Matters of Life and Death Tom L. Beauchamp, 1986 **Paperbound Books in Print**, 1992 *Proceedings of the Meaning in Life International Conference 2022 - Cultivating, Promoting, and Enhancing Meaning in Life Across Cultures and Life Span (MIL 2022)* Alex Chi-Keung Chan, Michael F. Steger, Raymond Chi-Fai Chui, Nicolson Yat-Fan Siu, Susanna Chung Ping Wong Ip, Bess Yin-Hung Lam, 2023-02-10 This is an open access book Meaning in Life MIL International Conference 2022 Cultivating Promoting and Enhancing Meaning in Life Across Cultures and Life Span will be held On 22 25 June 2022 Onsite Live Online at The Hong Kong Shue Yan University Hong Kong China The concept of meaning in life MIL has recently earned a renaissance of interest Although MIL has always been framed as significant for human survival it has simultaneously been portrayed as chronically lacking in people's lives Furthermore though MIL has been seen as a universal need it is also highly idiosyncratic These paradoxes of MIL being a basic necessity but also a rare commodity and as being universal yet idiosyncratic have driven the quest for meaning throughout history and across disciplines The COVID 19 pandemic has not only been changing and impacting the ways we live but also initiates us to quest more about what still makes life meaningful in this chaotic challenging and uncertain world The increasing quest for MIL provides the driver for meaning enhancing interventions and meaning centered practices but the efficacy of these interventions is influenced by cultural and developmental moderators Thus the MIL International Conference 2022 will focus on the theme of cultivating promoting and enhancing meaning in life across cultures and life span and welcomes paper presentations that share and discuss empirical based and evidence based MIL research practice and applications
