Clifton Black, 2011-09-01 Mark's genius lies not in telling a story about Jesus but in creating conditions under which the reader may experience the peculiar quality of God's good news The Evangelist hurries one along breathlessly immediately making sure that the reader lurches with the characters into one pothole after another What is this new teaching that consorts with the flagrantly sinful turning the pious homicidal intimates into strangers and mustard seeds into the greatest of all shrubs Jesus' closest adherents the Twelve are among the most muddled Who can blame them They ask for an obscure parable's interpretation and receive an answer even more confounding They are told to feed thousands with next to nothing Their boat almost capsizes while their teacher sleeps As they oar in rough waters the teacher strides the waves intending to bypass them Putting the reader in the same boat Mark structures conversations with Jesus that make little sense if any The Twelve are craven stupid self-serving and disobedient meet the average Christian Besides their hearts were hardened Who hardens hearts God Should not God's Messiah lift the burdens of those following him What kind of Christ heads to a cross handing his disciples another for themselves Do you not yet understand from the Introduction **Mark for Everyone** Tom Wright, 2001-01-19 Tom Wright has completed a tremendous task to provide comprehensive guides to all the books of the New Testament and to furnish them with his own fresh translation of the entire text Each short passage is followed by a highly readable commentary with helpful background information The format makes it appropriate also for daily study Tom Wright's eye-opening comments on the gospel and what it might mean for us are combined passage by passage with his own fresh and involving translation Making use of his true scholar's understanding yet writing in an approachable and anecdotal style Wright captures the urgency and excitement of Mark's gospel in a way few writers have **Does Mark 16:9-20 Belong in the New Testament?** David W. Hester, 2015-03-19 For almost fifty years much has been written concerning Mark 16:9-20 During the same time period evidence once counted against Mark 16:9-20 was shown to be otherwise In this study David W. Hester surveys modern scholarship 1965-2011 surrounding the passage He examines the passage itself the external evidence with particular attention paid to the manuscripts and the patristics especially those of the second and third centuries and the internal evidence featuring details that are problematic as well as those that favor Markan authorship Finally a proposal concerning the origin of the passage is presented The first edition of Mark's Gospel ended at 16:8 resulting in the manuscript tradition that omits the passage but this was not his intended ending Later his associates attached Mark's notes and published a second edition of the Gospel with the last twelve verses This led to its inclusion Given that the passage is cited by second and third century witnesses and attributed to Mark along with the biblical prohibition against adding to or

taking from Scripture it is doubtful that an anonymous second century author could have been successful in adding his own composition and it being widely accepted by the early church
