians deceit more often than not the army was forced to act in direct counterpoint to its duties as a constabulary force And whenever war broke out the acquisition of more Indian land and wealth began the cycle of greed and violence all over again The Trade and Intercourse Acts were manipulated by Anglo Americans who ensured the continuation of the very conflicts that they claimed to abhor and that the acts were designed to prevent In bringing these machinations to light Michno s book deepens and darkens our understanding of the conquest of the American Southwest *Catalogue of Copyright Entries* Library of Congress. Copyright Office,1940 **Catalog of Copyright Entries. New Series** Library of Congress. Copyright Office,1938 Notes on Blood Meridian John Sepich,2013-05-01 Sepich offers his insight and detailed research to the less knowledgeable reader He crafts a book that will delight the McCarthy specialists Western American Literature Blood Meridian 1985 Cormac McCarthy s epic tale of an otherwise nameless kid who in his teens joins a gang of licensed scalp hunters whose marauding adventures take place across Texas Chihuahua Sonora Arizona and California during 1849 and 1850 is widely considered to be one of the finest novels of the Old West as well as McCarthy s greatest work The New York Times Book Review ranked it third in a 2006 survey of the best work of American fiction published in the last twenty five years and in 2005 Time chose it as one of the 100 best novels published since 1923 Yet Blood Meridian s complexity as well as its sheer bloodiness makes it difficult for some readers To guide all its readers and help them appreciate the novel s wealth of historically verifiable characters places and events John Sepich compiled what has become the classic reference work Notes on Blood Meridian Originally published in 1993 Notes remained in print for only a few years and has become highly sought after in the rare book market with used copies selling for hundreds of dollars In bringing the book back into print to make it more widely available Sepich has revised and expanded Notes with a new preface and two new essays that explore key themes and issues in the work This amplified edition of Notes on Blood Meridian is the essential guide for all who seek a fuller understanding and appreciation of McCarthy s finest work *Roadside New Mexico* David Pike,2004 The people geological features and historic events that have made New Mexico what it is today are commemorated in over 350 historic markers along the state s roads This guide is designed to fill in the gaps and answer the questions those markers provoke *The Choctaws in Oklahoma* Clara Sue Kidwell,2008-07-01 The Choctaws in Oklahoma begins with the Choctaws removal from Mississippi to Indian Territory in the 1830s and then traces the history of the tribe s subsequent efforts to retain and expand its rights and to reassert tribal sovereignty in the late twentieth century This book illustrates the Choctaws remarkable success in asserting their sovereignty and establishing a national identity in the face of seemingly insurmountable legal obstacles **Stealing the Gila** David H. DeJong,2016-09-15 By 1850 the Pima Indians of central Arizona had developed a strong and sustainable agricultural economy based on irrigation As David H DeJong demonstrates the Pima were an economic force in the mid nineteenth century middle Gila River valley producing food and fiber crops for western military expeditions and immigrants Moreover crops from their fields provided an additional source of food for the

Mexican military presidio in Tucson as well as the U S mining districts centered near Prescott For a brief period of about three decades the Pima were on an equal economic footing with their non Indian neighbors This economic vitality did not last however As immigrants settled upstream from the Pima villages they deprived the Indians of the water they needed to sustain their economy DeJong traces federal territorial and state policies that ignored Pima water rights even though some policies appeared to encourage Indian agriculture This is a particularly egregious example of a common story in the West the flagrant local rejection of Supreme Court rulings that protected Indian water rights With plentiful maps tables and illustrations DeJong demonstrates that maintaining the spreading farms and growing towns of the increasingly white population led Congress and other government agencies to willfully deny Pimas their water rights Had their rights been protected DeJong argues Pimas would have had an economy rivaling the local and national economies of the time Instead of succeeding the Pima were reduced to cycles of poverty their lives destroyed by greed and disrespect for the law as well as legal decisions made for personal gain

Harvard Guide to American History Frank Freidel, Frank Burt Freidel, Richard K. Showman, 1974 Editions for 1954 and 1967 by O Handlin and others

Indian Removal Grant Foreman, 1976 Studies the means by which the nineteenth century white man uprooted the Southern Indians and pushed them Westward

Soldiers in the Southwest Borderlands, 1848-1886 Janne Lahti, 2017-04-13 Most military biographies focus on officers many of whom left diaries or wrote letters throughout their lives and careers This collection offers new perspectives by focusing on the lives of enlisted soldiers from a variety of cultural and racial backgrounds Comprised of ten biographies *Soldiers in the Southwest Borderlands* showcases the scholarship of experts who have mined military records descendants recollections genealogical sources and even folklore to tell common soldiers stories The essays examine enlisted soldiers cross cultural interactions and dynamic situational identities They illuminate the intersections of class culture and race in the nineteenth century Southwest The men who served under U S or Mexican flags and on the payrolls of the federal government or as state or territorial volunteers represented most of the major ethnicities in the West Hispanics African Americans Indians American born Anglos and recent European immigrants and many moved fluidly among various social and ethnic groups For example though usually described as an Apache scout Mickey Free was born to Mexican parents raised by an American stepfather adopted by an Apache father given an Irish name and was ultimately categorized by federal authorities as an Irish Mexican White Mountain Apache George Goldsby a former slave of mixed ancestry served as a white soldier in the Union army during the Civil War and then served twelve years as a Buffalo Soldier in the all black Tenth U S Cavalry He also claimed some American Indian ancestry and was rumored to have crossed the Mexican border to fight alongside Pancho Villa What motivated these soldiers Some were patriots and adventurers Others were destitute and had few other options Enlisted men received little professional training and possibilities for advancement were few Many of these men witnessed underwent or inflicted extreme violence some of it personal and much of it related to excruciating military campaigns Spotlighting ordinary

men who usually appear on the margins of history the biographical essays collected here tell the stories of soldiers in the complex world of the Southwest after the U S Mexican War **The Inspectors General of the United States Army, 1777-1903** David A. Clary, Joseph W. A. Whitehorne, 1987 A study of the establishment of inspection practices in the United States Army told chronologically in large part through the experiences of officers assigned to the inspection service The record of the inspectorate illustrates those daily concerns that influenced the institutional development of the Inspector General Corps as a whole

The Engaging Realm of Kindle Books: A Thorough Guide Unveiling the Benefits of E-book Books: A World of Ease and Versatility E-book books, with their inherent mobility and simplicity of access, have freed readers from the limitations of physical books.
