Ugolini,2021-03-31 This book explores the relationship between middle class fathers and sons in England between c 1870 and 1920 We now know that the conventional image of the middle class paterfamilias of this period as cold and authoritarian is too simplistic but there is still much to be discovered about relationships in middle class families Paying especial attention to gender and masculinities this book focuses on the interactions between fathers and sons exploring how relationships developed and masculine identities were negotiated from infancy and childhood to adulthood and old age Drawing on sources as diverse as autobiographies oral history interviews First World War conscription records and press reports of violent incidents this book questions how fathers and sons negotiated relationships marked by shifting relations of power as well as by different combinations of emotional entanglements obligations and ties It explores changes as fathers and sons grew older and assesses fathers role in trying to mould sons masculine identities characters and lives It reveals negotiation and compromise as well as rebellion and conflict underlining that fathers and sons were important to each other their relationships a significant if often overlooked aspect of middle class men s lives and identities **Literature and the Great**

1918-1939 Michael Hammond,2019-12-01 Assesses how America s film industry remembered World War I during the interwar period This is the definitive account of how America s film industry remembered and reimagined World War I from the Armistice in 1918 to the outbreak of World War II in 1939 Based on detailed archival research Michael Hammond shows how the war and the sociocultural changes it brought made their way into cinematic stories and images He traces the

development of the war's memory in films dealing with combat on the ground and in the air the role of women behind the lines returning veterans and through the social problem and horror genres Hammond first examines movies that dealt directly with the war and the men and women who experienced it He then turns to the consequences of the war as they played out across a range of films some only tangentially related to the conflict itself Hammond finds that the Great War acted as a storehouse of motifs and tropes drawn upon in the service of an industry actively seeking to deliver clearly told entertaining stories to paying audiences Films analyzed include *The Big Parade* *Grand Hotel* *Hell's Angels* *The Black Cat* and *Wings* Drawing on production records set designs personal accounts and the advertising and reception of key films the book offers unique insight into a cinematic remembering that was a product of the studio system as it emerged as a global entertainment industry Hammond's intelligent and insightful account of the formation of cinematic treatments of the Great War in America constitutes a major addition to the critical literature on film It acts as a prism through which to see refracted multiple themes central to the social and cultural history of the interwar years Jay Winter author of *War beyond Words* *Languages of Memory from the Great War to the Present* **Arthur Mee** Keith Crawford, 2016-07-28 Arthur Mee 1875-1943 best remembered as the creator of *The Children's Encyclopaedia* was more than a popular editor journalist and travel writer for a generation of young readers and their parents the name Arthur Mee truly meant something For many in his audience the narratives and discourses embedded within his writing tied together and legitimised a trinity of beliefs that lay at the heart of his nonconformist faith and character God England and Empire Despite the enormous appeal of his many published works which during the first half of the twentieth century saw him become a household name and a major publishing brand Mee has remained an ethereal figure In *Arthur Mee* the first full length account of Mee's life since 1946 Crawford draws upon a range of Mee's correspondence to offer for the first time a realistic picture of the man at work and at home as an antidote to the overly romanticised image attached to his name The book places Mee's work within the wider cultural political and social context of an England undergoing unparalleled societal change and technological advancement Scholars of the history of education children's literature and beyond will find much of interest in these pages and childhood devotees to Mee's publications may well find themselves transported back to a time of wonder imagination and hope *1956 and All That* Dan Rebellato, 2002-03-11 It is said that British Drama was shockingly lifted out of the doldrums by the revolutionary appearance of John Osborne's *Look Back in Anger* at the Royal Court in May 1956 But had the theatre been as ephemeral and effeminate as the Angry Young Men claimed Was the era of Terence Rattigan and Binkie Beaumont as repressed and closeted as it seems In this bold and fascinating challenge to the received wisdom of the last forty years of theatrical history Dan Rebellato uncovers a different story altogether It is one where Britain's declining Empire and increasing panic over the problem of homosexuality played a crucial role in the construction of an enduring myth of the theatre By going back to primary sources and rigorously questioning all assumptions Rebellato has rewritten the history of the Making of Modern British Drama

Field Marshal Sir Henry Wilson Keith Jeffery, 2006-03-09 Field Marshal Sir Henry Wilson an Irishman who in June 1922 was assassinated on his doorstep in London by Irish republicans was one of the most controversial British soldiers of the modern age Before 1914 he did much to secure the Anglo French alliance and was responsible for the planning which saw the British Expeditionary Force successfully despatched to France after the outbreak of war with Germany A passionate Irish unionist he gained a reputation as an intensely political soldier especially during the Curragh crisis of 1914 when some officers resigned their commissions rather than coerce Ulster unionists into a Home Rule Ireland During the war he played a major role in Anglo French liaison and ended up as Chief of the Imperial General Staff professional head of the army a post he held until February 1922 After Wilson retired from the army he became an MP and was chief security adviser to the new Northern Ireland government As such he became a target for nationalist Irish militants being identified with the security policies of the Belfast regime though wrongly with Protestant sectarian attacks on Catholics He is remembered today in unionist Northern Ireland as a kind of founding martyr for the state Wilson's reputation was ruined in 1927 with the publication of an official biography which quoted extensively and injudiciously from his entertaining indiscreet and wildly opinionated diaries giving the impression that he was some sort of Machiavellian monster In this first modern biography using a wide variety of official and private sources for the first time Keith Jeffery reassesses Wilson's life and career and places him clearly in his social national and political context

Working Class Cultures in Britain, 1890-1960 Prof Joanna Bourke, Joanna Bourke, 2008-01-28 Integrating a variety of historical approaches and methods Joanna Bourke looks at the construction of class within the intimate contexts of the body the home the marketplace the locality and the nation to assess how the subjective identity of the working class in Britain has been maintained through seventy years of radical social cultural and economic change She argues that class identity is essentially a social and cultural rather than an institutional or political phenomenon and therefore cannot be understood without constant reference to gender and ethnicity Each self contained chapter consists of an essay of historical analysis introducing students to the ways historians use evidence to
