Matters Of The Heart:

Matters of the Heart Charlotte Vale Allen, 1998-10 *Matters of the Heart* Fay Bound Alberti, 2010-01-14 The heart is the most symbolic organ of the human body Across cultures it is seen as the site of emotions as well as the origin of life We feel emotions in the heart from the heart stopping sensation of romantic love to the crushing sensation of despair And yet since the nineteenth century the heart has been redefined in medical terms as a pump an organ responsible for the circulation of the blood Emotions have been removed from the heart as an active site of influence and towards the brain It is the brain that is the organ most commonly associated with emotion in the modern West So why then do the emotional meanings of the heart linger Why do many transplantation patients believe that the heart for instance can transmit memories and emotions and why do we still refer to emotions as heartfelt We cannot answer these questions without reference to the history of the heart as both physical organ and emotional symbol *Matters of the Heart* traces the ways emotions have been understood between the seventeenth and nineteenth centuries as both physical entities and spiritual experiences With reference to historical interpretations of such key concepts as gender emotion subjectivity and the self it also addresses the shifting relationship from heart to brain as competing centres of emotion in the West *Matters of the Heart* Wendell Phillips, 2011-11 In the early years of my adult life I found myself face to face with *Matters of the Heart* Various life changing situations revealed feelings of extreme loneliness conditional love and indescribable rejection These situations had me going as far as questioning my own self worth and as a result I felt the need to pen my every emotion feeling and state of being it was during this time I felt the urging need not to fall victim to rejection s trance As I began to heal and metamorphosis out of a state of pain hurt and depression and into true unadulterated happiness unconditional love and a heart and mind that is in alignment with the true lover of my soul I began to believe in love once again Assembled before you is a collection of poetic thought provoking poems that will surely pierce the deepest crevices of the heart It is my hope that you will find yourself once again believing in love No words can express how talented you truly are You make the words come to life Sends chills down my spine Benita M Yes sir Share the gift that God has given you You are a wordsmith and you have an uncanny control over language Thank you for allowing me to experience it Can t wait for more God Bless Brandon R Writing is inspirational It can carry us through pain and rejoice with us in times of happiness *Matters of the heart* is an example of such It allows you to explore your feelings and gives others the opportunity to take that journey with you Dana C Awesome man George T

joy and heartbreak and finds serenity through the lens of her camera Content in her SoHo loft she isn't looking for a man or excitement But these things find her when she flies to London to photograph one of the world's most celebrated writers Finn O'Neill exudes warmth and a boyish charm Enormously successful he is a perfect counterpoint to Hope's quiet steady grace and he's taken instantly by her He courts her as no one ever has before whisking her away to his palatial isolated Irish estate Hope finds it all and him irresistible But soon cracks begin to appear in his stories Gaps in his history a few innocent lies and bouts of jealousy unnerve her Suddenly Hope is both in love and deeply in doubt and ultimately frightened of the man she loves Is it possible that this adoring man is hiding something even worse The spell cast by a brilliant sociopath has her trapped in his web too confused and dazzled to escape as he continues to tighten his grip on her Danielle Steel delivers an unforgettable tale of danger and obsessive love as she explores the dark secrets that sometimes lurk just below the surface of ordinary lives writing about men and women and their courage to prevail even in the face of evil **Matters of the Heart**

designed pump that beats ceaselessly through the entire life time of an individual As the heart develops in the fetus structural aberrations may result in birth defects of the heart from a simple hole to a very complex malformation Similarly the delicate heart valves may get damaged in later life Rheumatic heart disease is one such disease affecting largely the poor Coronary artery disease on the other hand afflicts those with increasing affluence and stress of modern life accompanied by indulgence in food smoking and alcohol Heart surgery started in early twentieth century and progressed by leaps and bounds once the heart lung machine became available facilitating open heart operations on a large scale The practice of medicine is for basic good of mankind no matter where and how it is rendered The men and women working in the field of cardiac medicine and surgery have brought the latest skills to the suffering patients everywhere In the process we unconsciously wear a mask of technical competence and efficiency and get far removed from the social and emotional milieu of the patients This book is an attempt to remove this mask and look beyond bringing a unique Indian perspective **Matters of the**
