period during the years of the First World War to the return to order of the 1920s when Gertler was recognized as a consummate painter with a highly individual vision Gertler s biographer and cataloger Sarah MacDougall introduces us to celebrated and little known painting and drawings from a number of private collections Example of Gertler s experimental figurative work in this period include three of his four boxing studies show together here for the first time and two rarely exhibited drawings for his iconic anti war painting Merry Go Round 1916 both of which caused an outcry when first exhibited
