importance representing a continuum of international competition for political gains and economic benefit due to the country's unique geographical location that has always been a cause of contention. Iran's massive borders and evolving political weakness along with influences from the kings of Qajar that maintained and strengthened Great Britain's hegemony in the region were major factors affecting ongoing regional conflicts. Additional roles played by other world powers such as France, Russia, and the United States are also noted. Conflicts, unrest, and regional wars were all consequences arising from power struggles that led to treaties and international agreements between Iran, Britain, and Russia that caused the eventual loss of traditional Iranian territories. Hence, extrinsic impositions on Iran are the subject of this study as authors examine the turbulent climate that altered Iranian borders during the Qajar Dynasty.

Territoriality of Radical Islamist Groups Bohumil Doboš, Martin Riegl, Jakub Landovský, 2021-05-04 This book examines the issue of territorial control by violent jihadist groups using a comparative perspective. The book argues that in many parts of the world the connection between a state and the control over territory is not as close as presented by conventional political maps and therefore it is necessary to analyse the territoriality of non-state actors as well. Based on a variety of case studies, the work looks at different levels of connection between the violent Islamist groups and territory, dividing them into non-territorial, semi-territorial, and territorial groups. While the majority of the cases are located in the Middle East, Islamic State, Al-Qaeda, Al-Qaeda at the Arabian Peninsula, Hayat Tahrir al-Sham, Hamas, and Hezbollah, the book also draws cases from Africa (groups in the western Sahel, Al-Shabaab, and Boko Haram), South Asia (Taliban), and East Asia (Abu Sayyaf). By providing in-depth understanding of their respective approaches to territory, the book identifies the specifics of each group's territoriality while also drawing more general conclusions. This book will be of much interest to students of terrorism and political violence, radical Islam, Middle Eastern studies, and International Relations in general.

Defending Iran Gawdat Bahgat, Anoushiravan Ehteshami, 2021-09-23 An authoritative analysis of Iran's defense doctrine and security policies set within the context of security and political relations in the Middle East.

Conflicts in the Middle East since 1945 Peter Hinchcliffe, Beverley Milton-Edwards, 2007-09-12 This third edition of *Conflicts in the Middle East since 1945* analyzes the nature of conflict in the Middle East with its racial, ethnic, political, cultural, religious, and economic factors. Throughout the book, Peter Hinchcliffe and Beverley Milton-Edwards put the main conflicts into their wider context with thematic debates on issues such as the emergence of radical Islam, the resolution of conflicts, diplomacy and peace-making, and the role of the superpowers. The book is brought fully up to date with events in the Middle East, covering for instance developments in Iraq in 2006 where a democratically elected government is in place but the insurgency shows no sign of coming under control. The analysis of the Palestinian-Israeli conflict is also brought up to the present day to include the election of the Hamas government and the 2006 conflict between Israel and Lebanon's Hizballah. Including a newly updated bibliography and maps of the area, this is the perfect introduction for all students wishing to understand the complex situation in the Middle East in its historical context.
