**Raised Right** Jeffrey R. Dudas,2017-03-21 How has the modern conservative movement thrived in spite of the lack of harmony among its constituent members What and who holds together its large corporate interests small government libertarians social and racial traditionalists and evangelical Christians Raised Right pursues these questions through a cultural study of

three iconic conservative figures National Review editor William F Buckley Jr President Ronald Reagan and Supreme Court Justice Clarence Thomas Examining their papers writings and rhetoric Jeffrey R Dudas identifies what he terms a paternal rights discourse the arguments about fatherhood and rights that permeate their personal lives and political visions For each paternal discipline was crucial to producing autonomous citizens worthy and capable of self governance This paternalist logic is the cohesive agent for an entire conservative movement uniting its celebration of founding fathers past and present constitutional and biological Yet this discourse produces a paradox When do authoritative fathers transfer their rights to these well raised citizens This duality propels conservative politics forward with unruly results The mythology of these American fathers gives conservatives something and someone to believe in and therein lies its timeless appeal A Literary Cavalcade-VII Robert A. Parker,2017-04-19 Writer and editor Robert A Parker has followed up his six volume A Literary Cavalcade with a seventh volume This volume of criticism covers mainly the fiction he has read from 2013 to early 2017 His comments are informed by his Jesuit upbringing but also by an independent critical view that balances a moral and literary sensibility The writers here represent a broad range of writing styles cultural influences and moral philosophies And all are rated on their literary achievement the effectiveness of plot character and setting plus their recognition of the moral ethical and spiritual values of mankind Here is a unique critical perspective that measures the meaning of literature against the meaning of life **Major 20th-century Writers** Bryan Ryan,1991 VOL 1 A D VOL 2 E K VOL 3 L Q VOL 4 R Z INDEXES

Flying High William F. Buckley Jr.,2009-04-08 If any two people can be called indispensable in launching the conservative movement in American politics they are William F Buckley Jr and Barry Goldwater Buckley s National Review was at the center of conservative political analysis from the mid fifties onward But the policy intellectuals knew that to actually change the way the country was run they needed a presidential candidate and the man they turned to was Arizona Senator Barry Goldwater Goldwater was in many ways the perfect choice self reliant unpretentious unshakably honest and dashing handsome with a devoted following that grew throughout the fifties and early sixties He possessed deep integrity and a sense of decency that made him a natural spokesman for conservative ideals But his flaws were a product of his virtues He wouldn t bend his opinions to make himself more popular he insisted on using his own inexperienced advisors to run his presidential campaign and in the end he electrified a large portion of the electorate but lost the great majority Flying High is Buckley s partly fictional tribute to the man who was in many ways his alter ego in the conservative movement It is the story of two men who looked as if they were on the losing side of political events but were kept aloft by the conviction that in fact they were making history
