The Practice of Sustainable Tourism Michael Hughes,David Weaver,Christof Pforr,2015-06-19 Sustainable tourism is a widely used term that has accumulated considerable attention from researchers and policy makers over the past two decades However there is still an apparently wide gap between theory and practice in the area Recent scholarly research has tended to focus on niche areas of alternative tourism rather than address the broader issues and vagaries and paradoxes that appear to plague the broader notion of sustainable tourism As such there is a need for a new and pragmatic analysis of sustainable tourism as an overarching idea and how this manifests in practice The Practice of Sustainable Tourism fulfils this need by offering a fresh perspective on sustainable tourism as an umbrella concept with inherent tensions It presents a way of thinking about tourism based on the notion of finding common ground using the dialectic tradition of philosophy Dialectics focusses on resolving opposing viewpoints by recognising they have common elements that can be combined into a rational and practical solution over time As part of this approach the book examines the strongly apparent tensions within alternative tourism as well as the paradox of continuing growth and other mass tourism related issues It is divided into three parts Part I includes chapters discussing the general concept of sustainable tourism its history current status and possible futures Part II includes a range of destination case studies exploring how sustainable tourism has been applied and Part III includes perspectives from the tourism operator view Given the international content and challenging themes the book will be appealing internationally to students researchers and academics in the fields of tourism geography sustainability and social science

Destination Branding and Bias in Ecotourism Abrar, Muhammad,Nawaz, Muhammad Asim,Kiran, Faiqa,2024-11-29 Destination branding in ecotourism shapes tourist and

traveler's perceptions and experiences. It creates a unique identity for a location that highlights its natural beauty, cultural heritage, and commitment to sustainability. Biases may also impact this branding, influencing which destinations are promoted and their perception by potential visitors. Factors like socioeconomic status, geographic location, and environmental narratives can lead to disparities in visibility and accessibility. Further understanding of these biases can develop authentic and equitable ecotourism practices that benefit both travelers and local communities.

Destination Branding and Bias in Ecotourism explores practices and strategies in ecotourism using destination marketing, bias, and brand authenticity. It examines the use of intelligent technologies and data analysis for marketing strategies to promote cultural sites and environmentally conserved areas. This book covers topics such as environmental science, digital technology, and social media and is a useful resource for computer engineers, environmental scientists, marketers, tourism professionals, academicians, and researchers.

Experiencing Persian Heritage Antónia Correia, Metin Kozak, Ana Isabel Rodrigues, 2019-09-06. The book analyses new perspectives and challenges for the development of tourism and hospitality in emerging international destinations based on Iran as a heritage destination.

Medical Tourism: Breakthroughs in Research and Practice Management Association, Information Resources, 2017-11-30. The era of globalization allows for more connectivity between nations and cultures. This increase in international association gives citizens the ability to take advantage of opportunities in other nations such as medical assistance and accompanying services. **Medical Tourism: Breakthroughs in Research and Practice** is a comprehensive reference source for the latest scholarly material on trends, practices, and emerging phenomena of international travel by patients for medical treatment and examines the benefits and challenges of these services. Highlighting a range of pertinent topics such as hospitality management, reproductive medicine, and ethical considerations, this multi-volume book is ideally designed for the needs of healthcare providers, nonprofit organizations, students, and medical professionals seeking relevant research on the relationship between global travel and access to healthcare.

Managerial Competence within the Hospitality and Tourism Service Industries John Saeed, 2006-09-27. This book examines cross-cultural managerial competence across all managerial functions. Focusing particularly on the hospitality and tourism industry, editor Saeed examines the cross-cultural implications of planning, workplace communication, recruitment, promotion, induction, training, supervision, industrial relations management, change, customer service, financial management, and marketing. Incorporating well-structured discussion, this book demonstrates an excellent balance of theory and practical application and takes an innovative angle on the analysis of the host countries' managers undergoing culture shock. This volume will be useful to students across many disciplines, including cross-cultural studies, international business, and tourism.
