**Mark** Robert Gundry, 2000-05 This monumental work presents a careful well argued alternative reading of the Greek text of Mark a reading that pays special attention to such literary devices as word order chiasm inclusio asyndeton and the historical present tense Driving the commentary is Gundry s provocative seldom defended thesis that Mark s Gospel constitutes a straightforward apology for the shameful manner of Jesus death as such Mark is essentially an evangelistic tract rather than an obliquely written handbook of Christian discipleship and church life Sure to become recognized as the heavyweight English commentary on the Gospel of Mark This massive commentary rich with exegetical detail and critical assessment of the secondary literature makes an important contribution not only to Markan research but also to the study of the historical Jesus Christian Scholars Review Mark Robert H. Moss, 2010-05-24 Moss begins by tracing the theme of imitating Jesus through suffering in the literature of the Jesus movement and early church and its application in martyrdom literature She demonstrates the importance of imitating the sufferings of Christ as a practice and ethos in the Jesus movement She then proceeds to the interpretations of the martyr s death and afterlife arguing against the dominant theory that the martyr s death was viewed as a sacrifice and finding that in their post mortem existence martyrs continue to be assimilated to Christ closely resembling the exalted Christ as intercessors judges enthroned monarchs and banqueters **Reading Mark in Context** Zondervan, 2018-08-21 Over the last several decades the Jewishness of Jesus has been at the forefront of scholarship and students of the New Testament are more than ever aware of the importance of understanding Jesus and the Gospels in their Jewish context Reading Mark in Context

helps students see the contour and texture of Jesus' engagement with his Jewish environment. It brings together a series of accessible essays that compare and contrast viewpoints, theologies and hermeneutical practices of Mark and his various Jewish contemporaries. Going beyond an introduction that merely surveys historical events and theological themes, this textbook examines individual passages in Second Temple Jewish literature in order to illuminate the context of Mark's theology and the nuances of his thinking. Following the narrative progression of Mark's Gospel, each chapter in this textbook 1) pairs a major unit of the Gospel with one or more sections of a thematically related Jewish text, 2) introduces and explores the historical and theological nuances of the comparative text, and 3) shows how the ideas in the comparative text illuminate those expressed in Mark.

*Mark at the Threshold* Geoff R. Webb, 2008-07-31 The discussion concerning Markan characterisation and Markan genre can be helpfully informed by Bakhtinian categories. This book uses the twin foci of chronotope and carnival to examine specific characters in terms of different levels of dialogue. Various passages in Mark are examined and thresholds are noted between interindividual character zones and between the hearing reader and text voices. Several generic contacts are shown to have shaped the text's genre: memory in particular, the Graeco-Roman popular literature of the ancient world. The resultant picture is of an earthy populist Gospel whose voices resonate with the vulgar classes and whose spirituality is refreshingly relevant to everyday concerns.

The Lion and the Lamb Andreas J. Köstenberger, L. Scott Kellum, Charles L. Quarles, 2012-07-15 Engaging and accessible, *The Lion and the Lamb* is an ideal resource for college students and others interested in knowing the essentials of each New Testament book. A concise summary of *The Cradle, the Cross, and the Crown*, the acclaimed New Testament introduction by the same authors, this volume sets a new standard for high-level up-to-date research presented in a core knowledge format that is practical, relevant, and easy to follow. Part One features chapters on the nature of Scripture and the religious and political background of the New Testament. Part Two covers the Gospels in the canonical order: Matthew, Mark, Luke, and John. Part Three uses Acts as the framework for treating Paul's letters in chronological/written order: Galatians, 1 & 2 Thessalonians, 1 & 2 Corinthians, Romans, and the Prison and Pastoral Epistles: Philippians, Ephesians, Colossians, Philemon, and 1 & 2 Timothy and Titus, respectively. Part Four includes discussions of the General Epistles: Hebrews, James, 1 & 2 Peter, 1 & 3 John, Jude, and Revelation. Each chapter clearly discusses the book's key facts, contribution to the canon, historical setting, literary features, and theological message. In all, *The Lion and the Lamb* makes this learning exciting and rewarding.

**The Crucified King** Jeremy R. Treat, 2014-05-27 The kingdom of God and the atonement are two of the most important themes in all of Scripture. Tragically, theologians have often either set the two at odds or focused on one to the complete neglect of the other. In *The Crucified King*, Jeremy Treat demonstrates that Scripture presents a mutually enriching relationship between the kingdom and atonement that draws significantly from the story of Israel and culminates in the crucifixion of Christ, the king. As Israel's messiah, he holds together the kingdom and the cross by bringing God's reign on earth through his atoning death. The kingdom is the ultimate goal of

the cross and the cross is the means by which the kingdom comes Jesus death is not the failure of his messianic ministry nor simply the prelude to his royal glory but is the apex of his kingdom mission The cross is the throne from which he rules and establishes his kingdom Using a holistic approach that brings together the insights of biblical and systematic theology this book demonstrates not only that the kingdom and the cross are inseparable but how they are integrated in Scripture and theology

*The Gospel of Mark* John R. Donahue, Daniel J. Harrington, 2005 In *The Gospel of Mark* Fathers Donahue and Harrington use an approach that can be expressed by two terms currently used in literary criticism intratextuality and intertextuality This intratextual and intertextual reading of Mark's Gospel helps us to appreciate the literary character its setting in life and its distinctive approaches to the Old Testament Jesus and early Christian theology Intratextuality means we read Mark as Mark and by Mark Such a reading expresses interest in the final form of the Gospel not its source or literary history and in its words and images literary devices literary forms structures characterization and plot Reading Mark by Mark gives particular attention to the distinctive vocabulary and themes that run throughout the Gospel and serve to hold it together as a unified literary production Intertextuality comprises the relation between texts and a textual tradition and also referring to contextual materials not usually classified as texts e.g. archaeological data Intertextuality is used to note the links of the text of Mark's Gospel to other texts especially the Old Testament and to the life of the Markan community and of the Christian community today

**Mark 15:39 as a Markan Theology of Revelation** Brian K. Gamel, 2017-10-19 In the Gospel of Mark Jesus arrest trial and execution ends with the Roman centurion who oversees the death process proclaiming Jesus as God's son Gamel explores two key questions in relation to this moment what does the centurion mean when he says that Jesus is God's son and why does he say it The confession is not made on the basis of any signs nor from any indication that he perceives Jesus death as honourable or exemplary This apparent lack of motivation itself highlights a key Markan theme that this insight is revealed by an apocalyptic act of God signalled by the tearing of the temple veil Thus the confession which we can understand to be made sincerely and knowledgeably is the result of an act of God's revelation alone Gamel explores the theory of Mark depicting a story in which all human characters exhibit varying levels of blindness to the spiritual realities that govern their lives By making a thorough examination of Mark's Gospel while placing primary focus on the centurion the study is unlimited and presents a serious examination of the whole Gospel Gamel concludes his argument with the point that at the foot of the cross this blindness is decisively confronted by God's apocalyptic act The offer of sight to the centurion demonstrates the reconciliation of God and humanity which are otherwise in Mark's Gospel repeatedly presented as antagonistic spheres Finally the fact that revelation is offered to a Gentile highlights the inclusion of the nations into the promises of Israel

*The Significance of the Temple Incident in the Narratives of the Four Gospels* Deolito V. Vistar, 2018-11-08 Deolito Vistar brings a new perspective to the interpretation of the temple incident a key event in Jesus life by approaching the subject not from the historical Jesus point of view but from that of the authors of the Gospels Using

composition criticism as a method Vistar sensitively analyzes the four Gospels accounts of the incident and shows areas of commonalities and crucial areas where the four evangelists have their own distinctive understanding of what Jesus meant by his protest in the temple This book is a helpful example of the use of composition analysis in the exegesis of Gospel texts It is also a helpful study of what is now generally taken for granted in Gospel scholarship that the four evangelists were both historians and theologians

The Theological Role of Paradox in the Gospel of Mark Laura C. Sweat, 2013-10-10 Scholarship on the Gospel of Mark has long been convinced of the paradoxical description of two of its primary themes christology and discipleship This book argues that paradoxical language pervades the entire narrative and that it serves a theological purpose in describing God's activity Part One focuses on divine action present in Mark 4 10 12 In the first paradox Mark portrays God's revelatory acts as consistently accompanied by concealment The second paradox is shown in the various ways in which divine action confirms yet counters scripture Finally Mark describes God's actions in ways that indicate both wastefulness and goodness deeds that are further illuminated by the ongoing yet defeated presence of evil Part Two demonstrates that this paradoxical language is widely attested across Mark's passion narrative as he continues to depict God's activity with the use of the three paradoxes observed in Mark 4 Through paradoxical narrative Mark emphasizes God's transcendence and presence showing that even though Jesus has brought revelation a complete understanding of God remains tantalizingly out of their grasp until the eschaton 4 22

Abingdon New Testament Commentaries: Mark Prof. C. Clifton Black, 2011-09-01 Mark's genius lies not in telling a story about Jesus but in creating conditions under which the reader may experience the peculiar quality of God's good news The Evangelist hurries one along breathlessly immediately making sure that the reader lurches with the characters into one pothole after another What is this new teaching that consorts with the flagrantly sinful turning the pious homicidal intimates into strangers and mustard seeds into the greatest of all shrubs Jesus' closest adherents the Twelve are among the most muddled Who can blame them They ask for an obscure parable's interpretation and receive an answer even more confounding They are told to feed thousands with next to nothing Their boat almost capsizes while their teacher sleeps As they oar in rough waters the teacher strides the waves intending to bypass them Putting the reader in the same boat Mark structures conversations with Jesus that make little sense if any The Twelve are craven stupid self-serving and disobedient meet the average Christian Besides their hearts were hardened Who hardens hearts God Should not God's Messiah lift the burdens of those following him What kind of Christ heads to a cross handing his disciples another for themselves Do you not yet understand from the Introduction

*The Characterisation of Jesus the Davidic Shepherd in Mark's Gospel* Edmund Yiu-ming Leung, 2025-03-17

**Character Studies and the Gospel of Mark** Matthew Ryan Hauge, Christopher W. Skinner, 2015-02-26 Characters in the Second Gospel are analysed and an in-depth look at different approaches currently employed by scholars working with literary and reader-oriented methods of analysis is provided The first section consists of essays on method theory and the second consists of seven exegetical

character studies using a literary or reader oriented method All contributors work from a literary narrative critical reader oriented or related methodology The book summarizes the state of the discussion and examines obstacles to arriving at a comprehensive theory of character in the Second Gospel Specific contributions include analyses of the representation of women God Jesus Satan Gentiles and the Roman authorities of Mark's Gospel This work is both an exploration of theories of character and a study in the application of those theories     **Paul and Mark** Oda Wischmeyer, David C. Sim, Ian J. Elmer, 2014-08-20 The hypothesis that the Gospel of Mark was heavily influenced by Pauline theology and or epistles was widespread in the nineteenth century but fell out of favour for much of the twentieth century In the last twenty years or so however this view has begun to attract renewed support especially in English language scholarship This major and important collection of essays by an international team of scholars seeks to move the discussion forward in a number of significant ways tracing the history of the hypothesis from the nineteenth century to the modern day searching for historical connections between these two early Christians analysing and comparing the theology and christology of the Pauline epistles and the Gospel of Mark and assessing their reception in later Christian texts This major volume will be welcomed by those who are interested in the possible influence of the apostle to the Gentiles on the earliest Gospel     *Pictures of Atonement* Ben Pugh, 2020-08-31 Slave markets temple courts prophetic lawsuits diplomatic treaties imperial victory processions dying and rising deities These and more are the pictures painted by the New Testament writers as they search for language to describe their life changing experiences of God through Jesus Some of these pictures might still resonate with us many do not *Pictures of Atonement* surveys the six most important metaphors of atonement used in the New Testament with a view to not explaining away the pictures but being able to see them with fresh eyes This is now the final volume in a trilogy of books that have looked at the atonement first from the angle of reason and tradition *Atonement Theories* then from experience *Old Rugged Cross* and now from the viewpoint of New Testament theology     *John's Relationship with Mark* Ian D. Mackay, 2004 This book is a literary historical enquiry into the relationship between John and Mark with special emphasis on the feeding saga in each Because of the differences between these key canonised texts the question of how their differences are to be understood is important in regard to our understanding of Biblical authority and interpretation and in particular of the meaning and importance of the Eucharist The research finds that the writers of John's Gospel knew Mark and that John shows a certain degree of influence from it both positive and negative Ian D Mackay surveys the debate to date looks at general literary and strategic similarities and differences between John and Mark and then analyses John 6 in comparison with Mark 6:8 and certain other related texts in Mark The detailed analysis of the debate the points of literary similarity between the two Gospels as a whole and the emergence of Markan strategies lifted from Mark and applied in John to supporting a literary agenda virtually contrary to that of Mark especially in regard to the roles of the disciples and the crowds in the plot of each as a whole may well be useful for those interested in the question of how the four Gospels relate to

one another
