

SECTS, 'CULTS' & ALTERNATIVE RELIGIONS

A PIONEER'S GUIDE AND SURVEY

DAVID V. BARRETT

Sects Cults And Alternative Religions

**Eugene V. Gallagher, W. Michael
Ashcraft**

Sects Cults And Alternative Religions:

Sects, Cults, and Alternative Religions David V. Barrett, 1996 The book reveals the beliefs and practices of many modern sects and cults It explains where they came from *Sects Cults and Alternative Religions* Barrett, Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more misunderstanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more The New Believers David V. Barrett, 2001 This is a much expanded revised and

totally updated edition of David Barrett's excellent guide and source book of the world's off beat and alternative religions organisations sects cults and movements

Alternative American Religions Stephen J. Stein, 2003-04-24 Alternative religious groups have had a profound influence on American history they have challenged the old and opened up new ways of thinking about healing modes of meaning religious texts and liturgies the social and political order and the relationships between religion and race class gender and region Virtually always the dramatic dynamic history of alternative religions runs parallel to that of dissent in America *Communities of Dissent* is an evenhanded and marvelously lively history of New Religious Movements in America Stephen J Stein describes the evolution and structure of alternative religious movements from both sides the critics and the religious dissenters themselves Providing a fascinating look at a wide range of New Religious Movements he investigates obscure groups such as the 19th century Vermont Pilgrims who wore bearskins and refused to bathe or cut their hair alongside better known alternative believers including colonial America's largest outsider faith the Quakers 17th and 18th century Mennonites Amish and Shakers and the Christian Scientists Jehovah's Witnesses Black Muslims and Scientologists of today Accessible and comprehensive *Communities of Dissent* also covers the milestones in the history of alternative American religions from the infamous Salem witch trials and mass suicide murder at Jonestown to the positive ways in which alternative religions have affected racial relations the empowerment of women and American culture in general

Alternative Religions Stephen J. Hunt, 2017-09-28 Title first published in 2003 Alternative religions attract great public academic and government interest in our apparently post Christian society Yet how did all the alternatives develop what are their beliefs and practices and how significant is their impact in terms of the world's religions and society This book presents a comprehensive introduction to the major forms of alternative religions Cults Sects New Religious Movements the New Age Fundamentalism Pentecostalism Ethnic Religions and Quasi religions Stephen Hunt presents sociological insights into the rise of alternative religions their beliefs and practices their impact who joins them and how they are being classified and could be re classified in the future Public and legal controversies surrounding some alternative religions such as the so called dangerous cults are also explored This book offers students insights into contemporary themes such as secularisation post modernity links between religion healing and and changes in our global culture

Unsafe Sects Roger E. Olson, 2023-08-29 For some decades American and other culture has been obsessed with cults But what does cult mean How should a religious group be identified as a cult Who joins cults and why These and other questions are answered in this book It provides a basic introduction to cults unsafe sects especially from an orthodox Christian perspective Here readers will also find accounts of the author's personal experiences of cults

[Alternative Religions](#) Stephen Hunt, 2003 Outside the remit of traditional Christianity alternative religion is seen as controversial by many and equated with so called cults Stephen Hunt's study explains what these religions are and who believes what and practises what in their numerous manifestations

'Cult Wars' in Historical Perspective Eugene V. Gallagher, 2016-07-01

Cult Wars in Historical Perspective provides a broad characterization of the shifting religious contours over the past several decades. Offering an assessment of several important topics in the study of new religions, this book explores developments in well-known groups such as the Unification movement, The Family International, Children of God, the International Society for Krishna Consciousness (ISKCON), and the Church of Scientology. Bringing together both insiders and outsiders from various academic disciplines and personal perspectives, this book takes account of the ways in which the cult question is defined and addressed in different countries. It offers a vivid depiction of how the cult wars or cult controversies of the late twentieth and early twenty-first centuries first took shape, the transformation of deeply entrenched positions on cults and sects as at least some members of new groups, cult watchers, and academics entered into serious and sustained conversations about topics of mutual concern, the shifting foci and concerns of the general public, law enforcement, and the courts, and academics in various countries, and the complex histories of individual groups in which many dramatic transformations have occurred despite their comparatively short life spans.

Introduction to New and Alternative Religions in America: Jewish and Christian traditions Eugene V. Gallagher, W. Michael Ashcraft, 2006. Annotation: Most new or alternative religions are gravely misunderstood by members of the religious mainstream. Labeled cults or sects, groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large. Despite their efforts at educating the general public, the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens. Consequently, they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so-called mainstream. This set rectifies the situation by presenting accurate, comprehensive, authoritative, and accessible accounts of various new and alternative religious movements that have been and are active in American society, and it addresses ways of understanding new and alternative religions within a broader context. Determining what actually constitutes a new or alternative religion is a subject of constant debate. Questions arise as to a new faith's legitimacy, beliefs, methods of conversion, and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream, which often labels such new movements as cults, is fraught with difficulty, tension, and fear. Here, experts delineate the boundaries and examine the various groups, beliefs, movements, and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today. Volume 1: History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved. Volume 2: Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers, the People's Temple, the Branch Davidians, Jehovah's Witnesses, and others are examined. Volume 3: Metaphysical, New Age, and Neopagan Movements looks at Shamanism, Spiritualism, Wicca, and Paganism among other

movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more

Alternative Religions Among European Youth Luigi Tomasi, 2018-08-17

Frist published in 1999 this book provides an overview of various non conventional notions of what is sacred currently held among European young people It analyses the growing estrangement between traditional religious doctrines and current beliefs among young people in the following countries France Austria Holland England Germany Poland Russia and Iceland Using first hand statistical support and a well established theoretical approach the book examines new religious movements and sects analysing and interpreting the reasons for their growth and spread among young people The distinctive features of the book are its investigation of diverse religious phenomena and its verification of whether this spread of alternative religiosity is due to the reluctance of a growing section of the European population to accept traditional religious beliefs The result of eight separate empirical surveys the book is original in its content and innovative in its theoretical approach Overall it provides a detailed and documented analysis of the increasing number of young Europeans now attracted by alternative religions

Encyclopedia of New Religious Movements Peter Clarke, 2004-03-01

New Religious Movements NRMs can involve vast numbers of followers and in many cases are radically changing the way people understand and practice religion and spirituality Moreover many are having a profound impact on the form and content of mainstream religion The Encyclopedia of New Religious Movements provides uniquely global coverage of the phenomenon with entries on over three hundred movement from almost every country in the world Coverage includes movements that derive from the major religions of the world and to neo traditional movements movements often overlooked in the study of NRMs In addition to the coverage of particular movements there are also entries on topics themes key thinkers and key ideas for example the New Age Movement Neo Paganism New Religion and gender NRMs and cyberspace NRMs and the law the Anti Cult Movement Swedenborg Jung Teilhard de Chardin Lovelock Gurdjieff al Banna Qutb The marked global approach and comprehensiveness of the encyclopedia enable an appreciation of the innovative energy of NRMs of their extraordinary diversity and the often surprising ways in which they can propagate geographically The most ambitious publication of its sort the Encyclopedia of New Religious Movements is a major addition to the reference literature for students and researchers of the field in religious studies and the social sciences Entries are cross referenced with short bibliographies for further reading

There is a full index *Comic Drunks, Crazy Cults, and Lovable Monsters* David Scott Diffrient, 2022-12-01 Contradictory to its core the sitcom an ostensibly conservative tranquilizing genre has a long track record in the United States of tackling controversial subjects with a fearlessness not often found in other types of programming But the sitcom also conceals as much as it reveals masking the rationale for socially deviant or deleterious behavior behind figures of ridicule whose motives are rarely disclosed fully over the course of a thirty minute episode Examining a broad range of network and cable TV shows across the history of the medium from classic working class comedies such as *The Honeymooners* *All in the Family* and *Roseanne* to several contemporary cult series animated programs and online hits that have yet to attract much scholarly attention this book explores the ways in which social imaginaries related to bad behavior have been humorously exploited over the years The repeated appearance of socially wayward figures on the small screen from raging alcoholics to brainwashed cult members to actual monsters who are merely exaggerated versions of our own inner demons has the dual effect of reducing complex individuals to recognizable types while neutralizing the presumed threats that they pose Such representations not only provide strangely comforting reminders that badness is a cultural construct but also prompt audiences to reflect on their own unspoken proclivities for antisocial behavior if only in passing **Encyclopedia of Trauma** Charles R. Figley, 2012-06-19 Trauma is defined as a sudden potentially deadly experience often leaving lasting troubling memories Traumatology the study of trauma its effects and methods to modify effects is exploding in terms of published works and expanding in terms of scope Originally a narrow specialty within emergency medicine the field now extends to trauma psychology military psychiatry and behavioral health post traumatic stress and stress disorders trauma social work disaster mental health and most recently the subfield of history and trauma with sociohistorical examination of long term effects and meanings of major traumas experienced by whole communities and nations both natural Pompeii Hurricane Katrina and man made the Holocaust 9 11 One reason for this expansion involves important scientific breakthroughs in detecting the neurobiology of trauma that is connecting biology with human behavior which in turn is applicable to all fields involving human thought and response including but not limited to psychiatry medicine and the health sciences the social and behavioral sciences the humanities and law Researchers within these fields and more can contribute to a universal understanding of immediate and long term consequences both good and bad of trauma both for individuals and for broader communities and institutions Trauma encyclopedias published to date all center around psychological trauma and its emotional effects on the individual as a disabling or mental disorder requiring mental health services This element is vital and has benefited from scientific and professional breakthroughs in theory research and applications Our encyclopedia certainly will cover this central element but our expanded conceptualization will include the other disciplines and will move beyond the individual [A Brief Guide to Secret Religions](#) David V. Barrett, 2011-05-26 This wide ranging book explores the diversity of esoteric and occult beliefs Neo Paganism is one of the fastest growing new religions in the western world where

witchcraft or Wicca Druidry and Urban Shamanism are thriving Alongside this there has been an upsurge in New Age ideas of an even wider variety including astrology Tarot numerology and many others And then there are members of various schools of occult science practising High Magic Why this new interest in old beliefs Why are millions of educated people today abandoning both the established religion of their parents and 21st century scientific rationalism and turning to magic and esoteric teachings In their search for spirituality those who follow these paths claim to be applying ancient wisdom to the modern world The Brief History of Secret Religions a companion book to The Brief History of Secret Societies looks at the history and variety of these esoteric movements where they came from and what they tell us about the world today Praise for The New Believers an excellent guide to fringe religions that juxtaposes respectable movements and those conventionally dismissed as cults The Telegraph no nonsense comprehensive survey packed with non judgmental information about the beliefs aims and activities of such movements Daily Mail

New Religious Movements in Modern Asian History David W. Kim, 2020-09-30 This book provides evidence that the emergence of Asian new religious movements NRMs was predominantly the result of anti colonial ideology from local religious groups or individuals The contributors argue that when traditional religions were powerless to maintain their cultural heritage the leadership of NRMs adduced alternative principles and the new teachings of each NRM attracted the local people enough for them to change their beliefs The contributors argue that as a whole the Asian new religious movements overall were very ardent and progressive in transmitting their new ideologies The varied viewpoints in this volume attest to the consistent development of Asian NRMs from domestic and international dimensions by replacing old traditional religions

Understanding New Religious Movements John A Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals Understanding New Religious Movements offers the most objective introduction possible

Beyond Religion and the Secular Wayne Hudson, 2022-11-17 Deploying a distinctive disaggregative approach to the study of religion this volume shows that spiritual movements with extensive counterfactual beliefs have been much more creative than one might expect Specifically Wayne Hudson explores the creativity of six spiritual movements the Bah s a Persian movement Soka Gakkai a Japanese movement Ananda Marga and the Brahma Kumaris two reformed Hindu movements and two controversial

American churches The Church Universal and Triumphant and the Church of Jesus Christ of Latter day Saints Most of these movements have counterintuitive features that have led Western scholars making Enlightenment assumptions to dismiss them as irrational and or inconsequential However this book reveals that these movements have responded to modernity in ways that are creative and practical resulting in a wide range of social educational and cultural initiatives Building on research surrounding the ways in which spiritual movements engage in cultural productions this book takes the international research in a new direction by exploring the utopian intentionality such cultural productions reveal *Perfect Children* Amanda Van Eck Duymaer Van Twist,2015 van Eck Duymaer van Twist examines ways in which new religious movements adapt to a second generation how children are socialized what happens to these children as they mature and how their childhoods have affected them **Sociology of Religion** Kevin J. Christiano,William H. Swatos, Jr.,Peter Kivisto,2008-05-29 By way of introduction Studying religion The religion of secularization and the history of religions Religion in the United States denominationalism and beyond Social class religion and power a classic field of inquiry Religion and ethnicity a complex relationship Gender sexuality and religion spirituality in different voices Religious change the case of Catholicism in the United States The globalization dynamic historic animosities or postmodern politics Mediating meaning religion in and as contemporary culture Boundary issues church state and new religions

Whispering the Secrets of Language: An Mental Quest through **Sects Cults And Alternative Religions**

In a digitally-driven world where screens reign supreme and immediate transmission drowns out the subtleties of language, the profound techniques and mental nuances concealed within words usually go unheard. Yet, situated within the pages of **Sects Cults And Alternative Religions** a captivating fictional prize pulsating with natural thoughts, lies an exceptional journey waiting to be undertaken. Written by an experienced wordsmith, this wonderful opus attracts visitors on an introspective trip, gently unraveling the veiled truths and profound affect resonating within the very material of every word. Within the psychological depths of this emotional review, we shall embark upon a sincere exploration of the book is key subjects, dissect its captivating publishing type, and fail to the effective resonance it evokes deep within the recesses of readers hearts.

Sects Cults And Alternative Religions Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sects Cults And Alternative Religions has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sects Cults And Alternative Religions has opened up a world of possibilities. Downloading Sects Cults And Alternative Religions provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sects Cults And Alternative Religions has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sects Cults And Alternative Religions. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sects Cults And Alternative Religions. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sects Cults And Alternative Religions, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in

unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sects Cults And Alternative Religions has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Sects Cults And Alternative Religions Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sects Cults And Alternative Religions is one of the best book in our library for free trial. We provide copy of Sects Cults And Alternative Religions in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Sects Cults And Alternative Religions. Where to download Sects Cults And Alternative Religions online for free? Are you looking for Sects Cults And Alternative Religions PDF? This is definitely going to save you time and cash in something you should think about.
