The Ground of Good Theology Dale Partridge,2022-10-02 Bad Theology is always Built Upon a Weak Foundation Most Christians have formed their theology from a collection of sermons books podcasts and independent Bible reading That is to say few Christians have been classically or formally trained in the study of God As a result many Christians hold a splintered inconsistent and disordered view of God the Gospel and His Word In this introduction to systematic theology Dale Partridge offers readers a foundation and starting point to build a faithful understanding of God

Inerrancy and Worldview Vern S. Poythress,2012-05-31 Though the Bible presents a personal and relational God popular modern worldviews portray an impersonal divine force in a purely material world Readers influenced by this competing worldview hold assumptions about fundamental issues like the nature of humanity evil and the purpose of life that present profound obstacles to understanding the Bible In Inerrancy and Worldview Dr Vern Poythress offers the first worldview based defense of scriptural inerrancy showing how worldview differences create or aggravate most perceived difficulties with the Bible His positive case for biblical inerrancy implicitly critiques the worldview of theologians like Enns Sparks Allert and McGowan Poythress who has researched and published in a variety of fields including science linguistics and sociology deals skillfully with the challenges presented in each of these disciplines By directly addressing key examples in each field Poythress shows that many difficulties can be resolved simply by exposing the influence of modern materialism Inerrancy and Worldview s positive response to current attempts to abandon

Ash,2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash s study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward **Faith Reads** David
