**Robert R. Redfield**

## See Britain By Train:

*Shadow Sites* Kitty Hauser, 2007-03-29 At certain times of the day at sunrise and sunset the outlines of prehistoric fields barrows and hill forts in the British landscape may be thrown into relief Such shadow sites best seen from above and captured by an airborne camera are both examples of and metaphors for a particular way of seeing the landscape At a time of rapid modernisation and urbanisation in mid twentieth century Britain an archaeological vision of the British landscape reassured and enchanted a number of writers artists photographers and film makers From John Piper Eric Ravilious and Shell guide books to photographs of bomb damage aerial archaeology and *The Wizard of Oz* Kitty Hauser delves into evocative interpretations of the landscape and looks at the affinities between photography as a medium to capture traces of the past as well as their absence

**Spirit of Northern Rails** David Goodyear, 2024-04-30 This book endeavours to capture the very essence of the railways in the northern UK exploring in photographs their imprint upon the landscape Railways are illustrated as they traverse the bleak fells pass by traditional cotton mills and industrial heritage stride over iconic viaducts crossing vast windswept valleys and coastal estuaries and as they share the grandeur of iconic cathedrals of both religious and railway station designs while not forgetting the intricate network of canals intertwining with the rails that eventually carried the very traffic that kept these waterways in use Here is a personal selection which I trust helps explore all that characterises and reveals the moods and atmosphere which conjure the heart and Spirit of railways traversing our northern climes Locomotives train designs and liveries past and present will help recall the rails of the 1980 s and 90 s and offer an interesting contrast to the more modern images of the present millennium With a mix of traction and train fleets both in use on passenger and freight consists this selection of images reveals their participation in capturing the heart of railways in the north Readers are invited to share this fascinating adventure and indeed the inherent Northern Spirit which permeates throughout such a journey

[A New History of British Documentary](#) J. Chapman, 2015-03-11 *A New History of British Documentary* is the first comprehensive overview of documentary production in Britain from early film to the present day It covers both the film and television industries and demonstrates how documentary practice has adapted to changing institutional and ideological contexts

*See Britain by Train* Paul Atterbury, Automobile Association (Great Britain), 1989-01-01 *Poetics of the Poster* David H. T. Scott, 2010-01-01 This book sets out to explore the way with the onset of a new and integral relationship between text and image the modern poster is able to evolve distinctive persuasive strategies that will transform modern advertising The book shows how this fundamental development is closely related to contemporary developments in the visual arts in particular Futurism and Art Deco and reflects the increasing cross fertilisation and symbiosis between art and graphic design The book focuses in particular on the way conventional textual strategies metaphor metonymy rebus are adapted by the modern poster to produce visual or textual visual equivalents which through their employment of combined pictorial and linguistic elements maximise their attractive or persuasive power over

the viewer reader A key aim of the book is to clarify the assumptions on which semiology the study of signs is based in the context of modern poster artists practice The text image relation is explored through five chapters focussing on 1 the rhetoric of image text in general 2 text and image in airline logos British Airways and Air France 3 visual metonymies in boxing posters 4 text and image in posters expressing speed 5 text image in Swiss tourist posters There are approximately 120 colour illustrations arranged in groups that reflect the different orientations of the chapters

#### **Notes on Military**

**Interest for 1901** United States. Military Information Division. War Department,1902

#### **The Summer Isles** Ian R.

MacLeod,2018-08-15 Winner of the World Fantasy Award and the Sidewise Award for Alternate History What would have happened if Britain and its allies had lost the Great War From this premise and through the compelling story of an outsider forever struggling to make sense of or even change the world The Summer Isles takes a journey into the darker side of British nationalism Geoffrey Brook seemingly a successful and respected history don at a venerable Oxford college feels his whole life is a fraud Not only did he not go to the right schools or attend university but he cannot even understand Latin That and in a country where intolerance and bigotry has become a national rallying cry there s the issue of his supposedly deviant sexuality Which if it was discovered would probably see him sent to a labour camp or worse still to the Summer Isles It all goes back to a boy he remembers from his youth who has now become the country s charismatic leader But what can he do now in a country that seems to be on the brink of cataclysm Praise for The Summer Isles The Summer Isles is one of the most powerful compelling and compassionate novels ever written in any genre Gardner Dozois The Summer Isles combines the profound melancholy of Orwell with the precise observance of Graham Green Lucius Shepard A poetic and fascinating alternate history that tells us much about how human beings think and act At times The Summer Isles reads like a political thriller but in the end it is a story about the human heart told by a master of the form Pat LoBrutto Projecting Nazi Germany onto the England of the 30s is a most effective counterfactual device and in the opposition of the narrator historian Geoffrey Brook and Britain s Fuehrer John Arthur MacLeod sums up very neatly the division in the British psyche of the time between Churchillian grit and abject appeasement Locus *British Rail* Tanya Jackson,Chris Green,2013-10-01 British Rail is a contentious company as controversial as Dr Beeching and his axe However this examination of BR s passenger services shows just how vital the organisation was It successfully carried millions of commuters to and from their jobs every day organised its trunk route services to yield a profit under the brand name Inter City and pioneered world beating research and technological development through its own research centre and engineering subsidiary It transformed the railway system of Britain from a post Second World War state of collapse into a modern technologically advanced railway And it did all this despite being starved of cash and being subjected to the whims of ever fickle politicians British Rail The Nation s Railway is a story expertly weaved by Tanya Jackson of how all this was achieved against the odds Complemented by stunning black and white and colour images this is certainly a volume that no rail enthusiast should be without

#### **It's a World Thing** Bob

Digby,2001 Topics needed for GSCE Geography Edexcel specification B      **See Britain by Train** Paul Atterbury,1989

Staging the Blues Paige A. McGinley,2014-09-10 Singing was just one element of blues performance in the early twentieth century Ma Rainey Bessie Smith and other classic blues singers also tapped joked and flaunted extravagant costumes on tent show and black vaudeville stages The press even described these women as actresses long before they achieved worldwide fame for their musical recordings In Staging the Blues Paige A McGinley shows that even though folklorists record producers and festival promoters set the theatricality of early blues aside in favor of notions of authenticity it remained creatively vibrant throughout the twentieth century Highlighting performances by Rainey Smith Lead Belly Sister Rosetta Tharpe Sonny Terry and Brownie McGhee in small Mississippi towns Harlem theaters and the industrial British North this pioneering study foregrounds virtuoso blues artists who used the conventions of the theater including dance comedy and costume to stage black mobility to challenge narratives of racial authenticity and to fight for racial and economic justice

Railway Posters Lorna Frost,2012-07-20 Railway posters have huge appeal for the modern audience but just what explains this continuing interest Enduring images of iconic locomotives bathing beauties and characters such as Sunny South Sam are testament to the creativity of the railway company marketing departments and the posters tell us not only about railway history and technology architectural and engineering accomplishments but also about the cultural and social significance of the railways The influence of the railway industry on our cities and coastlines and on the development of leisure time and holiday resorts can be seen in the recurring images of ramblers bathers and idyllic tourist destinations This book explores the changing styles and functions of the railway poster from the early pre grouping days through to the inter war golden age and nationalised British Railways

The Train and the Telegraph Benjamin Sidney Michael Schwantes,2019-08-06 A challenge to the long held notion of close ties between the railroad and telegraph industries of the nineteenth century To many people in the nineteenth century the railroad and the telegraph were powerful transformative forces ones that seemed to work closely together to shape the economy society and politics of the United States However the perception both popular and scholarly of the intrinsic connections between these two institutions has largely obscured a far more complex and contested relationship one that created profound divisions between entrepreneurial telegraph promoters and warier railroad managers In The Train and the Telegraph Benjamin Sidney Michael Schwantes argues that uncertainty mutual suspicion and cautious experimentation more aptly describe how railroad officials and telegraph entrepreneurs hesitantly established a business and technical relationship The two industries Schwantes reveals were drawn together gradually through external factors such as war state and federal safety regulations and financial necessity rather than because of any perception that the two industries were naturally related or beneficial to each other Complicating the existing scholarship by demonstrating that the railroad and telegraph in the United States were uneasy partners at best and more often outright antagonists throughout the nineteenth and early twentieth centuries The Train and the Telegraph will appeal

to scholars of communication transportation and American business history and political economy as well as to enthusiasts of the nineteenth century American railroad industry

**OCR GCSE (9-1) History B (SHP) Foundation Edition: The Norman Conquest 1065-1087** Jamie Byrom, Michael Riley, 2020-03-30 Exam board OCR Specification B SHP Level GCSE 9 1 Subject History First teaching September 2016 First exams Summer 2018 An OCR endorsed textbook Help more students to access the content for OCR GCSE History B SHP with this Foundation Edition designed to work alongside the mainstream textbook for effective co teaching in the same class Covering The Making of America 1789 1900 this book br Follows the same structure and page numbers as the mainstream textbook so that students of all abilities can explore the same enquiriesbrbr Simplifies and reduces the text on each page using carefully controlled vocabulary and clear explanations of key termsbrbr Focuses on the key points that students need to understand and includes new content summaries at the end of each enquiry to reinforce learning

**Publication** ,1902 Media and Society into the 21st Century Lyn Gorman, David McLean, 2009-02-17 Media and Society into the 21st Century captures the breathtaking revolutionary sweep of mass media from the late 19th century to the present day Updated and expanded new edition including coverage of recent media developments and the continued impact of technological change Newly reworked chapters on media war international relations and new media A new Web 2 0 section explores the role of blogging social networking user generated content and search media in media landscape

*Advertising Design and Typography* Alex W. White, 2015-09-01 This comprehensive overview of advertising design strategies helps students and professionals understand how to create ads that cut through the clutter Design principles such as unity contrast hierarchy dominance scale abstraction and type image relationships are thoroughly discussed Chapters also cover Researching your client and your audience What makes an ad successful Getting the audience s attention in a crowded marketplace Researching your client and your audience The importance of consistent branding and identity The difference between print advertising billboards the web television and radio Advertising design versus editorial design Also included is an extensive section on typography with essential information on how type is perceived by readers typographic history principles and practice Complete with over fifteen hundred examples and illustrations of outstanding advertising design from around the world Advertising Design and Typography will change the way you develop visual ideas and train you to see in a more critical and accurate way that gets messages across more effectively Allworth Press an imprint of Skyhorse Publishing publishes a broad range of books on the visual and performing arts with emphasis on the business of art Our titles cover subjects such as graphic design theater branding fine art photography interior design writing acting film how to start careers business and legal forms business practices and more While we don t aspire to publish a New York Times bestseller or a national bestseller we are deeply committed to quality books that help creative professionals succeed and thrive We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers

*Britain by BritRail* George Wright

Ferguson, LaVerne Ferguson, 1989-12      Language, Politics, and Society Sue Wright, Linda Hantrais, Jolyon Howorth, 2000  
The thirteen essays in this volume are dedicated to Professor Dennis Ager on his retirement Their range is eloquent  
testimony to the catholicity and openness of Professor Ager's approach to what was originally called Area Studies They  
celebrate the diversity over which he presided as head of the French department and head of the faculty of Modern  
Languages at Aston University in the period 1971-1998      **Publications** United States. Adjutant-General's Office. Military  
Information Division, 1902
