Invisible Terrain Stephen J. Ross, 2017-07-21 In his debut collection *Some Trees* 1956 the American poet John Ashbery poses a question that resonates across his oeuvre and much of modern art: How could he explain to them his prayer that nature not art might usurp

the canvas When Ashbery asks this strange question he joins a host of transatlantic avant gardists from the Dadaists to the 1960s neo avant gardists and beyond who have dreamed of turning art into nature of creating art that would be valid solely on its own terms in the way nature itself is valid in the way a landscape not its picture is aesthetically valid Clement Greenberg 1939 Invisible Terrain reads Ashbery as a bold intermediary between avant garde anti mimeticism and the long western nature poetic tradition In chronicling Ashbery s articulation of a completely new kind of realism and his engagement with figures ranging from Wordsworth to Warhol the book presents a broader case study of nature s dramatic transformation into a resolutely unnatural aesthetic resource in 20th century art and literature The story begins in the late 1940s with the Abstract Expressionist valorization of process surface and immediacy summed up by Jackson Pollock s famous quip I am Nature that so influenced the early New York School poets It ends with Breezeway a poem about Hurricane Sandy Along the way the project documents Ashbery s strategies for literalizing the stream of consciousness metaphor his negotiation of pastoral and politics during the Vietnam War and his investment in bad nature poetry
