Dario De Biasi. Reading. Catalogo della mostra (Mantova, 2-30 settembre 2003). Ediz. italiana e inglese Maria Cristina Didero, 2003 Mario De Biasi born in 1923 became the undisputed leader of the photo journalism movement during his long association with Epoca With his camera lens De Biasi has carefully and poetically captured people reading in every sort of situation around the world And here we have a kind of short circuit leaping through the pages of a book of photography whose subject is reading Reading means culture pause amusement information study escape subtle pleasure it means being able to forget about time Can you learn to read by watching people reading Perhaps you can but you cannot be cured of reading It is a chronic and perhaps infectious disease De Biasi concludes his reading project with seventy black and white pictures the fruit of forty years of travels and encounters It is a universal story told by cultured people reading from Saudi Arabia to the United States A social panorama that leaves space for reflection reflection on reading as an inescapable and vital act a liaison that unites and brings together peoples and traditions as only knowledge is able to do Book jacket
