Mark My Words A Guide To Modern Usage

Bryan A. Garner

Mark My Words A Guide To Modern Usage:

Garner's Modern English Usage Bryan A. Garner, 2022 *Garner's Modern English Usage* is one of the most influential style guides ever written for the English language. With more than a thousand new entries, 200 replacement entries, and thoroughly updated usage data, this fifth edition is fully abreast of the times and further establishes the author as the authority on effective writing.

Garner's Modern American Usage Bryan Garner, 2009-07-28 Since first appearing in 1998, *Garner's Modern American Usage* has established itself as the preeminent guide to the effective use of the English language. Brimming with witty, erudite essays on troublesome words and phrases, *GMAU* authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers, whether the issues relate to grammar, punctuation, word choice, or pronunciation. An exciting new feature of this third edition is *Garner's Language Change Index*, which registers where each disputed usage in modern English falls on a five-stage continuum from nonacceptability to the language community as a whole to acceptability, giving the book a consistent standard throughout. *GMAU* is the first usage guide ever to incorporate such a language change index. The judgments are based both on *Garner's* own original research in linguistic corpora and on his analysis of hundreds of earlier studies. Another first in this edition is the panel of critical readers: 120 plus commentators who have helped *Garner* reassess and update the text so that every page has been improved. Bryan A. Garner is a writer, grammarian, lexicographer, teacher, and lawyer. He has written professionally about English usage for more than 28 years, and his work has achieved widespread renown. David Foster Wallace proclaimed that Bryan Garner is a genius, and William Safire called the book excellent. In fact, due to the strength of his work on *GMAU*, *Garner* was the grammarian asked to write the grammar and usage chapter for the venerable *Chicago Manual of Style*. His advice on language matters is second to none. *Garner's Modern American Usage* Bryan A. Garner, 2003 Painstakingly researched with copious citations from books, newspapers, and news magazines, this new edition has become the classic reference work, praised by professional copy editors. Hospital Administration and Management United States. Veterans Administration. Medical and General Reference Library, 1952

Mark My Words Lee Clark Mitchell, 2020-05-14 Why are Emily Dickinson and Henry James drawn habitually to dashes? What makes James Baldwin such a fan of commas, which William Carlos Williams tends to ignore? And why do that odd couple, the novelist Virginia Woolf and the short story specialist Andre Dubus II, both embrace semicolons, while E. E. Cummings and Nikki Giovanni forego punctuation entirely? More generally, what effect do such nonverbal marks, or their absence, have on an author's encompassing vision? The first book on modern literature to compare writers' punctuation and to show how fully typographical marks alter our sense of authorial style, *Mark My Words* offers new ways of reading some of our most important and beloved writers, as well as suggesting a fresh perspective on literary style itself.
