The City in Literature Richard Lehan,2023-09-01 This sweeping literary encounter with the Western idea of the city moves from the early novel in England to the apocalyptic cityscapes of Thomas Pynchon Along the way Richard Lehan gathers a rich entourage that includes Daniel Defoe Charles Dickens Emile Zola Bram Stoker Rider Haggard Joseph Conrad James Joyce Theodore Dreiser F Scott Fitzgerald and Raymond Chandler The European city is read against the decline of feudalism and the rise of empire and totalitarianism the American city against the phenomenon of the wilderness the frontier and the rise of the megalopolis and the decentered discontinuous city that followed Throughout this book Lehan pursues a dialectic of order and disorder of cities seeking to impose their presence on the surrounding chaos Rooted in Enlightenment yearnings for reason his journey goes from east to west from Europe to America In the United States the movement is also westward and terminates in Los Angeles a kind of land s end of the imagination in Lehan s words He charts a narrative continuum full of constructs that represent a cycle of hope and despair of historical optimism and pessimism Lehan presents sharply etched portrayals of the correlation between rationalism and capitalism of the rise of the city the decline of the landed estate and the formation of the gothic and of the emergence of the city and the appearance of other genres such as

detective narrative and fantasy literature He also mines disciplines such as urban studies architecture economics and philosophy uncovering material that makes his study a lively read not only for those interested in literature but for anyone intrigued by the meanings and mysteries of urban life This sweeping literary encounter with the Western idea of the city moves from the early novel in England to the apocalyptic cityscapes of Thomas Pynchon Along the way Richard Lehan gathers a rich entourage that includes Daniel Defoe Charles Dickens Em *The Secret City* Carol Emshwiller,2007-04 The Secret City is a proud enclave carved in stone Hidden high in a mountain range it is a worn citadel protecting a lost culture It harbors a handful of aliens stranded on Earth waiting for rescue and running out of time Over years of increasing poverty an exodus to the human world has become their only chance for survival The aliens are gradually assimilating not as a discrete culture but as a source of cheap labor But the sudden arrival of ill prepared rescuers will touch off divided loyalties violent displacement and star crossed love As unlikely human allies are pitted against xenophobic aliens the stage is set for a final standoff at the Secret City *Tales of the Secret City* Manal Elkady,2016-01-07 The novel is speaking about the archeologist Fhd who spent his childhood at the oasis and was taught archeology by Aschraf Azaam He met Habeba an American lady with Egyptian roots who possessed a map left to her by her grandfather He discovered symbols which denoted that AbdelRahman the grandpa of Habeba wrote messages for his offspring on the walls of the oasis caves But that wasnt all What Fhd didnt state to Habeba is that the map denoted also the presence of a secret city near the oasis Through the sequence of events he was able to reach that city where he met people coming from different cultures who narrated for him their tales revealing the unity between mankind yet Fhd started to search for an exit as he felt that the city was beyond him Everyone was narrating his story but he couldnt do the same He wanted to keep his pains and secrets within his heart so would he find an exit The answer is inside *Treasure Hunters: Secret of the Forbidden City* James Patterson,Chris Grabenstein,2015-09-14 The Kidds treasure hunting family extraordinaire are heading to China on a journey that will lead them beyond the Great Wall and into the underbelly of Berlin Bick and Beck Kidd are desperately trying to secure the ancient Chinese artifact that will buy their mother s freedom from renegade pirates But when the kidnappers force them to locate an even greater treasure priceless paintings stolen by Nazis the Kidds must rely on their own cunning and experience to outwit the criminals all while their mom s life is on the line [The Victorian Novel On File](#) Priyanka Anne Jacob,2024-09-16 The Victorian Novel On File argues that the nineteenth century information explosion shapes the novel form In a world teeming with data the novel is a storage medium cluttered with detail and accumulating more than it can use The fictional things that have been read as insignificant should be seen instead as vessels of information embedding the text with potential This study weaves together a formal account of the novel with media and information studies as well as new materialist approaches to objects Information took material form in the nineteenth century in Victorian literature data can be located in bric a brac folded up papers semi precious stones and rubbish heaps Yet this information may never be transmitted as knowledge

Instead the novel offers indefinite storage gesturing toward the future while holding action and accountability in abeyance  
Fallen by the wayside of plot are documents left on file containers left unopened stock left on the shelf and secrets left untold  
enacting this study argues the Victorian novel's aesthetics of deferral In readings of works by Charles Dickens George Eliot  
Mary Elizabeth Braddon Wilkie Collins and Rudyard Kipling this study illustrates the formal effects of cultural questions  
about value and meaning longevity and history abundance and overwhelm and keeping and discarding It closes by showing  
how these same questions animate the twenty first century's information culture as well     **The Secret City** C.J.
