Has China Devised a Superior Path to Wealth Creation? The Role of Secular Values Charles Hampden-Turner,Peter Peverelli,Fons Trompenaars,2021-06-21 The rise of China will profoundly change the world and the rest of us now have a chance to understand how and why this is happening or continue to moralise about this disaster thought to harm our way of life What is especially galling is that the Chinese appear better able to create wealth and value than the West Even in the midst of political denunciations more and more businesses are profitably engaging China We have to face the fact that China excels at what we are supposed to admire the peaceful creation of wealth It even withstands the current pandemic several hundred times more successfully than we have The answers to China s success lie not in communism but in Chinese civilization and culture which is 22 centuries old and extends to most of East Asia and has traded peacefully since Roman times This is a book about measured business cultures East and West and explains using largely Western scholarship why China is winning and will continue to do so unless and until we wake up

**New Theory and Practice of Capitalism** John Bosco Nkumunue,2014-06-10 Most people today are poor and unemployment continues to run rampant Can capitalism truly lift us up Author John Bosco Nkumunue an economist believes it can as long as the world gets behind a new form and concept of capitalism Nkumunue is on a mission to fight poverty redistribute wealth and create better living conditions for vast numbers of people In this study he outlines how this new form of capitalism would affect the rich the middle class and the poor He explores critical issues such as the key role that demand plays in the economy the unforeseen ways in which liquidity affects us ways in which businesses can bolster markets through investment and ways for consumers can wield power in the marketplace A progressive form of capitalism could alleviate the worlds suffering and narrow the wealth gap by stimulating investment and therefore job growth It has the potential to change the economic classes of the world decrease poverty and end the global economic crisis
