Sissinghurst: An Unfinished History Adam Nicolson,2015-07-14 A charming portrait of an ancient and beautiful house in Kent and a poignant and amusing portrait of the English class system Simon Winchester From lavish palace for

Elizabethan nobles to dreary jailhouse for eighteenth century prisoners of war from well manicured country house for a string of landed families to weed choked ruin Sissinghurst in Kent has become one of the most illustrious estates in England and its future may prove to be just as intriguing as its past In the 1930s English poet Vita Sackville West and her husband Harold Nicolson acquired land that had once been owned by Vita's ancestors Together they created elaborate gardens filled with roses apple trees vivid flowers and scenic paths lined with hedges and pink brick walls Vita a gardening correspondent for the Observer and a close friend of Virginia Woolf opened Sissinghurst to the public But the thriving working farm began to change after her death Her son Nigel instituted sweeping changes including transferring ownership of the estate to Britain's National Trust in 1967 to avoid extensive taxation For author Adam Nicolson the grandson of Harold and Vita Sissinghurst was always more than a tourist attraction it was his home As a boy Nicolson hiked the same trails that Roman conquerors walked centuries before With wistful imagination fascination with natural beauty and connection to the land Nicolson has returned home to restore Sissinghurst's glory His journey to recreate a sustainable and functioning farm despite resistance from the National Trust makes for a compelling memoir of family history and the powerful relationship between people and nature
