Margins of Desire Lynne Hapgood, 2005-01-01 *Margins of Desire* Lynne Hapgood, 2005-05-06 Who said that the suburbs are boring The suburban trick is to look ordinary and be extraordinary as Lynne Hapgood's absorbing discussion of the suburbs in fiction from 1880 1925 reveals Strangers and the Enchantment of Space in Victorian Fiction, 1830-1865 Kristen Pond, 2023-10-20 Tracing the origins of how we think about strangers to the Victorian period *Strangers and the Enchantment of Space in Victorian Fiction 1830 1865* explores the vital role strangers had in shaping social relations during the cultural transformations of the Industrial Revolution transportation technologies and globalization While studies of nineteenth century Britain tend to trace the rise of an aloof cosmopolitanism and distancing narrative strategies this volume calls attention to the personalizing impulse in nineteenth century literary form investigating the deeply personal reflections on individual and national identities In her book Dr Pond leads the reader through homes of the urban poor wandering the Great Exhibition in the Crystal Palace loitering in suburban neighborhoods riding the railway and touring a country estate Readers will experience how the ordinary can be enchanting and how the mundane can be unexpected discovering a new way of thinking about strangers and their influence on our lives Through an examination of the short and long fictional forms of Martineau Dickens Bront Gaskell and Braddon this study locates the figure of the stranger as a powerful topos in the story of Victorian literature and the ethics of social relations This book will be ideal for those seeking to understand the dynamics of the stranger in Victorian fiction as a figure for understanding the changing dynamics of social relations in England in the early nineteenth century **Edwardian Culture** Samuel Shaw, Sarah Shaw, Naomi Carle, 2017-11-22 *Edwardian Culture Beyond the Garden Party* is the first truly interdisciplinary collection of essays dealing with culture in Britain c 1895 1914 Bringing together essays on literature art politics religion architecture marketing and imperial history the study highlights the extent to which the culture and politics of Edwardian period were closely intertwined The book builds upon recent scholarship that seeks to reclaim the term Edwardian from prevalent restrictive usages by venturing beyond the garden party and the political rally to uncover some of the terrain that lies between The essays in the volume which deal with both famous writers such as J M Barrie and Arnold Bennett as well as many lesser known figures draw attention to the nuanced multiplicity of experience and cultural forms that existed during the period and highlight the ways in which a closer examination of Edwardian culture complicates our definitions of Victorian and Modern The book argues that the Edwardian era rather than constituting a coda to the Victorian period or a languid pause before modernism shook things up possessed a compelling and creative tenor of its own *Lower-Middle-Class Nation* Nicola Bishop, 2020-12-10 *Lower Middle Class Nation* provides an unparalleled interdisciplinary cultural history of the lower middle class worker in British life since 1850 Considering highbrow lowbrow and middle brow forms across literature film television and more Nicola Bishop traces the development of the lower middle class from the mid 19th century to the present day tackling a number of pressing consistent

concerns such as automation commuting and the search for a life work balance Above all this book brings together ideas about class nationhood and gender demonstrating that a particularly British lower middle class identity is constructed through the spaces and practices of the everyday Aimed at undergraduate postgraduates and scholars working in media and social history literature popular culture cultural studies and sociology *Lower Middle Class Nation* represents a new direction in cultural histories of work labour and leisure *Conceiving the City* Nicholas Freeman,2007-09-20 *Conceiving the City* is an innovative study of the ways in which a generation of late Victorian novelists poets painters and theoreticians attempted to represent London in literature and art Breaking away from the language and style of Dickens and the static panorama paintings of William Powell Frith major figures such as Henry James and J M Whistler and crucially less celebrated authors such as Arthur Machen Edwin Pugh and George Egerton bent realism into exciting new shapes In the naturalism of George Gissing and Arthur Morrison the fragmentary impressions of Ford Madox Ford and the brooding mystery of Alvin Langdon Coburn s photogravures London emerged as a focus for dynamic explicitly modern art Although many of these insights would be dismissed or at least downplayed by subsequent generations the ideas evolved during the period from 1870 to 1914 anticipate not only the work of high modernists such as Eliot and Woolf but also that of later urban theorists such as Foucault and de Certeau and the novels and travelogues of contemporary London writers Peter Ackroyd and Iain Sinclair Nicholas Freeman recovers a sense of late Victorian London as a subject for dynamic theoretical and aesthetic experiments and shows in stimulating analyses of Conan Doyle H G Wells Arthur Symons and others how much of our understanding of urban space we owe to eminent and not so eminent Victorian figures Written in a clear and accessible style the book restores a much needed historical perspective to our engagement with the metropolis *Intermodernism* Kristin Bluemel,2011-05-27 This collection of original critical essays newly available in paperback launches an ambitious long term project marking out a new period and style in twentieth century literary history *Slow Train to Arcadia* Duncan Gager,2024-11-12 Railway commuting is today a mundane and routine necessity yet for the Victorians it was a novel experience It opened up new possibilities of living at a remove from the crowded urban centre while staying connected to its places of work Commuting helped transform London s urban landscape as the compact city of Dickens s London gave way to the suburban sprawl of the British capital in the early twentieth century *Slow Train to Arcadia* is a history of London s suburban railway network from the 1830s to 1921 and its impact on urban mobility The book charts the relationship between the three main actors in the formation of the suburban railway the state the railway companies and the travelling public While the railway age came quickly to Victorian Britain commuting took a slower journey to commonplace status In the 1840s William Gladstone sought to make railway travel accessible to all but commuting was experienced differently according to class and gender *Slow Train to Arcadia* explains why the democratization of commuting proved to be an elusive goal Today s workers are living through a fundamental reversal in the relationship between home and the workplace For many a daily commute is being consigned to

history a shift that will have long term social and economic consequences *Slow Train to Arcadia* is a timely exploration of the origins of mass commuting a similarly transformative period for the daily patterns of working life ***The Kinks*** Mark Doyle,2020-04-13 Of all the great British rock bands to emerge from the 1960s none had a stronger sense of place than the Kinks Often described as the archetypal English band they were above all a quintessentially working class band with a deep attachment to London particularly the patch of suburban North London where most of the members grew up In this illuminating study Mark Doyle examines the relationship between the Kinks and their city from their early songs of teenage rebellion to their later album length works of social criticism providing a unique perspective on the way in which the band responded to the shifting nature of working class life Along the way he finds fascinating and sometimes surprising connections with figures as diverse as Edmund Burke John Clare Charles Dickens and the Covent Garden Community Association More than just a book about the Kinks this is a book about a city a nation and a social class undergoing a series of profound sometimes troubling changes and about a group of young men who found a way to describe lament and occasionally even celebrate those changes through song ***Imperial Middlebrow*** ,2020-05-11 The collection *Imperial Middlebrow* edited by Christoph Ehland and Jana Gohrisch takes middlebrow studies further in two ways First it focuses on the role middlebrow writing played in the popularisation and dissemination of imperial ideology It combines the interest in the wider function of literature for a colonial society with close scrutiny of the ideological and socio economic contexts of writers and readers The essays cover the Girl s Own Paper fiction about colonial India including its appearance in Scottish writing the West Indies the South Pacific as well as illustrations of Haggard s South African imperial romances Second the volume proposes using the concept of the middlebrow as an analytical tool to read recent Black and Asian British as well as Nigerian fiction ***A Companion to the English Novel*** Stephen Arata,Madigan Haley,J. Creativity from Suburban Nowheres Ilja Van Damme, Ruth McManus, Michiel Dehaene, 2023-07-26 Looking at suburbs as places of creativity gives rise to novel and thought provoking narratives that typically run counter to the idea that suburbs are sites of ordinary mundane and everyday practices Far from being geographies of nowhere dull materialistic and monotone suburbs are unpacked as being heterogeneous and historically layered places of living work and creation Situating creativity in place and time Creativity from Suburban Nowheres displaces mainstream understandings of creativity and widespread stereotypes commonly

associated with the suburbs Contributors explore the particular forms of creativity that suburbs elicit both in the process of their making materialization and community construction and in the myriad ways in which suburbs are inhabited and experienced They highlight accounts of suburbs as places that give people the space and latitude to shape individual and collective identities through creative practices at odds with mainstream culture and often remote from the classic agglomeration assets associated with inner cities Anchored in historical and geographical research this volume highlights how and in what forms creativity should be understood in the suburbs why and when creativity can be found and how the notion of suburban creativity overthrows ingrained and dominant normative viewpoints Rather than seeing creativity arise despite its suburban location Creativity from Suburban Nowheres illuminates the emancipatory potential of suburbs for creativity

Heartthrobs Carol Dyhouse, 2017 What can a cultural history of the heartthrob teach us about women desire and social change From dreams of Prince Charming or dashing military heroes to the lure of dark strangers and vampire lovers from rock stars and rebels to soulmates dependable family types or simply good companions female fantasies about men tell us as much about the history of women as about masculine icons When girls were supposed to be shrinking violets passionate females risked being seen as unbridled or dangerously out of control Change came slowly and young women remained trapped in double binds You may have needed a husband in order to survive but you had to avoid looking like a gold digger Sexual desire could be dangerous a rash guide to making choices Show attraction too openly and you might be judged fast and undesirable Education and wage earning brought independence and a widening of cultural horizons Young women in the early twentieth century showed a sustained appetite for novel reading cinema going and the dancehall They sighed over Rudolph Valentino's screen performances as tango dancer Arab tribesman or desert lover Contemporary critics were sniffy about shop girl taste in literature and in men but as consumers girls had new clout In Heartthrobs social and cultural historian Carole Dyhouse draws upon literature cinema and popular romance to show how the changing position of women has shaped their dreams about men from Lord Byron in the early nineteenth century to boy bands in the early twenty first Reflecting on the history of women as consumers and on the nature of fantasy escapism and fandom she takes us deep into the world of gender and the imagination A great deal of feminist literature has shown women as objects of the male gaze this book looks at men through the eyes of women

The Gothic: Studies in History, Identity and Space Katarzyna Więckowska, 2020-04-14 This volume was first published by Inter Disciplinary Press in 2012 The Gothic Studies in History Identity and Space offers a critical examination of gothic elements in fiction film and popular culture texts from the beginnings of the genre to the present The articles collected in the volume explore questions of identity space history and social equilibrium as portrayed through a distinctly Gothic imagery Tracing a gothic itinerary through different times and places from the English classic Gothic novels and their Italian counterpart to postcolonial and postmodern fiction and to contemporary film and fashion it presents a persuasive account of how and why the Gothic continues to fascinate readers and

critics alike Writing disenchantment Andrew Frayn, 2015-11-01 It has become axiomatic that First World War literature was disenchanted or disillusioned and returning combatants were unable to process or communicate that experience In Writing disenchantment Andrew Frayn argues that this was not just about the war non combatants were just as disenchanted as those who fought and writers such as D H Lawrence and Virginia Woolf produced some of the sharpest criticisms Its language already existed in contemporary sociological and historical accounts of the problems of mass culture and the modern city whose structures contained the conflict and were strengthened during it Archival material sales data and reviews are used to chart disenchantment in a wide range of early twentieth century war literature from novels about fears of invasion and pacifism through the modernist novels of the 1920s to its dominance in the War Books Boom of 1928-30 This book will appeal to scholars and students of English literature social and cultural history and gender studies **G.K. Chesterton, London and Modernity** Matthew Beaumont, Matthew Ingleby, 2013-12-05 G K Chesterton *London and Modernity* is the first book to explore the persistent theme of the city in Chesterton's writing Situating him in relation to both Victorian and Modernist literary paradigms the book explores a range of theoretical and methodological approaches to address the way his imaginative investments and political interventions conceive urban modernity and the central figure of London While Chesterton's work has often been valued for its wit and whimsy this book argues that he is also a distinctive urban commentator whose sophistication has been underappreciated in comparison to more canonical contemporaries With chapters written by leading scholars in the field of 20th century literature the book also provides fresh readings and suggests new contexts for central texts such as *The Man Who Was Thursday* *The Napoleon of Notting Hill* and the Father Brown stories It also discusses lesser known works such as *Manalive* and *The Club of Queer Trades* drawing out their significance for scholars interested in urban representation and practice in the first three decades of the 20th century
