Mahoney,1999 This intriguing book brings a fresh perspective to bear on the intimate charged partnership of John and Robert Kennedy The author Richard D Mahoney whose father was a friend of Bobby s and an appointee of Jack s has both the academic and political experience necessary to evaluate evidence of the Kennedys relations with the Mafia anti Castro rebels and other groups lurking in the shadows of American life He also has a sharp eye for the brothers differing yet complementary personalities Jack was intellectual and cheerfully cynical with a zest for pleasure increased by a life threatening illness concealed from the public He looked to passionate partisan Bobby for bulldog like political support and used his brother as a moral compass when planning his administration s actions on civil rights the corruption of organized labor and the containment of Communism Their powerful father Joseph whose deep pockets basically bought Jack the presidency and at the same time compromised it because of Joseph s links to organized crime looms over the brothers as the author of a Faustian bargain that may well have played a role in JFK s assassination Mahoney s vivid compulsively readable text offers suggestive questions rather than definitive answers but it certainly succeeds as a bracing corrective to America s inability to see its history as tragedy a failure Jack and Bobby emphatically did not share Wendy Smith     **Marilyn Monroe Diary** Ermes Lorena,Lory Lee,2014-01-01 Smart and glossy soft cover Marilyn Monroe Diary 2014 Excellent paper and plenty of space to handle your day week reminders appointments The week to view structure Monday Sunday makes this product more than a work diary It adds to your diary the space of a notebook for plotting also your romantic dates Perfect gift for family and friends for home or office Size 6 69 x 9 61 inches cm 17 x 24 4 110 pages     **Re-visiting Female Evil** Melissa Dearey,Susana Nicolás,Roger Davis,2017-08-28 Reflecting current trends in scholarly analysis of evil and the feminine the chapters contained in Re visiting Female Evil focus upon various re interpretations of evil femininities as a cultural signifier of agency transgression and crisis re interpreting them through rewriting of other stories hermeneutic re interpretations of ancient classical texts and revised film stage adaptations These papers illustrate how gendered cultural myths of women s intrinsic connection to evil still persist in today s patriarchal society though in variant and updated forms Mischievous beguiling seductive lascivious unruly carping vengeful and manipulative from the Disney princess to the murderous Medea these authors grapple with our understanding of what it is to be and do evil exploring the possible sources of the fear and hatred of women and the feminine as well as their continual fascination and appeal and how these manifest in a range of real life and fictional narratives that cross times cultures and media     **Conspiracy - Legends** David Gardner,2023-07-06 In Conspiracy Legends David Gardner delves into the world of celebrity to investigate legendary stories that continue to fascinate and intrigue to this day If people famously remember where they were when JFK was assassinated many also recall where they were and what they were doing when Elvis Princess Diana and John Lennon died As for Marilyn Monroe the candle flickered out long ago but only now can the truth be told about how and why she died After combing through thousands of recently declassified FBI files interviewing key witnesses crime analysts and forensic experts during

years of research investigative writer David Gardner has unearthed new information that will transform the way we look at these iconic tragedies as well as include new insights on the conspiracy theories that surround the deaths of Bob Marley Kurt Cobain and even the Queen For the first time Conspiracy Legends provides many of the answers that have been so elusive for so long while explaining what it was about these enduring legends that made them so memorable *Living Miracles*

This collection investigates the architecture of focus in linguistic theory from different theoretical perspectives Research on focus and information structure in the last four decades has shown that the phenomenon of focus is highly complex the theoretical approaches manifold and the data highly sensitive The main emphasis has been placed on the integration of the notion of focus in generative grammar In recent years however the approaches to focus and information structure underwent a radical change in perspective The theoretical concept of focus its related terms and phenomena became the object of research Along with it the research questions shifted instead of locating focus in the architecture of grammar linguists investigate the architecture of focus itself The central underlying idea of this collection is to document this change in perspective with the aim of isolating essential keystones and research areas in both the theoretical and empirical domain The book is structured accordingly Following the introduction there are four main sections The general section discusses the theoretical foundations of focus within grammar The second section hosts papers which investigate the representation of focus and topic at the syntax pragmatics interface The third section discusses the phonological representation of focus and its relation to meaning The papers of the final section investigate different types of focus constructions in a variety of languages The collection of papers on the architecture of focus its interpretation and representation mirror the establishment of the focus research field *THE JFK FILES* Peter Kross, 2019-02-12

In October 2017 2 800 files about the 1963 murder were made public for the first time bringing to the fore revelations that an alleged Cuban intelligence officer met Lee Harvey Oswald in Mexico City and praised his shooting ability and that the Soviet spy agency KGB believed then Vice President Lyndon Johnson may have conspired to assassinate Kennedy On April 26 2018 the U S Government released 19 000 newly declassified government documents on the Kennedy assassination It is said that investigators learned little except that the

government's ideas about what needs to be secret and what doesn't are cryptic and unpredictable. Some stuff in the documents that had been open for years is now classified again and some stuff that had been classified and is now open is so innocuous that nobody can figure out what the point was. In some cases the documents had re-redacted material that had already been declassified in previous versions. Often that seemed to reflect Trump administration sensitivities to the feelings of foreign governments. A 1975 CIA report on the surveillance of shooter Lee Harvey Oswald during his visit to the Soviet embassy in Mexico City just a few weeks before Kennedy's death was released years ago identifying a particular photo as coming from a Mexican police surveillance camera. In the same document re-released April 26 the words Mexican police had been covered over. Why are these documents even more redacted than previously known versions of the same document? What astonishing information was released by the documents if any? Why aren't all of the documents released in their entirety without any information redacted? Are the intelligence agencies afraid they will look incompetent and unable to protect the President? Or do they further confirm that Vice President Lyndon Johnson was involved in the assassination as earlier documents suggested?
