**Halfway Up The Mountain** Mariana Caplan, 2014-03-04 Caplan TO TOUCH IS TO LIVE asserts that the reality of the present condition of contemporary spirituality in the West is one of grave distortion confusion fraud and a fundamental lack of education She claims that as positive as the tremendous rise in spirituality is there is not any context for determining whether any particular teaching or teacher is truly enlightening Caplan compiles interviews with such noted spiritual masters as Joan Halifax Llewellyn Vaughan Lee and Rabbi Zalman Schachter Shalomi on the nature of enlightenment In the first section Caplan examines the motivations people have for seeking enlightenment and contends that very often they seek this state as a means of gratifying the ego This presumption of enlightenment she says often afflicts teachers masquerading as spiritual leaders These teachers sometimes look down on their students and gloat over how far they have come and how far the students have to go A second section focuses on The Dangers of Mystical Experience in which Caplan claims that many seekers mistake the mystical experience itself for enlightenment she and the teachers she interviews all assert that enlightenment always involves gaining some knowledge about self and others The third section Corruption and Consequence focuses on the nature of power and corruption the fourth section Navigating the Mine Field Preventing Dangers on the Path provides a survey of the ways in which practitioners can avoid the pitfalls of false enlightenment A final section Disillusionment Humility and the Beginning of Spiritual Life concludes that the Real spiritual life is the life of total annihilation and the return to just what is Caplan s illuminating book calls into question the motives of the spiritual snake handlers of the modern age and urges seekers to pay the price of traveling the hard road to true enlightenment **Stand**
