**Making Agreements in Medieval Catalonia** Adam J. Kosto,2001-05-03 This study examines the role of written agreements in eleventh and twelfth century Catalonia and how they determined the social and political order By tracing the fate of these agreements or convenientiae from their first appearance to the late twelfth century it is possible to demonstrate the remarkable stability of the fluid structures which they engendered in what is generally thought of as feudal society The process of documentary change reveals the true nature and pace of the transformation of the year 1000 Analysis of the convenientia as an instrument of power and its interaction with oral practices contributes to a deeper understanding of the role of the written word in medieval societies Finally a broad historiographical context establishes the significance of this study of Catalonia for a more general appreciation of the medieval Mediterranean world Castles in Ireland T.E.
