while developing important transnational networks far from New York from Madrid to Venice Zagreb to Otterlo Bringing together close readings of O'Hara's poems and unpublished letters with a selection of archival illustrations Holman argues for O'Hara's sense of exuberant continuity between life as a writer and a curator an American and a cosmopolitan revealing that he was so much more besides the quintessential New York poet It is perfect reading for anyone interested in American art in the mid 20th century curatorial and museum studies or simply this lesser known but fascinating aspect of the legendary poet's career
